### HollyView Lark A1 Combo

# Hollyland Lark A1 Combo Wireless Microphone Instruction Manual

Model: Lark A1 Combo

## 1. PRODUCT OVERVIEW

---

The Hollyland Lark A1 Wireless Microphone is a compact and lightweight pin microphone system designed for smartphone content creators. It offers high-quality audio recording with versatile adjustment functions and intelligent noise cancellation. The combo package includes receivers for both USB-C and Lightning devices, along with a charging case for extended use.

## 3. SETUP INSTRUCTIONS

1. **Charge the Microphones and Case:** Ensure the charging case and microphones are fully charged before first use. The charging case can provide up to 54 hours of extended battery life for the microphones.

2. **Connect the Receiver:** Select the appropriate receiver (USB-C or Lightning) for your smartphone. Plug the receiver directly into your smartphone's charging port. The receiver is battery-free and operates via plug-and-play functionality.
3. **Power On Microphones:** Remove the microphones from the charging case. They should automatically power on and attempt to pair with the connected receiver. A successful connection is typically indicated by a solid light on both the microphone and receiver.
4. **Attach Microphones:** The microphones feature an ultra-lightweight design (8g) and can be discreetly attached to clothing using the innovative magnetic attachment system or the included clip. For outdoor use, attach the fur wind screens to minimize wind noise.

## 4. OPERATING INSTRUCTIONS

- **Noise Cancellation:** The Lark A1 features 3 levels of intelligent noise cancellation (low, medium, high) to effectively reduce ambient sounds like wind or traffic. This function can be adjusted via the dedicated LarkSound app.

- **Audio Quality & Adjustment:** The microphone provides 48kHz/24-bit studio-quality audio. Utilize the LarkSound app for EQ adjustment (balance/bass/bright mode) and reverb adjustment (small/medium/large) to customize your sound. An auto-limiter feature automatically compensates for sudden volume increases.
- **Gain Adjustment:** Adjust the audio gain across 6 levels using the LarkSound app to suit various voice environments, from subtle whispers to loud vocals.
- **Recording Control:** For iPhones, a triple press on the microphone button can start and stop recording. Consult your device's specific recording app for full compatibility.
- **Wireless Transmission:** The system offers a stable wireless transmission range of up to 200 meters (658.6 ft) with anti-interference technology.

## 5. MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the microphones, receivers, and charging case. Avoid using liquids or abrasive cleaners.
- **Storage:** Store the device in its charging case when not in use to protect it and ensure it remains charged. Keep in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** For optimal battery longevity, avoid fully discharging the device frequently. Charge regularly, even if not in

constant use.

## 6. TROUBLESHOOTING

### • No Sound/Poor Audio Quality:

- Ensure the receiver is securely plugged into your smartphone.
- Verify that the microphones are powered on and successfully paired (indicated by solid lights).
- Check microphone placement; ensure it's not obstructed and is close enough to the sound source.
- Adjust gain settings via the LarkSound app.
- If outdoors, ensure wind screens are properly attached.

### • Microphones Not Pairing:

- Ensure both microphones and the receiver are sufficiently charged.
- Power cycle the microphones by placing them back in the charging case and then removing them.
- Restart your smartphone.

### • Short Battery Life:

- Ensure the charging case is fully charged.
- Confirm microphones are properly seated in the charging case for charging.
- High noise cancellation levels or continuous recording may consume more power.

## 7. SPECIFICATIONS

<b>Brand</b>	HollyView
<b>Model Number</b>	Lark A1 Combo
<b>Item Dimensions L x W x H</b>	10 x 2 x 2.7 inches
<b>Item Weight</b>	7.4 ounces
