

Logitech MK250

Logitech MK250 Bluetooth Wireless Keyboard and Mouse Combo User Manual

MODEL: MK250 (920-013510)

1. Introduction

This manual provides comprehensive instructions for setting up, operating, and maintaining your Logitech MK250 Bluetooth Wireless Keyboard and Mouse Combo. This combo offers a reliable and efficient wireless solution for your computing needs, compatible with Windows and macOS operating systems. Please read this manual thoroughly before using your new device.

Image: The Logitech MK250 Bluetooth Wireless Keyboard and Mouse Combo.

2. Package Contents

Verify that all items are present in your package:

- Logitech MK250 Wireless Keyboard

- Logitech M196 Wireless Mouse
- 2 AAA Batteries (pre-installed in keyboard)
- 1 AA Battery (pre-installed in mouse)
- User Documentation

Designed for a positive future

Made with recycled plastic

Image: Contents of the Logitech MK250 combo package, showing the keyboard, mouse, and included batteries.

3. Setup

3.1. Battery Installation

The keyboard requires 2 AAA batteries and the mouse requires 1 AA battery. These are typically pre-installed. Remove the battery pull tabs before first use.

1. Locate the battery compartment on the underside of the keyboard and mouse.
2. Open the compartment cover.
3. Remove the protective pull tab(s) if present.
4. Ensure batteries are correctly oriented according to the polarity indicators (+/-).
5. Close the battery compartment cover securely.

3.2. Bluetooth Pairing

The Logitech MK250 combo connects via Bluetooth, eliminating the need for a USB receiver.

