Livatro LVHD3001W

Livatro 3L Stainless Steel Warm Mist Humidifier

Model: LVHD3001W

Brand: Livatro

Important Safety Information

Please read this manual thoroughly before operating the humidifier. Keep it for future reference.

- Always place the humidifier on a firm, flat, water-resistant surface at least 12 inches (30 cm) away from walls and appliances.
- Do not place the humidifier on carpet, near heat sources, or in direct sunlight.
- Ensure the top cover and steam mist outlet are properly installed before using the product.
- Keep out of reach of children. The unit features a child lock and anti-scald nozzle for safety.
- The unit will automatically power off if tipped over or when water levels are low.
- Use only clean, cool tap water or distilled water. Distilled water is recommended to minimize mineral buildup.
- Do not add essential oils directly to the water tank.

Product Overview

The Livatro 3L Stainless Steel Warm Mist Humidifier provides healthy, pure steam by heating water to a boiling point. Its stainless steel tank ensures durability and easy cleaning, promoting a hygienic environment.

Setup

1. Unboxing and Placement

- Carefully remove all packaging materials.
- Place the humidifier on a stable, level surface.

2. Filling the Water Tank

1. Unlock the top cover by sliding the 'UNLOCK' switch.
2. Remove the mist outlet cover and the stainless steel water tank.
3. Fill the stainless steel tank with cool, clean water up to the 'MAX' line. Do not overfill.
4. Place the filled tank back into the humidifier base.
5. Replace the mist outlet cover and secure the top cover by sliding the 'LOCK' switch.

3. Power Connection

- Plug the power cord into a standard electrical outlet. The unit has a 2m long power cord for flexible placement.

Operating Instructions

1. Power On/Off

- Press the power button (**O**) on the touch screen to turn the humidifier on or off.

2. Mode Selection

The humidifier offers three operating modes with preset humidity levels:

- **Sleep Mode (55% Humidity):** For quiet, undisturbed operation during sleep. The display lights will turn off.
- **Standard Mode (65% Humidity):** For general use and maintaining comfortable humidity levels.
- **Fast Mode (75% Humidity):** For quickly increasing humidity in the room.

Press the mist mode button () to cycle through Sleep, Standard, and Fast modes.

3. Timer Function

- Press the timer button () to set the operating duration from 1 to 12 hours. The display will show the remaining time.
- To disable the timer, cycle through the settings until "0:00" is displayed.

4. Screen Lock / Child Lock

- To activate the screen lock, press and hold the light button () for a few seconds until "Lock" appears on the display. This prevents accidental changes to settings.
- To deactivate, press and hold the light button again.

5. Display Light Control

- Press the light button () to turn the display lights on or off. This is useful for nighttime operation.

Maintenance

Regular cleaning is essential for optimal performance and hygiene. The stainless steel tank is designed for easy maintenance.

1. Daily Maintenance

- Empty and rinse the water tank daily.
- Wipe down the interior of the tank and the heating element with a soft cloth.

2. Weekly Cleaning and Descaling

To remove mineral buildup (limescale) and ensure clean operation:

1. Unlock and remove the top cover and water tank.
2. Add lemons, citric acid, or vinegar to the stainless steel water tank.
3. Press the "Auto Clean" button () on the control panel. The humidifier will run a cleaning cycle.
4. After the cycle, rinse the tank thoroughly to remove any cleaning solution and loosened mineral deposits.
5. The stainless steel tank is dishwasher safe for convenient cleaning.

Troubleshooting

- **No Mist Production:** Ensure the water tank is filled above the minimum level. Check that the top cover is securely locked. Allow 15-30 minutes for the water to heat up and steam to begin.
- **Unit Not Turning On:** Verify the power cord is securely plugged into a working outlet. Check if the unit was tipped over, activating the auto-off safety feature.
- **Excessive Mineral Buildup:** If using hard water, perform the weekly auto-clean function more frequently or consider using distilled water.
- **Display Light Too Bright:** Use the light button () to turn off the display lights for sleep mode.
- **Lid Not Locking:** Ensure the water tank and mist outlet cover are correctly seated before attempting to lock the top cover.
