MOKPR Wireless Car Charger

MOKPR Wireless Car Charger 15W Auto Clamping Phone Holder Instruction Manual

Model: Wireless Car Charger (ASIN: B0F2MZ3VHL)

1. INTRODUCTION

Thank you for choosing the MOKPR Wireless Car Charger. This device provides a convenient and secure way to hold and wirelessly charge your smartphone in your vehicle. Please read this manual carefully before use to ensure proper installation and operation.

Image 1.1: MOKPR Wireless Car Charger with a smartphone, illustrating its charging function.

2. WHAT'S IN THE BOX

Verify that all components are present in your package:

- 1 x Wireless Car Charger Unit
- 1 x Air Vent Clip
- 1 x Suction Cup Mount (for dashboard/windshield)
- 1 x USB Cable
- 1 x User Manual (this document)

3. PRODUCT OVERVIEW

The MOKPR Wireless Car Charger offers versatile mounting options and automatic phone clamping for ease of use.

MULTIFUNCTIONAL USAGE SCENARIOS

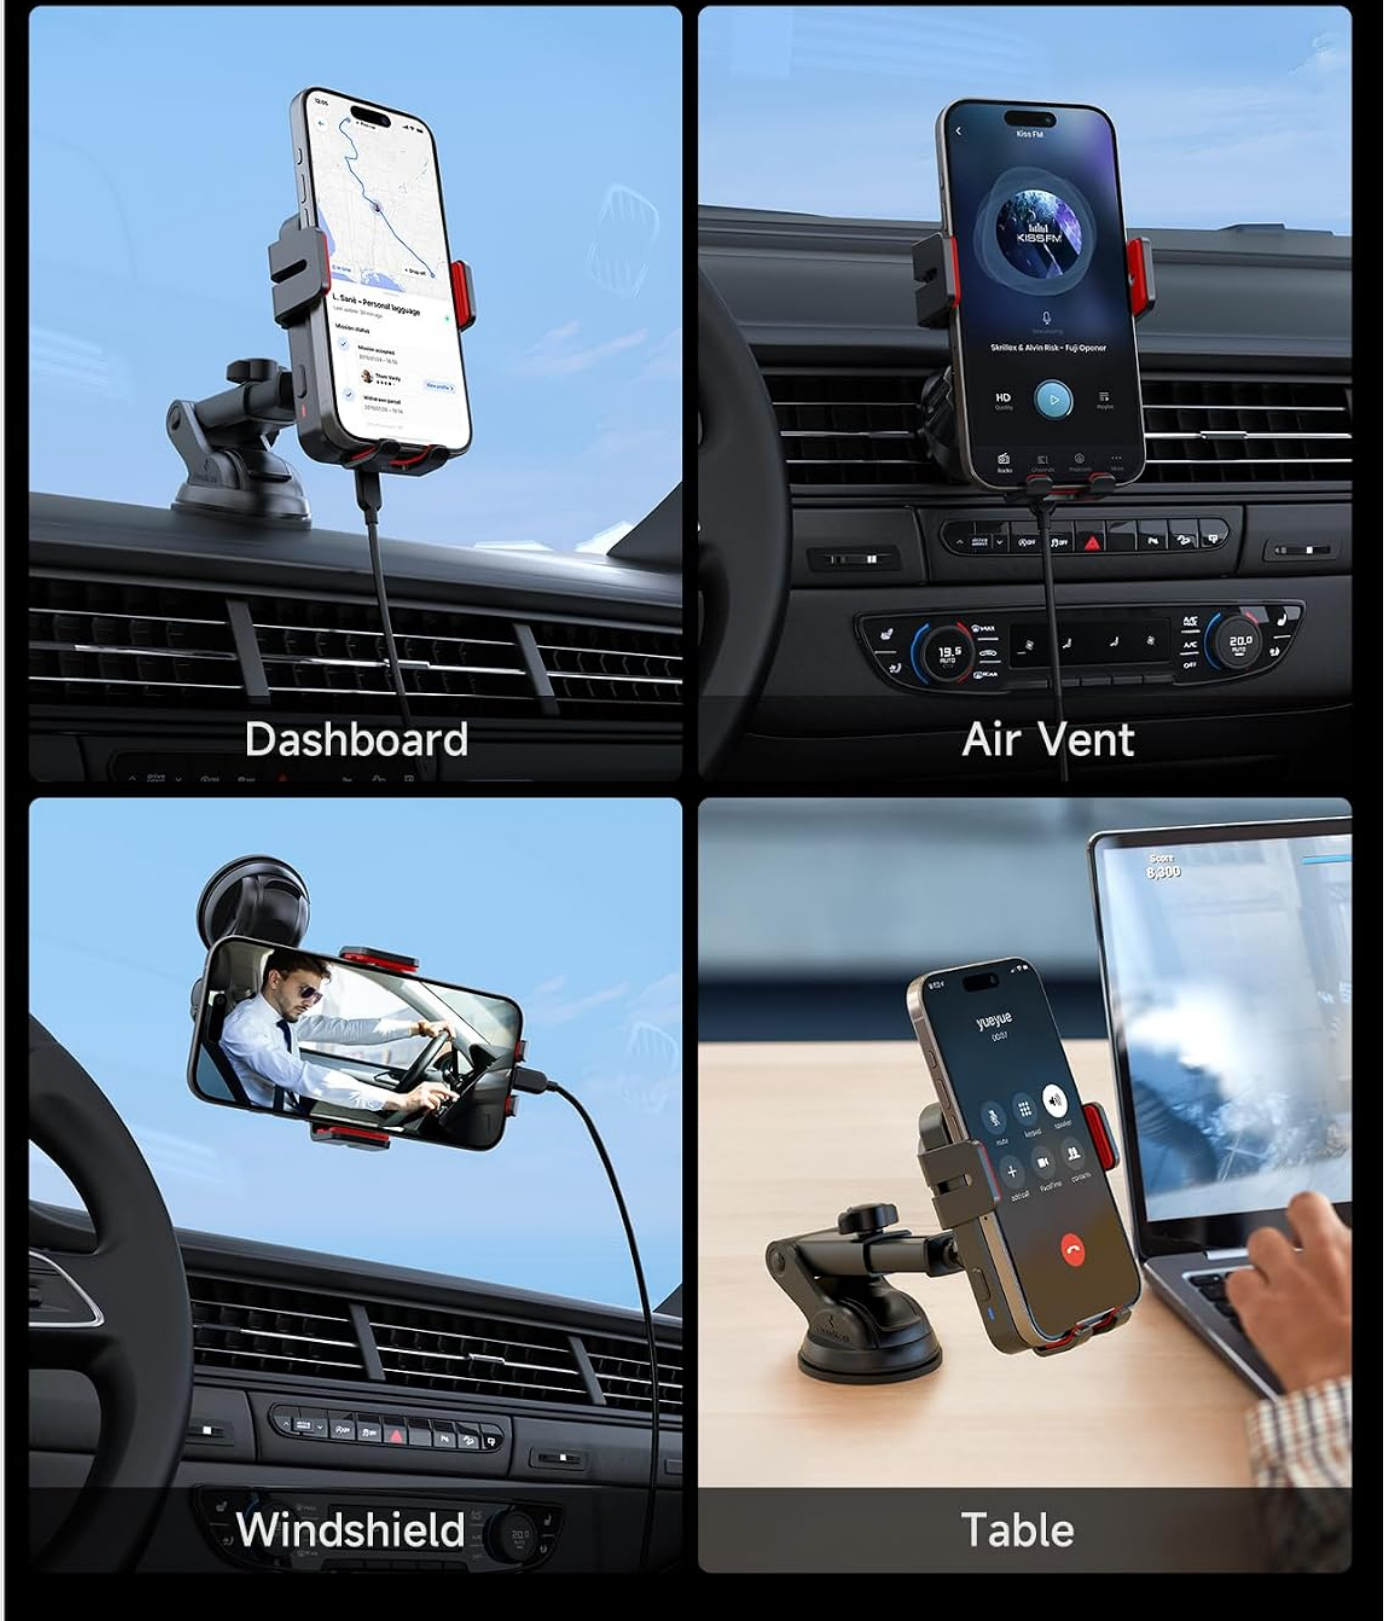

Image 3.1: Various installation scenarios for the MOKPR Wireless Car Charger, including dashboard, air vent, windshield, and tabletop use.

Key Features:

- **15W Fast Wireless Charging:** Provides efficient power delivery to compatible devices.
- **Automatic Clamping:** Infrared sensor detects the phone and automatically secures it.
- **Automatic Alignment:** Intelligently adjusts the phone to the optimal charging area.

- **Multiple Mounting Options:** Includes suction cup for dashboard/windshield and clip for air vent.
- **360-Degree Rotation:** Allows for flexible viewing angles.
- **Case Friendly:** Charges through phone cases up to 4mm thick.

4. SETUP AND INSTALLATION

The MOKPR Wireless Car Charger can be installed using either the suction cup mount or the air vent clip.