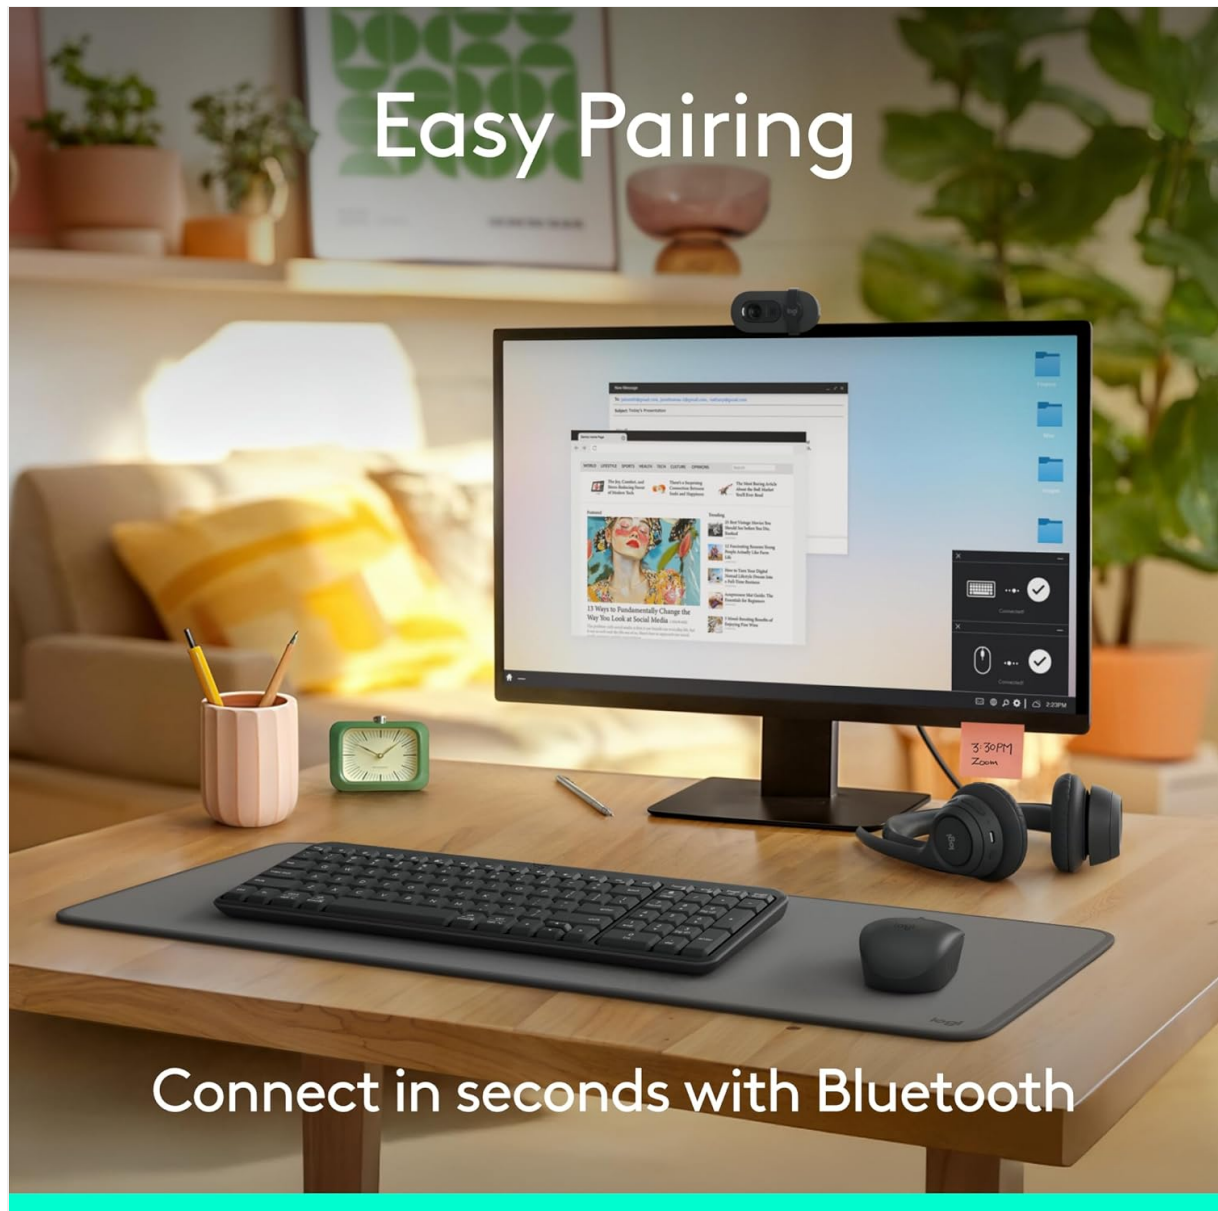

Image: A workspace demonstrating the easy pairing process of the Logitech MK250 combo.

3.2.1. Keyboard Pairing

1. Turn on the keyboard using the ON/OFF switch located on the underside.
2. Press and hold the Bluetooth pair button on the underside of the keyboard for 3 seconds until the LED indicator starts blinking rapidly.
3. On your computer (Windows or macOS), navigate to Bluetooth settings.
4. Select "Add a device" or "Bluetooth & other devices".
5. Choose "Bluetooth" and wait for "Logitech MK250 Keyboard" to appear in the list of available devices.
6. Click on "Logitech MK250 Keyboard" to initiate pairing. Follow any on-screen prompts, such as entering a code.
7. Once paired, the LED indicator on the keyboard will stop blinking and remain solid for a few seconds, then turn off to conserve power.

Image: Detailed view of the keyboard's underside, highlighting the Bluetooth pairing button.

3.2.2. Mouse Pairing

1. Turn on the mouse using the ON/OFF switch on its underside.
2. Press and hold the pairing button (often labeled with a Bluetooth symbol or similar) on the underside of the mouse for 3 seconds until the LED indicator starts blinking.
3. On your computer, in the same Bluetooth settings, wait for "Logitech MK250 Mouse" or "Logitech M196" to appear.
4. Click on the mouse name to pair.
5. The LED indicator will stop blinking upon successful connection.

Image: Underside of the mouse, indicating the pairing button and battery compartment.

4. Operating Instructions

4.1. Keyboard Features

- **Compact Layout with Numpad:** The keyboard features a space-saving design while retaining a full numeric keypad and essential function keys.
- **Deep-Profile Keys:** Designed for comfortable and familiar typing experience.
- **Adjustable Tilt Legs:** Located on the underside, these allow you to adjust the keyboard angle for ergonomic comfort.
- **Handy F-key Shortcuts:** Access media controls, volume, and other functions directly from the F-keys.

