## QONBINK TG38

# QONBINK TG38 Smart Watch User Manual

Model: TG38 | Brand: QONBINK

## 1. INTRODUCTION

---

This manual provides detailed instructions for the QONBINK TG38 Smart Watch. It covers device setup, operation of various features, maintenance, and troubleshooting. Please read this manual thoroughly to ensure proper use and optimal performance of your smart watch.

## 2. PACKAGE CONTENTS

Ensure all items are present in the package:

- QONBINK TG38 Smart Watch
- Charging Cable (Magnetic)
- User Manual

### 3. SETUP GUIDE

#### 3.1 Charging the Device

Before first use, fully charge your QONBINK TG38 Smart Watch. Connect the magnetic charging cable to the charging points on the back of the watch and to a USB power source. A full charge typically takes approximately 2 hours.

Image 3: The QONBINK TG38 Smart Watch connected to its magnetic charger, indicating a 400 mAh battery.

### 3.2 App Installation and Pairing

To unlock the full functionality of your smart watch, download and install the "DA FIT" app on your smartphone. The app is compatible with iOS 9.0+ and Android 5.0+ devices.

1. **Download the "DA FIT" App:** Search for "DA FIT" in the App Store (iOS) or Google Play Store (Android) and install it.
2. **Enable Bluetooth:** Turn on Bluetooth on your smartphone.
3. **Open the App and Add Device:** Launch the "DA FIT" app, navigate to the device section, and select "Add Device".
4. **Search and Connect:** The app will search for available devices. Select "TG38" from the list.
5. **Confirm Pairing:** A pairing request will appear on your phone. Confirm by tapping "Pair".

## 4. OPERATING INSTRUCTIONS

---

### 4.1 Touch Screen Navigation

The QONBINK TG38 Smart Watch features a 1.85" HD touch screen for intuitive navigation. Swipe left, right, up, or down to access different functions and menus. Tap to select options.

## 4.2 Bluetooth Calling

The smart watch supports Bluetooth calls, allowing you to answer or make calls directly from your wrist. It features a built-in speaker and microphone.

- **Answering Calls:** When an incoming call is received, tap the green answer icon on the watch screen.
- **Making Calls:** Access the phone function on the watch to dial numbers or select contacts.

## 5. HEALTH MONITORING

The QONBINK TG38 Smart Watch provides 24-hour health tracking features to help you monitor your well-being.

### 5.1 Heart Rate Monitoring

Track your heart rate in real-time. The watch can alert you if your heart rate exceeds a set threshold.

### 5.2 Blood Oxygen (SpO2) Monitoring

Monitor your blood oxygen levels in real-time to gain insights into your respiratory health.

### 5.3 Sleep Monitoring

The watch monitors your sleep quality at night, providing data on deep sleep, light sleep, awake time, and REM sleep.

### 5.4 Female Menstrual Cycle Tracking

Accurately record and receive timely reminders for women's menstrual cycles. This feature requires setup within the companion app.

Image 9: The smart watch screen showing real-time heart rate, blood oxygen (SpO2), and sleep data, illustrating its comprehensive 24-hour health tracking capabilities.

## 6. SPORTS MODES AND ACTIVITY TRACKING

The QONBINK TG38 Smart Watch offers over 120 built-in sports modes to track your physical activities. It monitors distance, calories burned, and steps taken.

Image 10: A person skiing, demonstrating the smart watch's ability to track activity with icons representing various sports modes.

## 6.1 Starting a Workout

Navigate to the "Workout" section on your watch, select your desired activity (e.g., Walking, Running, Hiking, Treadmill), and tap to start. The watch will begin tracking your metrics.

## 7. ADDITIONAL SMART FEATURES

Beyond health and fitness, the QONBINK TG38 Smart Watch offers several practical features for daily convenience:

- **Weather Forecast:** Get real-time weather updates.
- **Alarm Clock:** Set alarms directly from your wrist.
- **Music Control:** Control music playback on your connected smartphone.
- **Camera Control:** Use your watch as a remote shutter for your phone's camera.
- **Find Phone:** Locate your misplaced smartphone by triggering an alert.
- **Sedentary Reminder:** Receive alerts to encourage movement after periods of inactivity.
- **Water Reminder:** Get reminders to stay hydrated throughout the day.
- **Flashlight:** Utilize the screen as a basic flashlight.
- **Stopwatch & Timer:** Essential tools for timing activities.
- **Calculator:** Perform basic calculations on your wrist.
- **AI Voice Assistant:** Interact with your device using voice commands.

# Multifunctional Smart Watch

## 9. MAINTENANCE

---

- **Cleaning:** Regularly clean the watch screen and strap with a soft, dry cloth. If necessary, use a slightly damp cloth and dry thoroughly.
- **Charging Port:** Ensure the charging contacts on the back of the watch and the magnetic charger are clean and free of debris to ensure proper charging.
- **Storage:** Store the watch in a cool, dry place when not in use. Avoid extreme temperatures.
- **Avoid Chemicals:** Do not expose the watch to strong chemicals, detergents, or solvents, as these can damage the materials.

## 10. TROUBLESHOOTING

---

- **Watch not turning on:** Ensure the watch is fully charged. Connect it to the charger for at least 30 minutes.
- **Cannot pair with phone:**
  - Ensure Bluetooth is enabled on your phone.
  - Make sure the watch is within Bluetooth range (typically 10 meters).
  - Restart both your phone and the watch.
  - Clear the Bluetooth cache on your phone (if applicable) and try again.
- **Inaccurate health data:**
  - Ensure the watch is worn snugly on your wrist, not too loose or too tight.
  - Clean the sensors on the back of the watch.
  - Avoid excessive movement during measurements.
- **Notifications not appearing:**
  - Check app permissions on your phone to ensure the "DA FIT" app has access to notifications.
  - Verify that notifications are enabled within the "DA FIT" app settings for specific applications.
  - Ensure the watch is connected via Bluetooth.
- **Short battery life:**
  - Reduce screen brightness.
  - Disable continuous heart rate monitoring if not needed.
  - Limit the number of apps sending notifications to the watch.
  - Ensure the watch is fully charged each time.

## 11. SPECIFICATIONS

---
