

X9

X9 Smart Wireless Video Doorbell User Manual

Model: X9

1. INTRODUCTION

Thank you for choosing the X9 Smart Wireless Video Doorbell. This device provides enhanced home security with its 1080P HD video, infrared night vision, and two-way intercom capabilities. This manual will guide you through the installation, operation, and maintenance of your new doorbell system.

2. PRODUCT OVERVIEW

2.1 Package Contents

- 1 x X9 Smart Doorbell Unit
- 1 x Indoor Chime Unit
- 1 x User Manual
- 1 x Charging Cable

2.2 Key Features

- **Motion Detection (PIR Sensor):** Configured with a pyroelectric infrared sensor, the camera pushes alert messages to your APP when motion is detected.
- **Night Vision:** Utilizes an ICR infrared filter for powerful night vision, providing clear visibility even in low light.
- **166° Ultra-Wide Angle Lens:** Captures a broad view of your doorstep, ensuring you see every detail.
- **Real-time Intercom:** Allows two-way audio communication with visitors via the APP, even when you are away from home.
- **1080P Full HD Video:** Provides clear and detailed video footage.
- **Dual Power Supply:** Supports lithium battery power for wireless installation and power adapter charging for continuous power.
- **Adjustable Chime:** The indoor chime offers 4 ringtones and 3 adjustable volume levels (up to 100dB), including a silent mode.
- **Low Battery Prompt:** Customizable low battery warning threshold in the APP.
- **Local and Cloud Storage:** Supports photo and video recording (no SD card required) with free 7-day cloud storage.
- **Voice Message Function:** Pre-store up to 3 voice messages (10 seconds each) for quick responses to

visitors.

- **Multi-user Function:** Cloudedge App supports multi-user group sharing, allowing family members to view surveillance video.
- **Voice Change Intercom:** Features a voice change function for privacy and security during intercom calls.

3. SETUP

3.1 Charging the Doorbell

Before initial use, ensure the doorbell unit is fully charged using the provided charging cable. The device supports lithium battery power, offering a long standby time of up to 365 days on a single charge, eliminating the need for frequent battery replacement.

Ultra long standby for 365 days Disassembly free cycle charging

Built in lithium-ion high-capacity battery, standby for 365 days,
completely bid farewell to the trouble of frequent battery
replacement

3.2 App Installation and Pairing

1. Download the **Clouledge App** from your smartphone's app store (iOS or Android).
2. Register for an account and log in.
3. Follow the in-app instructions to add your X9 Smart Doorbell. This typically involves powering on the doorbell and connecting it to your home Wi-Fi network.
4. Pair the indoor chime unit with the doorbell according to the app's instructions. The chime offers 4 ringtones and 3 adjustable volume levels.

