SETUP GUIDE

1. Unpacking the Box

Carefully remove all components from the packaging. Ensure all items listed below are present.

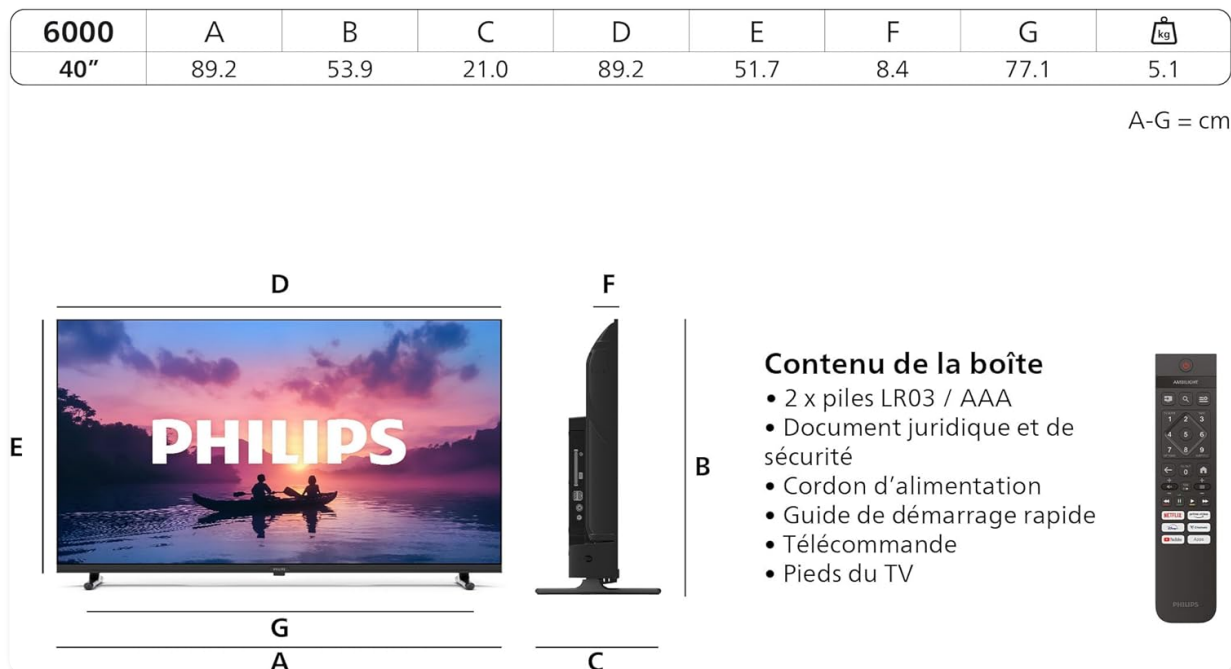

Figure 2: Box Contents and Dimensions

Box Contents:

- TV Unit
- Remote Control with 2 AAA batteries
- Power Cable
- TV Stand
- User Manual & Warranty Card
- Legal and Safety Document

2. Attaching the TV Stand

Place the TV screen face down on a soft, flat surface to prevent damage. Align the TV stand with the designated slots on the bottom of the TV and secure it with the provided screws. Refer to the quick start guide for detailed illustrations.

3. Connecting Power

Connect the power cable to the TV's power input and then plug it into a wall outlet. Ensure the power outlet is easily accessible.

4. Initial Setup and First Use

Upon first power-on, the TV will guide you through the initial setup process, including language selection, network connection, and channel scanning. Follow the on-screen instructions.

OPERATING YOUR TV

1. Basic Controls

Use the remote control to navigate your TV. The remote allows you to power on/off, adjust volume, change channels, and access smart features.

2. Smart TV Features (Titan OS)

Your Philips TV runs on Titan OS, providing access to a variety of streaming services and applications. Connect your TV to the internet via Wi-Fi or Ethernet to explore these features.
