## Aningde 9 Flowers 1500Pcs Botanical Flower Micro Building Bricks Model Kit

# Aningde 9 Flowers 1500Pcs Botanical Flower Micro Building Bricks Model Kit Instruction Manual

## 1. INTRODUCTION

---

Thank you for choosing the Aningde 9 Flowers 1500Pcs Botanical Flower Micro Building Bricks Model Kit. This kit provides a detailed and engaging building experience, allowing you to create nine unique botanical flower models using micro-sized building bricks. Designed for adult hobbyists, this kit promotes focus, patience, and fine motor control, resulting in beautiful display pieces for your home or office.

## 2. SAFETY INFORMATION

---

- **CHOKING HAZARD:** This product contains small parts and is not suitable for children under 3 years of age.
- **Recommended Age:** This kit is recommended for individuals aged 14 years and up due to the intricate nature and small size of the building bricks.
- Keep all parts away from young children and pets.
- Dispose of packaging materials responsibly.

## 3. PACKAGE CONTENTS

---

Your Aningde 9 Flowers Micro Building Bricks Model Kit includes:

- Approximately 1500 micro building bricks, sorted by flower model.
- Detailed visual instruction manual for each flower model.
- Nine display bases for the completed flower models.

## 4. ASSEMBLY INSTRUCTIONS

---

Assembly of this micro building brick kit requires attention to detail and patience. Follow the included visual instruction manual carefully for each flower model.

### 4.1. Understanding Micro Bricks

This kit utilizes micro-sized building bricks, which are significantly smaller than standard building blocks. This design allows for highly intricate and realistic models. Due to their small size, handling requires precision.

Figure 4.1: Illustration of micro brick size compared to a hand.

## 4.2. General Assembly Steps

1. **Preparation:** Clear a well-lit, clean, and flat workspace. It is highly recommended to use a sorting tray or small containers to organize the micro bricks by color and shape for easier access.
2. **Follow the Manual:** Each flower model has its own dedicated section in the instruction manual. Follow the step-by-step visual diagrams precisely. Pay close attention to the orientation and placement of each brick.
3. **Connecting Bricks:** Micro bricks may require gentle but firm pressure to snap into place. Ensure each brick is fully seated to maintain the structural integrity of the model.
4. **Patience is Key:** Due to the small size and intricate nature, assembly can be time-consuming. Take breaks if needed to avoid frustration.
5. **Base Assembly:** Once a flower model is complete, attach it securely to its designated display base as indicated in the instructions.

## 5. DISPLAY AND CARE

---

### 5.1. Display

Once assembled, your botanical flower models are designed for display. Place them on a stable, flat surface away from direct sunlight and excessive heat to prevent potential discoloration or warping of the plastic.

### 5.2. Cleaning

To clean your models, gently dust them with a soft brush or a can of compressed air. Avoid using harsh chemicals or abrasive materials, as these can damage the plastic bricks.

## 6. TROUBLESHOOTING

---

Problem	Solution
Pieces are difficult to fit together.	Apply gentle, consistent pressure. Ensure the pieces are correctly aligned and oriented according to the instructions. Some micro bricks may have tighter tolerances. Avoid excessive force to prevent breakage.
Assembled sections fall apart easily.	Ensure all bricks are fully pressed together and securely connected. Re-check previous steps in the instruction manual to confirm correct assembly. Handle the model carefully during construction.
A piece appears to be missing.	Thoroughly check your workspace and packaging. Due to the small size, pieces can be easily overlooked. If a piece is genuinely missing, please contact Aningde customer support for assistance.
Instructions are unclear.	Review the visual diagrams carefully. If a specific step remains unclear, try to infer the connection from subsequent steps or the final image of the sub-assembly. Online resources or community forums might also offer visual aids.

## 7. SPECIFICATIONS

---

- **Product Dimensions:** 11.8 x 9.45 x 2.36 inches (packaging)
- **Item Weight:** 1.15 pounds
- **ASIN:** B0F2YX36ZP
- **Manufacturer Recommended Age:** 14 years and up
- **Manufacturer:** Shantou Menggao Toys Industrial Co., Ltd.

## 8. WARRANTY AND SUPPORT

---

Aningde is committed to providing high-quality products. While specific warranty details are not provided in this manual, if you encounter any issues with your product, such as missing or defective parts, please contact the seller or Aningde customer support directly. Please retain your proof of purchase for any warranty claims or support inquiries.
