SETUP INSTRUCTIONS

1. **Unpack Components:** Carefully remove the cups, lids, and individually wrapped straws from their packaging.
2. **Inspect:** Before use, inspect each cup, lid, and straw for any damage.
3. **Optional Cleaning:** Although designed for immediate use, you may choose to hand wash the cups before first use for personal preference.

OPERATING INSTRUCTIONS

1. **Fill the Cup:** Pour your desired cold beverage into the 16oz plastic cup. Ensure not to overfill to allow space for the lid and prevent spills.
2. **Secure the Lid:** Place a lid firmly onto the cup. Press down around the edges until you hear a secure snap, indicating a tight, leak-proof seal.
3. **Insert the Straw:** Unpack an individually wrapped straw and insert it through the designated opening in the lid. The wide straw is ideal for smoothies, milkshakes, and boba.

MAINTENANCE AND CARE

These lucdnc plastic cups are designed for convenience and can be reused after proper cleaning, or disposed of responsibly.

- **Cleaning:** Hand wash only. Use mild soap and water to clean the cups, lids, and straws. Avoid abrasive cleaners or scrubbers that could scratch the plastic.
- **Drying:** Allow all components to air dry completely before stacking or storing to prevent moisture buildup.
- **Storage:** Store cups, lids, and straws in a clean, dry place away from direct sunlight or extreme temperatures.
- **Reusability:** While disposable, the durable PET material allows for multiple uses if carefully hand washed.
- **Recycling:** The cups are made from recyclable PET material. Please check local recycling guidelines for proper disposal.

TROUBLESHOOTING

- Lid Not Sealing Properly:**

Ensure the rim of the cup and the lid are clean and free from any debris or liquid. Align the lid carefully and press down firmly around the entire circumference until it clicks securely into place. A proper seal is crucial for preventing leaks.
- Straw Difficulty:**

If the straw is difficult to insert, ensure it is aligned with the lid's opening. The straws are designed to be wide for thicker beverages; if using a very thin liquid, ensure the straw is fully inserted to prevent it from falling out.
- Condensation:**

Clear plastic cups may show condensation with cold drinks. This is normal and does not affect the cup's integrity or performance.