38 music You can switch at will

It contains 38 pieces of music with adjustable volume

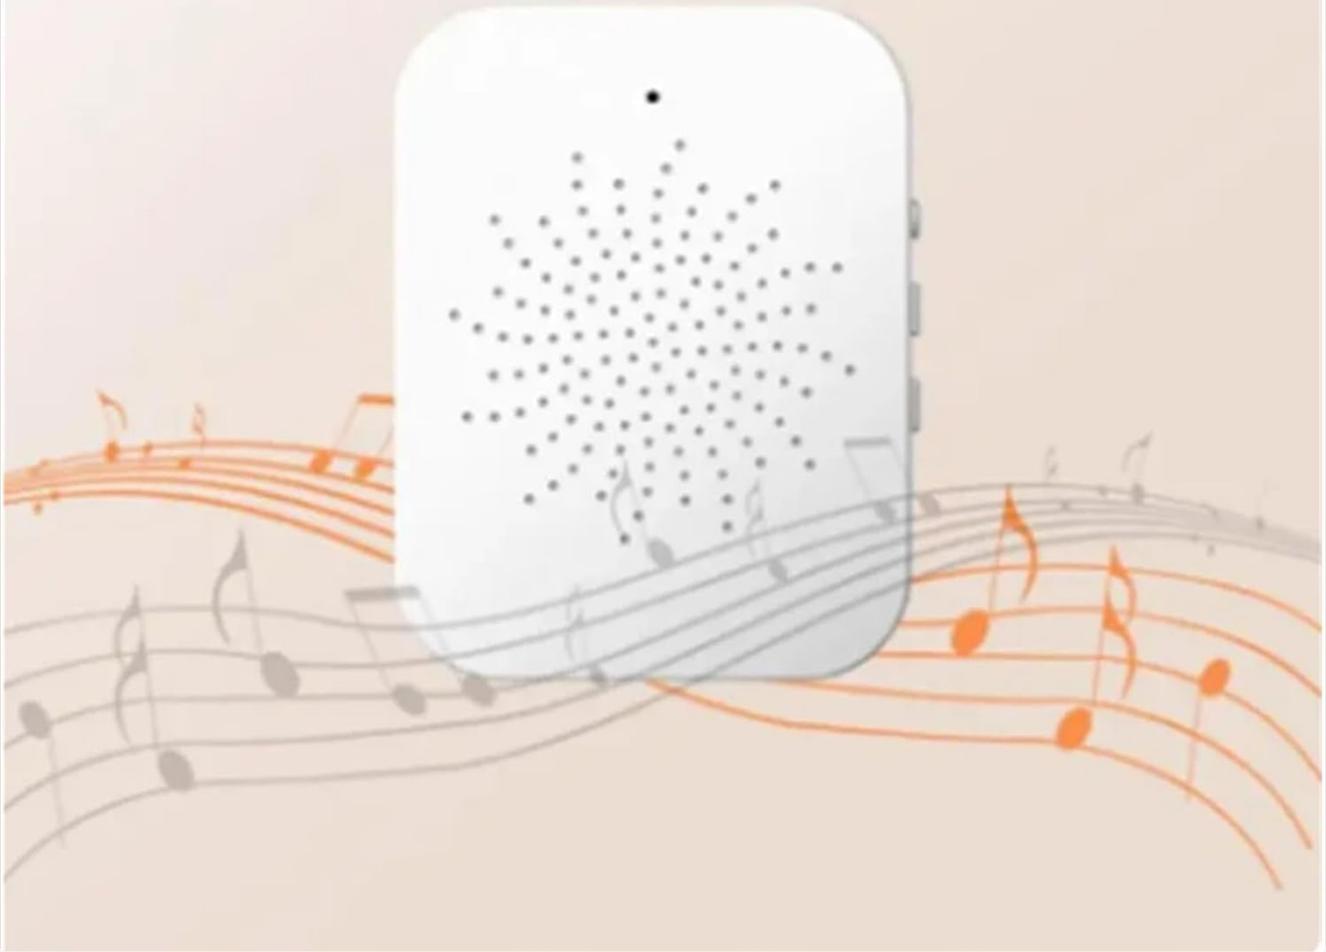

Image: An illustration of the indoor chime unit with musical notes, indicating that it offers 38 selectable melodies and adjustable volume.

3.3 Installation

The X9 Smart Doorbell is designed for simple, wireless installation. Choose a suitable location near your front door, ensuring good Wi-Fi signal strength. Mount the doorbell unit securely using the provided hardware. No complex wiring is required.

4. OPERATING INSTRUCTIONS

4.1 Answering Calls and Intercom

When a visitor presses the doorbell, you will receive a notification on your smartphone via the Cloudege App. You can then view the real-time video feed and engage in two-way audio communication. The app supports sharing with up to 10 family members simultaneously.

Video call

Easy handling of visitors

When someone presses the doorbell, the doorbell will push the notification to the mobile phone, and the owner can enter the mobile phone video dialogue interface, which supports sharing to up to 10 members at the same time

