## 5.2. Translation Modes Explained

Navigate through the app to select the most suitable translation mode for your situation:

- **Dual Mode:** Each person wears one earbud, allowing for natural, real-time two-way conversation.
- **Speaker Mode:** One person speaks into the phone (or earbud), and the translation is played aloud through the phone's speaker, while the other person listens through the earbud.
- **Free Talk Mode:** Ideal for group conversations, where the app continuously translates and displays dialogue from multiple participants.
- **Offline Mode:** For situations without internet access, pre-download language packs in the app to enable basic translation functionality.
- **Photo Translation Mode:** Use your phone's camera through the app to translate text from images, signs, or documents.
- **Meeting Mode:** Designed for business or academic settings, this mode provides live transcription and translation of discussions.

To charge the earbuds, simply place them back into the charging case. The case will automatically begin charging them. To charge the case itself, connect it to a power source using the USB-C cable. The digital display on the case indicates the current battery level.

## 7. CARE AND MAINTENANCE

To ensure the longevity and optimal performance of your ZEAHOT AI Translation Earbuds, follow these care guidelines:

- **Cleaning:** Regularly wipe the earbuds and charging case with a soft, dry, lint-free cloth. Do not use abrasive cleaners or solvents.
- **Storage:** When not in use, store the earbuds in their charging case to protect them from dust and damage. Store in a cool, dry place away from direct sunlight and extreme temperatures.
- **Avoid Water:** The earbuds are not waterproof. Avoid exposing them to water, rain, or excessive moisture.
- **Handle with Care:** Do not drop, disassemble, or attempt to repair the earbuds or charging case yourself. This may void the warranty.

## 8. TROUBLESHOOTING

If you encounter any issues with your earbuds, please refer to the following common solutions:

Problem	Possible Solution
Earbuds not powering on	Ensure earbuds and charging case are fully charged. Place earbuds in case, close lid, then open again.

Problem	Possible Solution
Earbuds not pairing	Make sure Bluetooth is enabled on your device. Forget the device in your Bluetooth settings and try pairing again. Ensure earbuds are in pairing mode.
Translation not working/inaccurate	Check your internet connection (for online modes). Ensure correct source and target languages are selected in the app. Speak clearly and at a moderate pace. Update the app to the latest version.
Poor audio quality	Ensure earbuds are clean and properly seated in your ears. Check the audio source device.
App crashing/freezing	Close and restart the app. Clear the app's cache (Android) or reinstall the app. Ensure your device's operating system is up to date.

If the issue persists after trying these steps, please contact customer support for further assistance.