Comfortable typing

Deep-profile keys guide your fingers

Image: User's hands demonstrating comfortable typing on the keyboard.

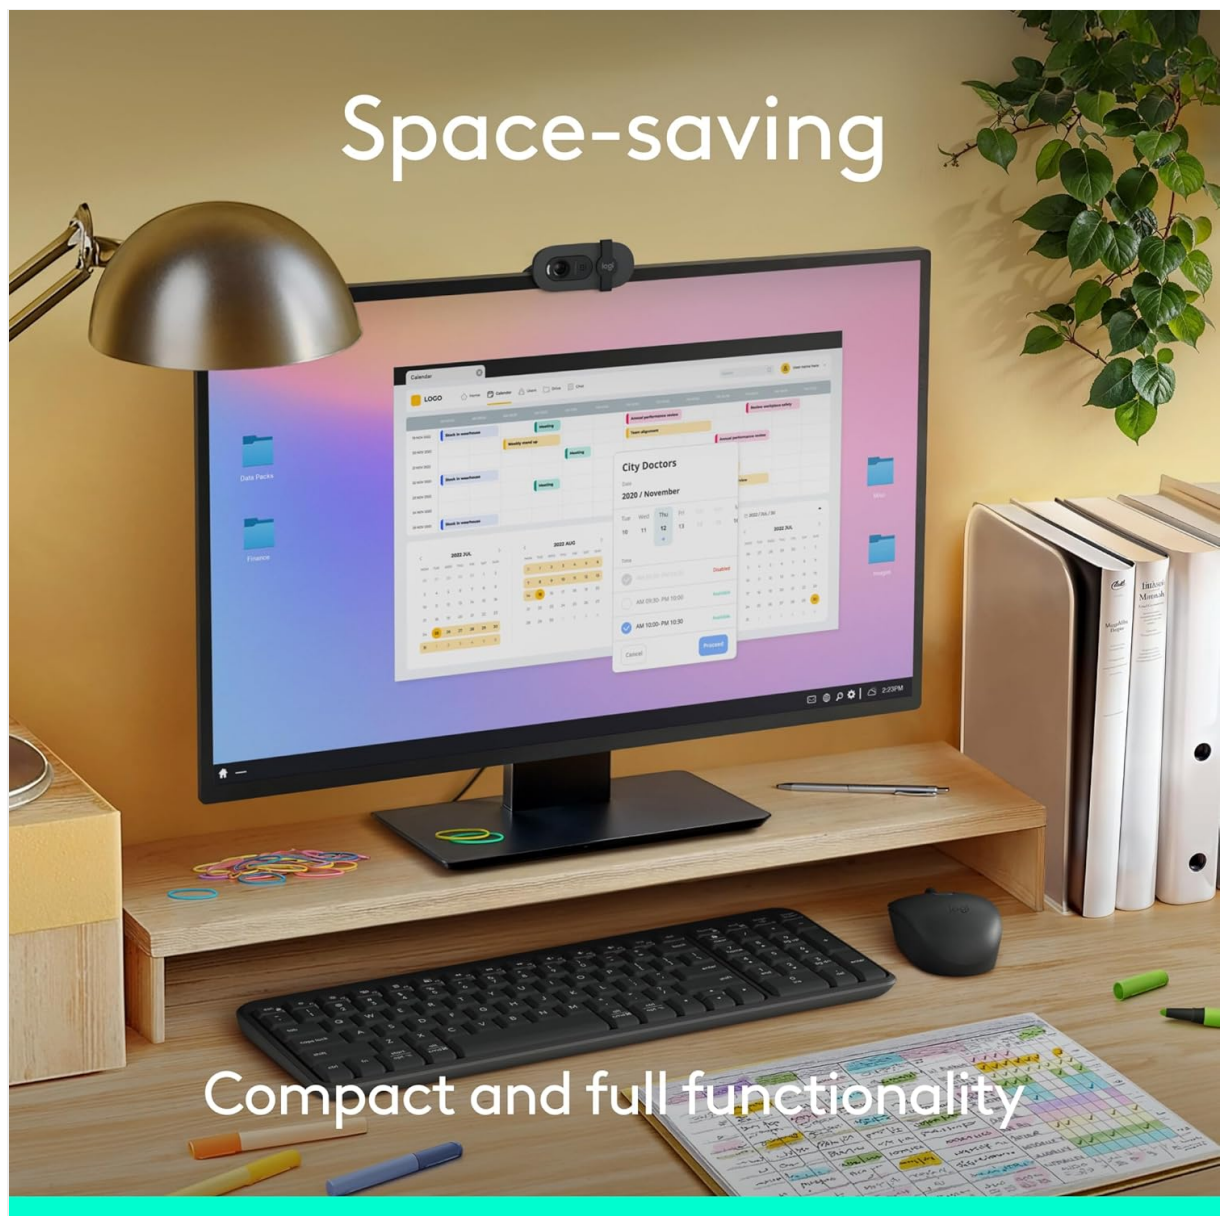

Image: The compact keyboard and mouse combo on a desk, showing its space-saving benefits.

4.2. Mouse Features

- **Ambidextrous Design:** The mouse is shaped to comfortably fit both left and right hands.
- **Smooth Tracking:** Provides precise and responsive cursor control.
- **Compact Size:** Ideal for portability and use in various environments.

5. Maintenance

5.1. Cleaning

To clean your keyboard and mouse:

- Ensure both devices are turned off.
- Use a soft, lint-free cloth lightly dampened with water or an approved electronics cleaner.
- Avoid excessive moisture and do not spray cleaners directly onto the devices.
- The keyboard features a spill-resistant design, meaning it can withstand minor liquid spills. However, it is not waterproof. In case of a spill, immediately turn off the keyboard, disconnect it, and allow it to dry completely before reuse.

Image: The keyboard demonstrating its spill-resistant capabilities.

5.2. Battery Replacement

Replace batteries when performance degrades or the low battery indicator (if present) illuminates.

- Keyboard: 2 AAA batteries (approximately 12-month battery life).
- Mouse: 1 AA battery (approximately 12-month battery life).
- Follow the battery installation steps in Section 3.1.
- Dispose of old batteries responsibly according to local regulations.

6. Troubleshooting

6.1. Connectivity Issues

- **Device Not Connecting:**
 - Ensure both the keyboard and mouse are turned on.
 - Verify that Bluetooth is enabled on your computer.
