Jocoevol FZZH25033101

Jocoevol Twin Size Loft Bed with L-Shaped Desk, LED Lights, and Charging Station

Model: FZZH25033101

1. INTRODUCTION

Thank you for choosing the Jocoevol Twin Size Loft Bed. This instruction manual provides essential information for the safe assembly, setup, operation, and maintenance of your new loft bed. Please read this manual thoroughly before beginning assembly and retain it for future reference.

2. SAFETY INFORMATION

Your safety is paramount. Please adhere to the following guidelines:

- Always use the guardrails when occupying the top bunk.
- Exercise caution with objects placed on the desk to prevent them from falling onto the area below.
- This product may not be suitable for individuals with certain health conditions or mobility issues. Consult a healthcare professional if unsure.
- Follow all assembly instructions precisely to ensure the bed's stability and prevent collapse.
- Ensure the anti-tip kit is properly installed to secure the bed to the wall, preventing accidental tipping.
- Do not exceed the recommended weight limit for the top bunk.

3. PACKAGE CONTENTS

Before assembly, verify that all components are present and undamaged. Refer to the included parts list for a complete inventory. Key components include:

- Metal Bed Frame (1.5-inch thick white round metal tubes with gold accents)
- Headboard and Footboard (natural wood panels)
- L-Shaped Desk components
- 3 Storage Shelves
- 3 Fabric Drawers
- Guardrails
- Ladder
- Built-in Smart RGB LED Light Strip

- Built-in Charging Station (2 AC outlets, 2 USB ports, 6.5-foot power cord)
- Bedside Storage Bag
- 4 Movable Hooks
- Anti-Tip Kit
- Assembly Hardware and Tools

4. ASSEMBLY INSTRUCTIONS

Assembly is required for this loft bed. It is recommended to have at least two adults for the assembly process. All necessary tools are included, and parts are clearly labeled for ease of installation. Precision-drilled holes facilitate a straightforward assembly.

1. **Unpack and Organize:** Carefully unpack all components and lay them out on a clean, soft surface to prevent scratches. Group similar parts and hardware.
2. **Review Instructions:** Read the entire assembly manual provided in the package before starting. Familiarize yourself with the steps and diagrams.
3. **Assemble the Main Frame:** Begin by connecting the main metal frame components as per the diagrams. Ensure all connections are secure but do not fully tighten screws until instructed.
4. **Install Guardrails and Ladder:** Attach the full-length guardrails to the top bunk and secure the ladder in its designated position.
5. **Construct the L-Shaped Desk and Shelves:** Assemble the L-shaped desk and integrate the storage shelves into the frame structure.
6. **Insert Fabric Drawers:** Once the shelf structure is complete, insert the fabric drawers into their compartments.
7. **Install LED Lights and Charging Station:** Integrate the LED light strip and the charging station into the designated areas of the desk. Ensure the power cord is routed safely.
8. **Attach Accessories:** Place the bedside storage bag and movable hooks as desired.
9. **Final Tightening:** Once all components are in place and aligned, systematically tighten all screws and bolts. Do not overtighten.
10. **Install Anti-Tip Kit:** Securely attach the anti-tip device to the bed frame and then to a wall stud, following the specific instructions provided with the kit. This is crucial for stability.

For visual guidance, refer to the diagrams below:

7. MAINTENANCE

Regular maintenance will help preserve the appearance and functionality of your loft bed.

- **Cleaning the Frame:** Wipe the metal frame and wood panels with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the finish.
- **Fabric Drawers:** The fabric drawers can be spot cleaned with a mild detergent and water. Allow them to air dry completely.
- **Hardware Check:** Periodically check all screws and bolts to ensure they remain tight. Retighten as necessary to maintain structural integrity.
- **LED Lights:** If the LED lights become dusty, gently wipe them with a dry, soft cloth. Do not use liquids directly on the light strip or charging station.

8. TROUBLESHOOTING

If you encounter issues with your loft bed, refer to the following common problems and solutions:

- **Bed Feels Wobbly:**

- Ensure all assembly hardware (screws, bolts) are fully tightened.
- Verify that the anti-tip kit is correctly installed and secured to a wall stud.
- Check that all frame components are properly aligned and seated.

- **LED Lights Not Working:**

- Confirm the power cord for the LED lights is securely plugged into a functional power source.
- Check the remote control battery if using the remote.
- Ensure the light strip is properly connected to its power adapter.

- **Charging Station Not Providing Power:**

- Verify the charging station's power cord is firmly plugged into a working wall outlet.
- Test the wall outlet with another device to ensure it is functional.
- Ensure devices are correctly plugged into the AC outlets or USB ports.

- **Parts Do Not Align During Assembly:**

- Double-check the assembly diagrams and ensure you are using the correct parts for each step.
- Loosen previously tightened screws slightly to allow for adjustment, then retighten once aligned.
- Ensure no parts are installed backward or upside down.

If you continue to experience issues, please contact our customer support team.
