SETUP

Charging the Smart Watch

The Fire-Boltt Ring X supports wireless charging. To charge your device:

1. Place the smartwatch on the wireless charging pad.
2. Ensure the charging cable is connected to a power source.
3. The watch display will indicate charging status.

A full charge typically provides up to 5-7 days of usage, depending on usage patterns. The battery capacity is 125 mAh.

Pairing with Your Smartphone

To unlock the full potential of your Fire-Boltt Ring X, pair it with your smartphone:

1. Download the companion app (refer to the packaging or quick start guide for app name) from your phone's app store (compatible with Android and iOS).
2. Enable Bluetooth on your smartphone.
3. Open the app and follow the on-screen instructions to search for and connect to your Fire-Boltt Ring X.
4. Confirm the pairing request on both your phone and the smartwatch.

The watch supports advanced Bluetooth 3.0 + 5.1 connectivity for stable connections.

OPERATING INSTRUCTIONS

Basic Navigation

- **Touchscreen:** Swipe left/right/up/down to navigate through menus and notifications. Tap to select.
- **Rotating Crown:** Rotate to scroll through lists or adjust settings. Press to return to the home screen or confirm selections.

Image: Various menu options displayed on the smartwatch screen, demonstrating navigation.

Bluetooth Calling

With the built-in microphone and speaker, you can make and receive calls directly from your wrist once paired with your phone.

- To answer a call, tap the green icon on the watch screen.
- To reject a call, tap the red icon.
- You can also dial numbers from the watch's dial pad.

Health Tracking

The Fire-Boltt Ring X offers comprehensive health and fitness tracking:

- **Heart Rate Monitor:** Continuously tracks your heart rate.
- **SpO2 Monitoring:** Measures blood oxygen levels.
- **Sleep Monitor:** Analyzes sleep patterns (light, deep, REM sleep).
- **Activity Tracker:** Records steps, calories burned, and distance covered.
- **100+ Sports Modes:** Track various activities like cycling, swimming, and yoga with dedicated modes.
- **Female Health Features:** Provides tracking for female physiological cycles.

Smart Utilities and Customization

The smartwatch includes several useful utilities and customization options:

- **Calculator:** Perform basic calculations.

- **Flashlight:** Use the screen as a light source.
- **Stopwatch & Alarm:** Timers and customizable alarms.
- **Weather Updates:** Get real-time weather information.
- **Smart Reminders:** Set reminders for hydration, movement, etc.
- **Watch Faces:** Choose from over 500 cloud-based or custom photo watch faces.
- **Games:** Enjoy built-in puzzle games.

MAINTENANCE

Water Resistance

The Fire-Boltt Ring X is IP67 water-resistant, meaning it can withstand splashes, rain, and brief immersion in water up to 1 meter. It is suitable for activities like swimming. However, it is not recommended for hot showers, saunas, or diving.

Image: The smartwatch demonstrating its water resistance.

Cleaning

To maintain your smartwatch, regularly clean the screen and strap with a soft, dry cloth. If necessary, use a slightly damp cloth and mild soap, then dry thoroughly.

Battery Care

To prolong battery life:

- Avoid extreme temperatures.
- Do not fully discharge the battery frequently.
- Charge the device regularly, even if not in constant use.

TROUBLESHOOTING

If you encounter issues with your Fire-Boltt Ring X, try the following common solutions:

- **Watch not turning on:** Ensure the watch is fully charged. Connect it to the charging cable and a power source.
- **Cannot pair with phone:** Make sure Bluetooth is enabled on your phone and the watch is within range.

Restart both devices and try pairing again through the companion app.

- **Inaccurate health data:** Ensure the watch is worn snugly on your wrist. Clean the sensors regularly.
- **Notifications not appearing:** Check app permissions on your phone to ensure the companion app has access to notifications. Verify notification settings within the app.
- **Short battery life:** Reduce screen brightness, disable unnecessary features like Always-On Display if not needed, and limit frequent heart rate monitoring.

For further assistance, please refer to the official Fire-Boltt support channels.