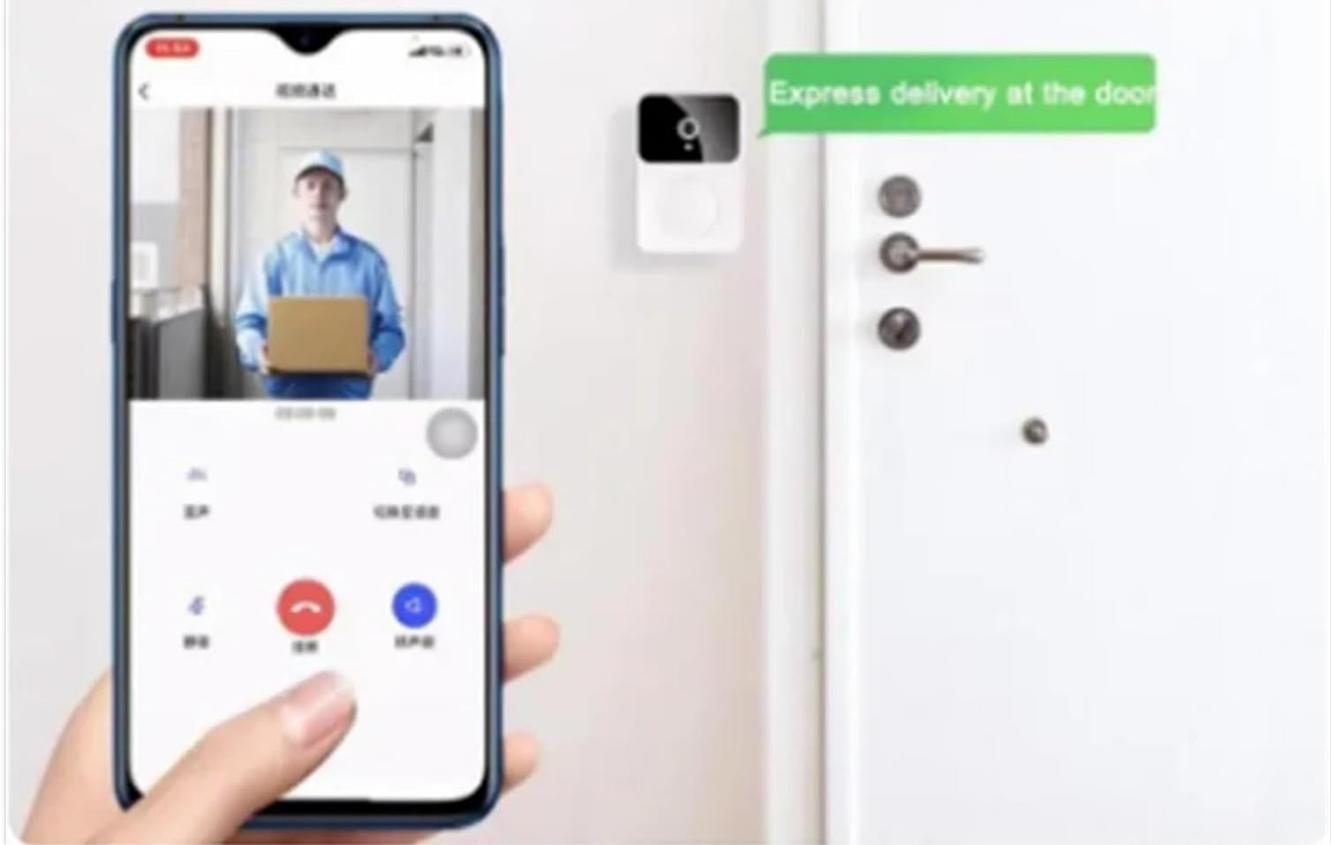

Image: A smartphone screen displaying a video call interface from the doorbell, showing a delivery person at the door. Text indicates easy handling of visitors and multi-user sharing.

4.2 Voice Change Intercom

For added security and privacy, especially when alone, utilize the voice change intercom function. This feature allows you to alter your voice during conversations with visitors. The doorbell supports original sound and an 'uncle' voice mode.