4.1 Suction Cup Mount Installation (Dashboard/Windshield)

1. **Prepare the Surface:** Clean the desired installation area on your dashboard or windshield thoroughly to ensure it is free of dust and grease.
2. **Attach the Mount:** Press the suction cup firmly onto the cleaned surface.
3. **Secure the Mount:** Push down the locking lever on the suction cup base to create a strong vacuum seal.
4. **Connect the Charger:** Attach the wireless charger unit to the ball joint of the suction cup mount and tighten the securing nut. Adjust the angle as desired.

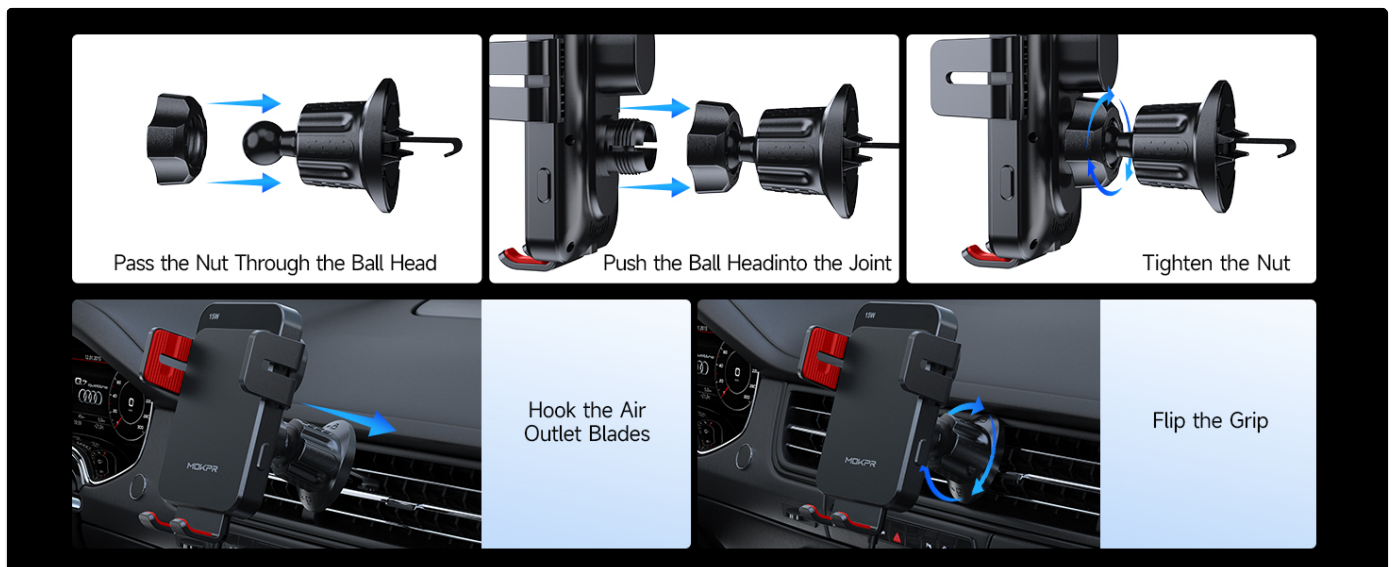

Image 4.1: Visual guide for installing the suction cup mount on a dashboard, showing cleaning, attaching, and securing steps.

4.2 Air Vent Clip Installation

1. **Assemble the Clip:** Pass the securing nut over the ball head of the air vent clip.
2. **Attach to Charger:** Push the ball head into the joint on the back of the wireless charger unit.
3. **Tighten:** Tighten the securing nut to fix the charger unit to the air vent clip.
4. **Hook to Vent:** Hook the air outlet blades of your car's vent with the clip. Ensure your vent type is compatible (refer to Image 4.3).
5. **Secure:** Flip the grip on the air vent clip to firmly secure it to the vent.

Image 4.2: Visual guide for installing the air vent clip mount, detailing assembly and attachment to the car's air vent.

MADE GPS NAVIGATION EASIER

4.3 Power Connection

Connect the provided USB cable to the charging port on the MOKPR Wireless Car Charger and plug the other end into a QC 3.0 compatible car charger (not included). A QC 3.0 charger is required for fast charging functionality.

5. OPERATING INSTRUCTIONS

5.1 Automatic Clamping and Charging

1. Ensure the car charger is powered on. The clamping arms will automatically open slightly.
2. Place your smartphone into the holder. The infrared sensor will detect your phone, and the clamping arms will automatically close to secure it firmly.
3. The charger will then intelligently identify your phone model and automatically adjust its internal coil to the best charging area for optimal wireless charging.
4. A blue LED indicator may illuminate to confirm charging is active.

