PRODUCT FEATURES

- **Vintage Design:** Metal embossed body with unique patterns and a distinctive scissors logo, offering a stylish and rugged aesthetic.
- **Digital Display:** Clear LED screen indicates remaining battery power, ensuring you know when to recharge.
- **Powerful Motor:** Equipped with a robust motor for efficient and smooth cutting, even through thick hair.
- **Long-lasting Battery:** The main clipper provides 180 minutes of use after 3 hours of charging. The detail trimmer offers 160 minutes of use after 1.5 hours of charging.
- **USB Charging:** Convenient USB charging ports allow connection to various power sources like adapters, laptops, or car chargers.

- **Sharp & Skin-Friendly Blades:** High-quality stainless steel blades with an R-shaped obtuse edge design ensure precise cutting while being gentle on the skin.
- **Adjustable Blade Lever:** The main clipper features an adjustable lever for fine-tuning cutting lengths from 0.5mm to 21.0mm.
- **Versatile Use:** Suitable for various grooming needs including professional haircuts, beard trimming, detailing, and body hair removal.

SETUP

1. **Initial Charge:** Before first use, fully charge both the main clipper and detail trimmer using the provided USB charging cables. The digital display will show the charging progress and remaining power.
2. **Attaching Guide Combs:** Select the desired guide comb for your preferred hair length. Align the comb with the clipper/trimmer blade and push firmly until it snaps into place. Ensure it is securely attached before use.
3. **Removing Blade Guard:** For the main clipper, gently slide off the black blade guard before

operation. For the detail trimmer, remove any protective caps.

4. **Blade Oiling:** Apply a few drops of the included blade oil to the blades before each use to ensure smooth operation and prolong blade life. Turn the device on for a few seconds to distribute the oil.

OPERATING INSTRUCTIONS

1. **Power On/Off:** Press the power button to turn the device on or off. The digital display will illuminate.
2. **Hair Clipping (Main Clipper):**
 - Attach the appropriate guide comb.
 - Adjust the blade lever for fine-tuning the cutting length if desired.
 - Start clipping from the bottom of the head, moving upwards against the direction of hair growth.
 - Use the barber cape to keep hair clippings off clothing.
3. **Beard Trimming & Detailing (Detail Trimmer):**

- For beard length, attach the desired guide comb.
- For precise lines and edging, remove the guide comb and use the bare blade.
- Carefully outline beard, mustache, and sideburns.

4. Shaving & Hair Removal (Electric Shaver/Detail Trimmer):

- Use the electric shaver for a close, smooth finish on larger areas.
- The detail trimmer can be used for precise hair removal in smaller or sensitive areas.

MAINTENANCE

- **Cleaning Blades:** After each use, turn off and unplug the device. Use the provided cleaning brushes to remove any trapped hair from the blades. The blades can be rinsed under running water; ensure the main body of the device does not get wet. Dry thoroughly after rinsing.
- **Oiling Blades:** Regularly apply a few drops of blade oil to the blades to maintain their sharpness and ensure smooth, efficient operation. This should be done before or after each use, especially after cleaning.

- **Storage:** Store the clipper and all accessories in the provided hard storage case in a dry, cool place away from direct sunlight and moisture.

Used For Haircut

Haircut, shaving, hair removal

SAFETY INFORMATION

Please read and adhere to the following safety guidelines:

- Always unplug the trimmer before cleaning.
- Keep blades and small parts away from children and pets.
- Do not ingest or inhale small parts.
- Always supervise children when using the trimmer.
- Do not immerse the entire device in water. Only the blades are designed to be rinsed.
- Avoid using the device with damaged blades or combs, as this may cause injury.
- Do not attempt to repair the device yourself. Contact qualified personnel for service.

Charging Time (Trimmer)	1.5 Hours for 160 minutes of use
Battery Description	Lithium-Ion
Included Components	8 Guide Combs, Charging Cables, Cleaning Brush, Hair Clipper, Trimmer

TROUBLESHOOTING

- **Device not turning on:** Ensure the device is fully charged. Check the digital display for battery level. If charging, ensure the USB cable is properly connected to both the device and a power source.
- **Blades pulling hair:** This can occur if the blades are dull, dirty, or not properly oiled. Clean the blades thoroughly with the provided brush, apply blade oil, and ensure they are free of debris. If the issue persists, the blades may need replacement.
- **Reduced cutting performance:** A low battery charge can affect performance. Recharge the device. Also, ensure the blades are clean and oiled. Overly thick or wet hair can also reduce cutting efficiency; try trimming smaller sections of dry hair.
- **Excessive noise or vibration:** Ensure the blades are properly aligned and secured. Apply blade oil to reduce friction. If the issue continues, discontinue use and contact support.

WARRANTY & SUPPORT

For information regarding product warranty, returns, or technical support, please refer to the specific warranty documentation included with your purchase or contact the manufacturer, Yiwu Lingxuan Electrical Appliance Co., Ltd, directly. Protection plans are available for purchase separately to extend coverage beyond the standard warranty period.
