2. SETUP AND FIRST USE

Upon receiving your Majestic Rose Eau De Parfum, ensure the packaging is intact. No assembly is required for this product.

1. Carefully remove the bottle from its packaging.
2. Remove the protective cap from the spray nozzle.
3. For the first use, prime the pump by spraying a few times into the air until a fine mist appears.

3. OPERATING INSTRUCTIONS

To apply the Majestic Rose Eau De Parfum:

1. Hold the bottle approximately 6-8 inches (15-20 cm) away from your skin.
2. Spray a fine mist onto pulse points such as wrists, neck, and behind the ears. These areas generate heat, which helps to diffuse the fragrance throughout the day.
3. Avoid rubbing the fragrance into your skin, as this can alter the scent and reduce its longevity.
4. Apply sparingly; a few sprays are typically sufficient for a long-lasting effect.

4. MAINTENANCE AND STORAGE

Proper care and storage will help preserve the quality and longevity of your fragrance.

- **Storage:** Store the Eau De Parfum in a cool, dry place, away from direct sunlight and extreme temperatures. Heat and light can degrade the fragrance over time.
- **Cap:** Always replace the cap securely after each use to prevent evaporation and contamination.
- **Cleaning:** If the bottle or nozzle becomes dusty, gently wipe it with a soft, dry cloth. Do not use harsh chemicals or abrasive materials.
- **Travel:** When traveling, ensure the cap is tightly secured to prevent leaks. Consider placing the bottle in a protective pouch.

5. TROUBLESHOOTING

If you encounter any issues with your Majestic Rose Eau De Parfum, consider the following:

- **Scent Fades Quickly:** Ensure you are applying to pulse points. Skin hydration can also affect longevity; apply to moisturized skin for better adherence.
- **Nozzle Clogged:** If the spray nozzle is not dispensing properly, gently wipe it with a damp cloth. If still clogged, try priming the pump again. Do not attempt to disassemble the nozzle.
- **Skin Irritation:** If skin irritation occurs, discontinue use immediately. Consult a healthcare professional if symptoms persist.