ONE-HANDED OPERATION

Auto-Clamping Your Phone

Image 5.1: Demonstrates the one-handed operation and automatic clamping feature of the charger.

5.2 Adjusting Viewing Angle

The charger features a 360-degree rotating and pivoting ball joint. Loosen the securing nut, adjust your phone to the most comfortable and safest viewing angle (portrait or landscape), and then tighten the nut to lock it in place.

Image 5.2: Illustrates the 360-degree angle adjustment capability for optimal viewing.

5.3 Removing Your Phone

To remove your phone, gently press the release button (usually located on the side or bottom of the charger). The clamping arms will automatically open, allowing you to retrieve your device.

6. COMPATIBILITY

This wireless car charger is compatible with all wireless charging phones, provided they are not foldable phones. It supports various charging speeds depending on the device:

- **15W Wireless Fast Charging:** For LG V50/V40/V30/G8/G7.
- **10W Wireless Fast Charging:** For Samsung Galaxy S24/S23/S22 series, Note 20/10 series, S10 series.
- **7.5W Wireless Charging:** For iPhone 16/15/14/13/12/11/X/8 series.
- **5W Standard Wireless Charging:** For other wireless charging phones.

Note: Not compatible with foldable phones for charging.

Case Compatibility:

The charger supports charging through phone cases up to 4mm thick. However, for optimal performance and safety, remove cases containing metal, magnets, credit cards, or pop holders before charging.

CASE FRIENDLY

Compatible Phone Case $\leq 5\text{mm}$

Image 6.1: Guidelines for phone case compatibility, indicating maximum thickness and types of cases to avoid.

7. MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the surface of the charger and mounts. Avoid abrasive cleaners or solvents.

- **Suction Cup:** If the suction cup loses its stickiness, rinse it with warm water and let it air dry. It can be washed and reused.
- **Storage:** When not in use for extended periods, store the charger in a cool, dry place away from direct sunlight.

8. TROUBLESHOOTING

Problem	Possible Cause	Solution
Phone not charging or charging slowly.	• Not using a QC 3.0 car charger. • Phone case is too thick or contains metal/magnets. • Phone not properly aligned with charging coil. • Foreign object detected (FOD).	• Ensure your car charger adapter is QC 3.0 compatible. • Remove phone case or use a compatible one (max 4mm, no metal/magnets). • Re-position phone in the holder; the automatic alignment should correct this. • Remove any metal objects, credit cards, or pop holders from the back of your phone.
Clamping arms not opening/closing automatically.	• No power to the charger. • Sensor obstructed. • Mechanical issue.	• Check power connection and ensure the car charger is receiving power. • Ensure nothing is blocking the infrared sensor. • If the issue persists, contact customer support.
Mount is not stable or falls off.	• Suction cup not properly secured or surface is dirty. • Air vent clip not fully engaged or vent type is incompatible.	• Clean the dashboard/windshield surface thoroughly and re-attach the suction cup, ensuring the locking lever is fully engaged. • Ensure the air vent clip is securely hooked and the grip is flipped. Refer to Image 4.3 for compatible vent types.

9. SPECIFICATIONS

Feature	Detail
Brand	MOKPR
Model	Wireless Car Charger
ASIN	B0F2MZ3VHL
Input Power	Requires QC 3.0 car charger (not included)
Output Power	15W / 10W / 7.5W / 5W (Automatic detection)
Mounting Type	Dashboard, Windshield, Air Vent
Compatible Phone Case Thickness	Up to 4mm

Feature	Detail
Item Weight	12 ounces (approximately 340 grams)
Package Dimensions	5 x 4.33 x 3.19 inches
Date First Available	March 27, 2025

10. SAFETY INFORMATION

- Do not disassemble or modify the device.
- Keep the device away from water, fire, and high temperatures.
- Avoid placing metal objects or magnetic cards between your phone and the charger, as this can interfere with charging and potentially damage the device or card.
- Ensure the charger is securely mounted before driving to prevent distraction or obstruction of your view.
- Do not operate the device if it has been damaged in any way.

11. WARRANTY AND SUPPORT

For warranty information or technical support, please refer to the contact details provided with your purchase or visit the official MOKPR website. Please have your product model and purchase date available when contacting support.

ASK A QUESTION ABOUT THIS MANUAL

Ask about setup, troubleshooting, compatibility, parts, safety, or missing instructions. Manuals+ will review the question and use this page’s manual context to help answer it.
