BSRCO Handheld Vacuum

BSRCO Handheld Vacuum Cordless Rechargeable 3-in-1 Instruction Manual

Model: Handheld Vacuum

1. INTRODUCTION

Thank you for choosing the BSRCO Handheld Vacuum Cordless Rechargeable 3-in-1. This compact and powerful vacuum cleaner is designed for versatile use, offering efficient cleaning for your car, home, and office. Its lightweight design, strong suction, and multiple attachments make it an ideal tool for tackling dust, pet hair, and debris in hard-to-reach areas.

Please read this manual thoroughly before operating the device to ensure safe and optimal performance. Keep this manual for future reference.

2. SAFETY INFORMATION

- Do not use the vacuum cleaner near flammable or combustible liquids or gases.
- Do not vacuum hot ashes, cigarette butts, or sharp objects.
- Keep hair, loose clothing, fingers, and all parts of the body away from openings and moving parts.
- Do not immerse the vacuum cleaner in water or other liquids.
- Use only the charging cable provided by the manufacturer.
- Ensure the filter is properly installed before use.
- This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.

- Children should be supervised to ensure that they do not play with the appliance.

3. PACKAGE CONTENTS

Verify that all items are present and in good condition upon unpacking:

- BSRCO Handheld Vacuum Unit
- Corrugated Hose
- Crevice Nozzle
- Couch Brush
- USB Charge Cable
- HEPA Filter (pre-installed)

4. SETUP

4.1 Initial Charge

Before first use, fully charge the handheld vacuum. The unit is equipped with a 2,000 mAh battery.

1. Connect the provided USB Charge Cable to the vacuum's charging port.
2. Plug the other end of the USB cable into a compatible USB power source (e.g., wall adapter, computer USB port, car USB port).
3. The LED indicator light will show RED during charging and turn GREEN when fully charged.
4. A full charge typically takes approximately 3 hours.

Note: Avoid charging the vacuum in a vehicle when the engine is not running to prevent battery shortage in the vehicle.

5. OPERATING INSTRUCTIONS

5.1 Powering On/Off

Press the power button located on the top of the handle to turn the vacuum on. Press it again to turn the vacuum off.

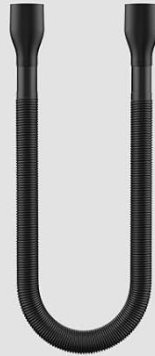

5.2 Using Attachments

The BSRCO Handheld Vacuum comes with three versatile attachments:

- **Corrugated Hose:** Ideal for reaching tight angles and cleaning corners in your car or home.
- **Crevice Nozzle:** Provides concentrated suction power for removing dust and debris from narrow gaps and crevices.
- **Couch Brush:** Designed to pluck suede and remove stubborn dirt and pet hair from upholstery and carpets.

To attach an accessory, simply push it firmly onto the vacuum's suction opening until it clicks into place. To remove, pull it off gently.

3-in-1 Quik Cleans Always in Reach

Corrugated Hose

Change angles and clean any corner.

Couch Brush

Pluck the suede to remove stubborn dirt.

Crevice Nozzle

Concentrated suction power to remove dust from crevices.

Image: The handheld vacuum demonstrating the use of its corrugated hose, couch brush, and crevice nozzle for various cleaning tasks.

5.3 Using the LED Light

The built-in LED light illuminates dark corners, making it easier to spot dust and debris. Press the dedicated LED light button (separate from the power button) to turn the light on or off.

BUILT-IN LED LIGHT

No dust can hide.

Image: The handheld vacuum in use, with its LED light shining on a dusty floor, highlighting its effectiveness in dark areas.

5.4 General Usage Tips

- For optimal suction, ensure the dust cup is not full and the HEPA filter is clean.
- The vacuum provides 20-30 minutes of cleaning power on a full charge.
- Its lightweight design (1.65 lbs) makes it easy to maneuver for extended periods.

6. MAINTENANCE

Regular maintenance ensures the longevity and efficiency of your BSRCO Handheld Vacuum.

6.1 Emptying the Dust Cup

It is recommended to empty the dust cup after each use or when the debris reaches the MAX fill line.

1. Ensure the vacuum is turned off.
2. Locate the dust cup release button (refer to the 'Detailed List' image in Section 3). Click the button to release the dust cup.
3. Carefully remove the dust cup from the main unit.
4. Empty the collected dust and debris into a waste bin.

6.2 Cleaning the HEPA Filter

The HEPA filter is washable and reusable. Clean it regularly to maintain strong suction power.

1. After emptying the dust cup, gently pull apart the filter assembly from the dust cup.
2. Wash the HEPA filter under running water until it is clean. Do not use detergents or hot water.
3. Allow the filter to air dry completely in a well-ventilated area before reassembling. Do not use a dryer or direct heat.
4. Once dry, reinsert the filter into the dust cup, ensuring it is properly seated.
5. Attach the dust cup back to the main vacuum unit until it clicks securely.

Image: A step-by-step visual guide demonstrating how to release the dust cup, remove the filter, empty debris, wash the filter, and allow it to dry.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Vacuum does not turn on.	Battery is depleted.	Charge the vacuum fully (approx. 3 hours).
Weak suction.	Dust cup is full.	Empty the dust cup.
Weak suction.	HEPA filter is clogged.	Clean or replace the HEPA filter. Ensure it is completely dry before reinserting.
Weak suction.	Nozzle or hose is blocked.	Check and clear any blockages in the nozzle or hose.
Short operating time.	Battery not fully charged.	Ensure the vacuum is fully charged before use.
