CARE AND MAINTENANCE

Proper care will help maintain the appearance and extend the lifespan of your Angel Sar Rattan Night Stand.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid using harsh chemicals, abrasive cleaners, or excessive moisture, as these can damage the wood finish and rattan.
- **Dusting:** Regularly dust the nightstand with a dry, soft cloth to prevent dust buildup. For rattan, use a soft brush or vacuum cleaner with a brush attachment to remove dust from crevices.
- **Spills:** Blot spills immediately with a clean, dry cloth. Do not rub, as this can spread the liquid and damage the finish.
- **Sunlight Exposure:** Avoid prolonged exposure to direct sunlight, which can cause fading or discoloration of the wood and rattan.
- **Heat and Moisture:** Keep the nightstand away from direct heat sources and areas of high humidity to prevent warping or damage to the materials.
