## 2. Safety Information

---

Please observe the following safety precautions to prevent injury or damage to the product:

- **Read all instructions:** Ensure you understand all assembly and usage instructions before proceeding.
- **Adult assembly required:** This product should be assembled by adults. Keep children away during assembly.
- **Check all parts:** Before assembly, verify that all components listed in the package contents are present and undamaged.
- **Stable surface:** Place the storage box on a flat, stable, and level surface to prevent tipping.
- **Weight limits:** Do not exceed the maximum weight capacity of 25 kg on the lid and 40 kg inside the box. Overloading can cause structural damage or injury.
- **Avoid climbing:** Do not allow children or adults to climb on or stand inside the storage box.
- **Pinch points:** Be aware of pinch points when opening and closing the lid, especially with the gas pistons. Keep hands clear.
- **Ventilation:** Do not store living beings inside the box. Ensure adequate ventilation if storing items that require it.
- **Weather protection:** While weather-resistant, prolonged exposure to extreme weather conditions may affect the product's lifespan. Consider covering during harsh weather.

## 3. Package Contents

---

Carefully unpack the box and ensure all the following components are present and in good condition. If any parts are missing or damaged, please contact customer support.

Image 3.1: The product is typically shipped in one package.

- Storage Box Panels (Sides, Front, Back, Bottom)
- Lid
- Gas Pistons (2 units)
- Hinges
- Locking Latch
- Assembly Hardware (screws, bolts, nuts, washers)
- Instruction Manual

## 4. Setup & Assembly

---

Assembly is required for this product. Please follow these steps carefully. It is recommended to have two people for assembly.

1. **Prepare the Area:** Choose a clean, flat, and spacious area for assembly. Lay out all components and hardware.
2. **Assemble the Base Frame:** Connect the side, front, and back panels to form the main structure. Ensure all connections are secure.

3. **Install the Bottom Panel:** Insert the bottom panel into the assembled frame.
4. **Attach the Lid Hinges:** Secure the hinges to the back panel of the box and to the lid. Refer to the detailed diagram in the included paper manual for correct orientation.
5. **Install Gas Pistons:** Attach the gas pistons to the designated points on the lid and the side panels. These pistons assist in smooth opening and closing of the lid.

Image 4.1: The hydraulic gas pistons facilitate easy opening and closing of the lid.

6. **Attach the Latch:** Secure the locking latch mechanism to the front of the box and the lid.
7. **Final Check:** Once assembled, gently open and close the lid to ensure the gas pistons operate smoothly and the latch engages correctly. Verify all screws and bolts are tightened.

## 5. Operation

This storage box is designed for convenient outdoor storage of various items.

- **Opening the Lid:** Gently lift the lid. The gas pistons will assist in raising and holding the lid open.
- **Closing the Lid:** Gently pull the lid down. The gas pistons will provide a controlled descent, preventing sudden

slamming. Ensure hands are clear of the closing path.

- **Storage Capacity:** The box offers a generous 284L capacity, suitable for cushions, garden tools, pool accessories, and other outdoor essentials.

Image 5.1: The spacious interior provides ample room for various outdoor items.

- **Security:** The integrated latch allows for securing the lid. A padlock (not included) can be added for enhanced security.

## 6. Maintenance

Regular maintenance will help prolong the life and appearance of your storage box.

- **Cleaning:** Wipe the rattan surface with a soft cloth dampened with mild soap and water. Rinse thoroughly and dry completely to prevent water spots. Avoid harsh chemicals or abrasive cleaners.
- **Inspection:** Periodically check all screws, bolts, and connections to ensure they remain tight. Tighten if necessary.
- **Gas Pistons:** Ensure the gas pistons are clean and free of debris. Do not apply lubricants unless specifically recommended by the manufacturer.

- **Weather Protection:** Although made from weather-resistant PE rattan, covering the box during prolonged periods of extreme weather (heavy rain, snow, intense sun) can help preserve its condition.

Image 6.1: The high-quality PE rattan is UV protected and woven over a durable metal frame.

- **Storage:** If storing indoors for an extended period, ensure the box is clean and dry to prevent mold or mildew.

## 7. Troubleshooting

Problem	Possible Cause	Solution
Lid does not open/close smoothly	Gas pistons are stiff or misaligned. Hinges are loose or damaged.	Check gas piston attachment points. Ensure hinges are tightened and aligned. Clean any debris from pistons.
Box feels unstable/wobbly	Not placed on a level surface. Loose assembly hardware.	Move the box to a flat, level surface. Check and tighten all assembly screws and bolts.

Problem	Possible Cause	Solution
Water accumulation inside	Lid not fully closed. Seal compromised.	Ensure the lid is fully closed and latched. Inspect the lid and box edges for any gaps or damage.
