TUDO Dutch Windmill Musical Building Blocks

MODEL: 21NT619 - INSTRUCTION MANUAL

1. Introduction

Thank you for choosing the TUDO Dutch Windmill Musical Building Blocks. This set allows you to construct a detailed model of a traditional Dutch windmill, which also functions as a musical box. This manual provides essential information for assembly, operation, maintenance, and safety to ensure a rewarding experience.

This building set is designed to stimulate motor skills and creative thinking, offering an engaging activity for individuals and families.

2. Safety Information

WARNING! NOT RECOMMENDED FOR CHILDREN UNDER 3 (THREE) YEARS OLD DUE TO SMALL PART(S) THAT MAY BE SWALLOWED OR INHALED.

Remove all plastics and packaging parts that are not part of the toy before giving it to a child. Adult supervision is recommended when the child is playing. This product is suitable for children over 6 years old.

3. Package Contents

- 425 Building Block Pieces
- Instruction Booklet (this manual)

Please verify that all pieces are present before beginning assembly. If any pieces are missing, please contact customer support.

4. Assembly Instructions

Follow the step-by-step diagrams provided in the separate instruction booklet included in the package. The assembly process involves connecting the 425 building blocks to form the Dutch windmill structure.

1. **Preparation:** Unpack all pieces and organize them by color or shape as suggested in the instruction booklet.
2. **Base Construction:** Begin by assembling the base of the windmill, ensuring all connections are secure.

3. **Structure Building:** Proceed with building the main body of the windmill, layer by layer, following the numerical sequence in the booklet.
4. **Detailing:** Attach smaller decorative elements, such as windows, doors, and the windmill blades.
5. **Musical Mechanism Integration:** Carefully integrate the musical box component as indicated in the instructions.

Ensure each block is firmly pressed into place to create a stable and durable model.

5. Operating Instructions

Once assembled, the Dutch Windmill model functions as a musical box.

- **Activating the Music:** Locate the winding mechanism, typically on the side or bottom of the base. Gently turn the mechanism clockwise until you feel slight resistance.
- **Playing the Melody:** Release the winding mechanism, and the musical box will begin to play a melody. The windmill blades may also rotate as part of the mechanism.

Do not over-wind the musical mechanism, as this can cause damage.

6. Maintenance

To ensure the longevity of your TUDO Dutch Windmill Musical Building Blocks, follow these simple maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to gently wipe away dust from the model. For more stubborn dirt, a slightly damp cloth can be used, followed by immediate drying. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** Store the model in a cool, dry place away from direct sunlight to prevent discoloration or material degradation.
- **Handling:** Handle the model with care, especially the delicate windmill blades and musical mechanism, to prevent damage.

7. Troubleshooting

- **Missing Pieces:** If you discover any missing pieces during assembly, please contact the retailer or manufacturer's customer support for assistance.
- **Musical Mechanism Not Working:** Ensure the mechanism is fully wound. If it still does not function, check for any obstructions or loose connections within the musical box component. Do not attempt to disassemble the musical mechanism if you are unsure.
- **Loose Connections:** If parts of the model feel unstable, gently press the connected blocks together to ensure a firm fit.