 - Re-initiate pairing mode on the keyboard/mouse and re-scan for devices on your computer.
 - Check battery levels and replace if necessary.
 - Move the devices closer to your computer to rule out range issues.
- **Intermittent Connection:**
 - Ensure there are no other strong wireless signals or devices causing interference (e.g., Wi-Fi routers, other Bluetooth devices).
 - Update your computer's Bluetooth drivers.
 - Restart your computer.

6.2. Keyboard/Mouse Not Responding

- Check battery levels.
- Ensure the device is turned on.
- If connected, try turning the device off and on again.
- For the mouse, ensure the optical sensor is clean and unobstructed.

7. Specifications

Brand	Logitech
Model Name	MK250 Keyboard & Mouse
Item Model Number	920-013510
Connectivity Technology	Bluetooth
Compatible Devices	Laptop, Personal Computer, Tablet
Operating System Compatibility	Chrome OS, Windows 10/11 or later, macOS 12 or later
Keyboard Battery Type	2 x AAA (included)
Mouse Battery Type	1 x AA (included)
Estimated Battery Life	12 months (keyboard and mouse)
Product Dimensions (LxWxH)	18.03 x 5.98 x 1.73 inches (Combo Package)
Item Weight	1.53 pounds (Combo Package)
Material	Plastic parts made with minimum 66% (mouse) and 64% (keyboard) recycled materials.

Image: The Logitech MK250 combo highlighting its construction from recycled materials.

8. Warranty and Support

Logitech products are manufactured to high quality standards and are backed by a limited hardware warranty. For detailed warranty information, please refer to the warranty card included with your product or visit the official Logitech website.

For technical support, frequently asked questions, and driver downloads, please visit the Logitech support website:
