OTTOCAST CA505

OTTOCAST Mini 2025 Wireless CarPlay/Android Auto Adapter User Manual

Model: CA505

1. Introduction

The OTTOCAST Mini 2025 2-in-1 Wireless CarPlay/Android Auto Adapter is designed to transform your car's existing wired CarPlay or Android Auto system into a seamless wireless experience. This ultra-compact device connects instantly, typically within 5-8 seconds of starting your engine, providing uninterrupted connectivity powered by 5GHz Wi-Fi for flawless audio and navigation. Its minimalist design ensures it integrates discreetly into your vehicle's interior.

This image displays all items included in the product packaging: the main adapter, two types of USB adapters, and the user manual.

3. Compatibility

The OTTOCAST Mini is designed for wide compatibility with vehicles already equipped with factory wired CarPlay or wired Android Auto (most 2016+ models). It works seamlessly with iPhones (iOS 10+) and compatible Android phones (Android 11+, 5GHz Wi-Fi needed for Android Auto).

To verify if your vehicle has wired CarPlay functionality, connect your iPhone to the car's USB port using a Lightning cable. If CarPlay appears on your iPhone screen, your car has a wired CarPlay function. If it is still not displayed, please check your iPhone settings (Settings > General > CarPlay) and reconnect. If it remains undisplayed, your vehicle may not have a wired CarPlay function.

4. Setup Instructions

Upgrading to wireless is incredibly straightforward. The OTTOCAST Mini requires just a simple, one-time synchronization process.

1. **Plug In:** Connect the OTTOCAST Mini into your car's CarPlay/Android Auto USB port. Use the appropriate adapter (USB-A to USB-C or 90° USB-A to USB-A) if needed for your car's port type or orientation.
2. **Enable Bluetooth:** On your smartphone, open your Bluetooth settings.
3. **Pair Device:** Look for the OTTOCAST device (e.g.,
