Guidecraft G52011

Guidecraft Acadia Outdoor Art Table and Stool Set

Model: G52011

Brand: Guidecraft

INTRODUCTION

The Guidecraft Acadia Outdoor Art Table and Stool Set is designed to provide a versatile and durable space for children's creative activities outdoors. Crafted from acacia hardwood, this set is built to withstand various weather conditions, making it suitable for year-round use. It includes a spacious table, two ergonomic stools, a removable 3-in-1 storage caddy, a paper roll holder with a starter roll, and paint cups.

This manual provides detailed instructions for assembly, operation, maintenance, and troubleshooting to ensure safe and optimal use of your product.

Safe + Sustainable

Acadia Outdoor Furniture is designed, manufactured and tested with strict adherence to international safety and sustainability certifications.

Video: Official assembly instructions for the Guidecraft Acadia Outdoor Art Activity Table. This video provides a step-by-step visual guide to help you assemble your product correctly.

1. **Prepare Components:** Lay out all wooden pieces and hardware on a clean, flat surface. Identify the table top, legs, crossbars, and the caddy components.
2. **Assemble Table Base:** Attach the side crossbars to the table legs using the provided hardware. Ensure all connections are secure but do not overtighten until the entire frame is assembled.
3. **Attach Tabletop:** Carefully place the tabletop onto the assembled base. Align the pre-drilled holes and secure the tabletop to the legs and crossbars using the appropriate screws.
4. **Assemble Storage Caddy:** Connect the various parts of the 3-in-1 storage caddy, including the paper roll holder and paint cup tray. Use the smaller screws for these components.
5. **Install Paper Roll:** Slide the starter paper roll onto the rod and insert it into the designated slots on the caddy.
6. **Attach Caddy to Table:** Secure the assembled storage caddy to the side of the table using the provided hardware. This caddy is designed to be removable for flexible use.
7. **Assemble Stools:** For each stool, attach the crossbars to the stool legs and then secure the seat. Repeat for the second stool.
8. **Final Tightening:** Once all components are in place, go back and securely tighten all screws and bolts. Avoid overtightening to prevent damage to the wood.

OPERATING INSTRUCTIONS

The Acadia Outdoor Art Table and Stool Set is designed for versatile use in various outdoor and indoor settings. Here's how to maximize its functionality:

- **Art Activities:** Use the integrated paper roll for drawing, painting, and other crafts. The paper can be easily pulled out and torn off using the child-safe paper cutter. The paint cups fit securely into the caddy to prevent spills.
- **Sensory Play:** The spacious tabletop is ideal for sensory bins, sand play, or water activities. The durable acacia wood and protective finish make it resistant to moisture.
- **Outdoor Learning:** Engage children in nature-based learning by collecting leaves, flowers, and other natural materials to incorporate into their art or exploration.
- **Picnic and Snacks:** The table can also serve as a convenient spot for outdoor meals and snacks. The easy-to-clean surface simplifies post-activity cleanup.
- **Mobile Storage Caddy:** The 3-in-1 caddy can be easily removed from the table and carried to different locations, allowing art supplies to be accessible wherever creativity strikes.

MAINTENANCE

Proper care will extend the life and appearance of your Guidecraft Acadia Outdoor Art Table and Stool Set.

- **Cleaning:** Wipe down the table and stools with a damp cloth and mild soap as needed. Avoid harsh chemical cleaners that may damage the wood finish.
- **Weather Protection:** While the acacia hardwood is weather-resistant, prolonged exposure to extreme weather conditions (heavy rain, direct scorching sun, snow) can affect its appearance over time. Consider covering the set or storing it indoors during harsh weather to maintain its natural beauty.
- **Wood Aging:** Acacia wood naturally ages and may develop a silvery-gray patina over time when exposed to the elements. This is a natural process and does not affect the structural integrity of the product.
- **Hardware Check:** Periodically check all screws and bolts to ensure they remain tight. Retighten if necessary to maintain stability.

TROUBLESHOOTING

If you encounter any issues with your Acadia Outdoor Art Table and Stool Set, refer to the following common solutions:

- **Wobbly Table/Stool:**
Ensure all screws and bolts are fully tightened. If the issue persists, disassemble the affected section and reassemble, making sure all pieces are correctly aligned before tightening.
- **Difficulty with Paper Roll:**
Check that the paper roll is correctly seated on its rod and that the rod is properly inserted into the caddy's slots. Ensure the paper is not jammed or torn within the mechanism.
- **Paint Cups Not Fitting:**
Verify that you are using the correct paint cups provided with the set. Ensure they are clean and free of dried paint that might obstruct their fit.

For issues not covered here, please contact Guidecraft customer support.