Changing voice intercom, girls are not afraid to live alone

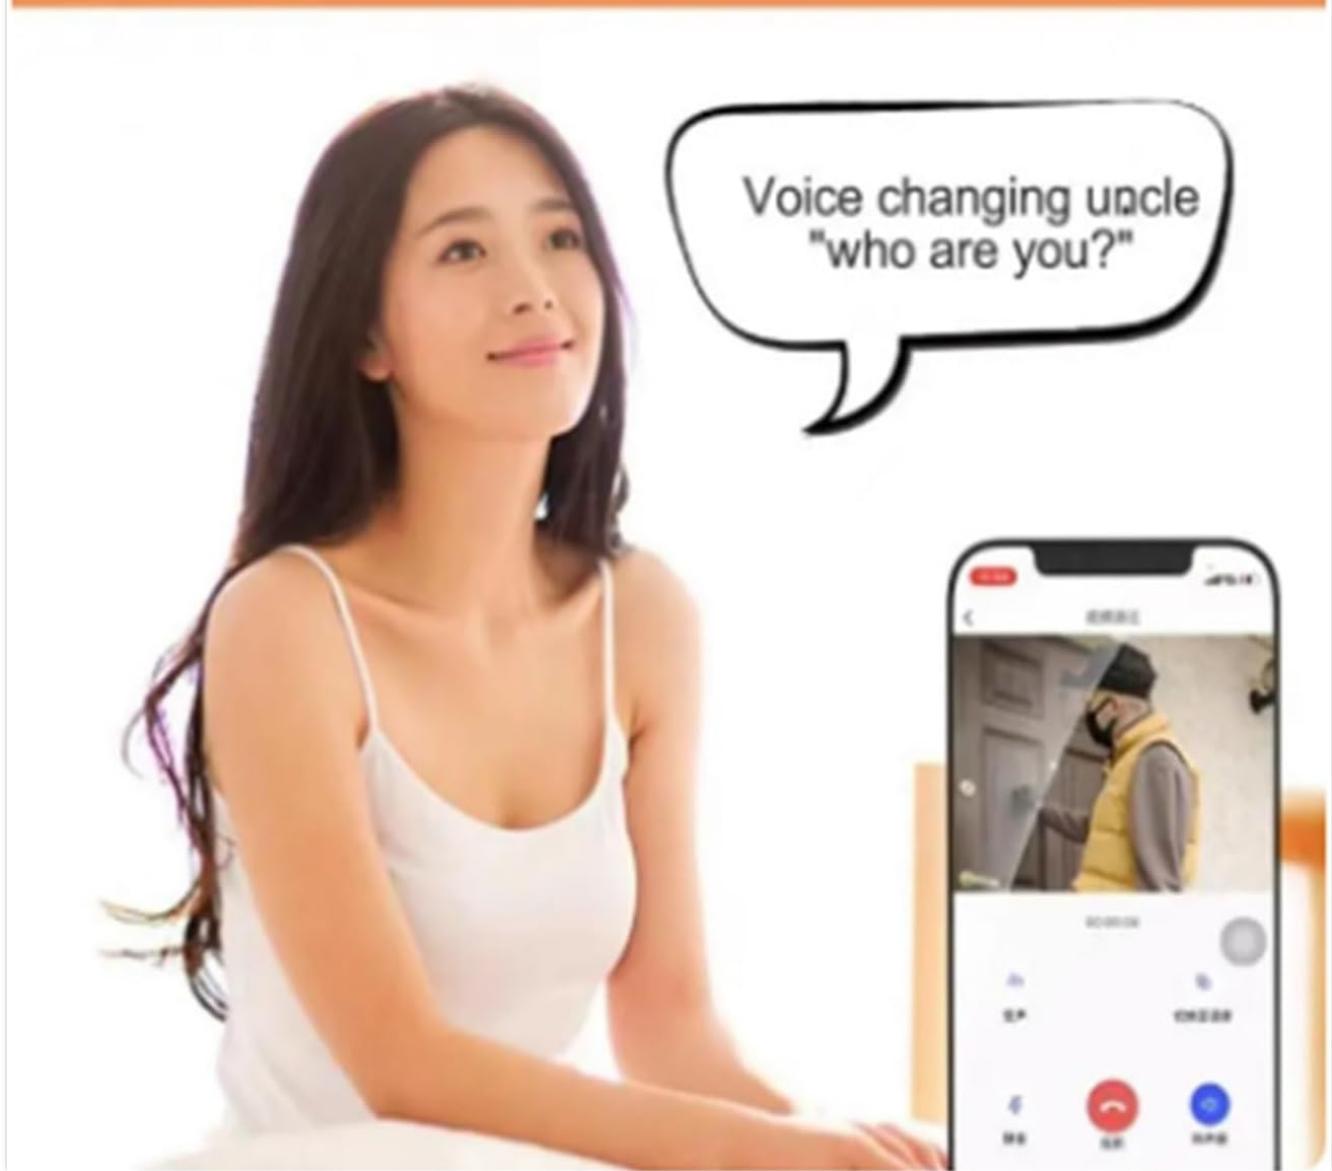

Image: A woman looking up, with a speech bubble saying "Voice changing uncle 'who are you?'" and a smartphone screen showing a video call with a male figure, illustrating the voice change intercom feature.

4.3 Pre-recorded Voice Messages

The doorbell allows you to pre-store up to 3 voice messages, each up to 10 seconds long. This enables quick responses to visitors when you are unable to answer directly.

4.4 Storage Management

The X9 Smart Doorbell supports both local and cloud storage for photos and videos. It provides a free 7-day cloud storage service. For extended storage, additional cloud plans may be purchased through the Cloudedge App.

5. MAINTENANCE

5.1 Battery Management

The Cloudedge App allows you to set a low battery warning threshold (10%-50%). When the power drops below your set threshold, the app will send you a reminder. Recharge the doorbell unit promptly using the provided charging cable to ensure continuous operation.

5.2 Cleaning

Wipe the doorbell and chime units with a soft, dry cloth. Do not use harsh chemicals or abrasive cleaners. Ensure the lens is clean for optimal video quality.

6. TROUBLESHOOTING

- **No Power:** Ensure the doorbell is charged. If using battery, check battery level in the app. If using adapter, check power connection.
- **No Wi-Fi Connection:** Verify your Wi-Fi network is active and the doorbell is within range. Re-pair the device if necessary.
- **Poor Video Quality:** Check if the camera lens is clean. Ensure adequate lighting, especially at night (night vision should activate automatically).
- **No Notifications:** Check app settings to ensure notifications are enabled. Verify your phone's notification settings for the Cloudedge App.
- **Intercom Issues:** Ensure your phone's microphone and speaker are enabled for the app. Check internet connection stability.
