Klever Kits 60220

Klever Kits Stepping Stones Painting Kit

Model: 60220

Product Overview

The Klever Kits Stepping Stones Painting Kit provides a creative activity for children aged 6-12. This kit allows users to paint and personalize five unique ceramic garden stones, transforming them into colorful outdoor decorations. The designs include a Unicorn, Bunny, Butterfly, Turtle, and Sunflower, encouraging imaginative expression.

Each stone is pre-formed with a realistic stone texture, eliminating the need for messy molding. The kit includes all necessary materials, such as vibrant, non-toxic paints and brushes, ensuring a safe and enjoyable crafting experience. Once painted and dried, the stones can be displayed in a garden or outdoor area, providing a lasting creation.

Setup and Preparation

1. **Unpack Components:** Carefully remove all items from the kit packaging. Ensure all five stepping stones, paint pots, and brushes are present.
2. **Prepare Workspace:** Choose a clean, flat surface for painting. Cover the surface with newspaper or a protective cloth to prevent paint spills. Ensure adequate lighting.
3. **Gather Supplies:** Have a cup of water ready for rinsing brushes and paper towels for drying them.
4. **Review Instructions:** Read through the entire instruction manual before beginning to familiarize yourself with the painting process.

Painting Instructions

Follow these steps to paint your ceramic stepping stones:

1. **Select a Stone:** Choose one of the five ceramic stepping stones you wish to paint first.
2. **Choose Colors:** Select the paint colors you want to use for your chosen design. The kit provides a variety of vibrant colors.
3. **Apply Paint:** Dip a brush into the paint of your choice. Gently tap off any excess paint. Carefully apply paint to the recessed areas of the stone's design. Use the fine-tip brush for intricate details and the wide-tip brush for larger sections.
4. **Layering Colors:** For a more opaque finish, allow the first coat of paint to dry completely before applying a second layer.
5. **Rinse Brushes:** Rinse your brushes thoroughly with water between color changes to prevent mixing. Dry them with a paper towel.
6. **Complete All Stones:** Repeat the process for all five stepping stones, allowing each to dry completely after painting.

Care and Maintenance

- **Cleaning:** To clean the painted stones, gently wipe them with a damp cloth. Avoid abrasive cleaners or harsh scrubbing, which may damage the paint.
- **Weather Resistance:** The paints are formulated to be weather-resistant. However, prolonged exposure to extreme

weather conditions (e.g., heavy frost, intense direct sunlight for many years) may eventually affect their appearance. For maximum longevity, consider bringing them indoors during harsh winter months.

- **Storage:** If storing the stones, ensure they are clean and completely dry. Store them in a cool, dry place to prevent any potential damage.

Safety Information

- **Age Recommendation:** This kit is recommended for children aged 6-12. Adult supervision is advised, especially for younger children, to ensure proper use of materials and to prevent accidental ingestion of paint.
- **Non-Toxic Paints:** All paints included in this kit are non-toxic and safe for use as directed.
- **Choking Hazard:** Small parts (brushes, paint pots) may pose a choking hazard for children under 3 years. Keep these items out of reach of toddlers.
- **Eye Contact:** In case of eye contact with paint, rinse immediately with plenty of water. If irritation persists, seek medical attention.

- **Ingestion:** If paint is ingested, drink water and consult a physician if symptoms occur.
