Generic 12-Cup Coffee Machine Carafe

REPLACEMENT CARAFE FOR MR. COFFEE BVMC-IMX41

Introduction

This instruction manual provides essential information for the proper use and care of your new 12-cup replacement glass carafe. Designed for compatibility with Mr. Coffee BVMC-IMX41 coffee makers, this carafe ensures you can continue to enjoy fresh, hot coffee. Please read these instructions carefully before first use.

Compatibility

This replacement carafe is specifically designed for use with **Mr. Coffee BVMC-IMX41** coffee maker models. To ensure proper fit and function, verify your coffee maker's model number before use.

How to Check Compatibility:

1. Locate the model number on the bottom of your Mr. Coffee machine.
2. Confirm that the model number matches **BVMC-IMX41**.
3. Verify the carafe dimensions: approximately 6 inches (W) x 7.5 inches (H).

How to check the compatibility ?

1. See model number of machine at the bottom. Fits Mr Coffee Model BVMC-IMX41.
2. Measure the distance between warm plate and mushroom head, the carafe dimensions is 6"W x 7.5"H.

Image: A visual guide demonstrating how to locate the model number on the base of a coffee maker and illustrating the dimensions of the replacement carafe (6 inches wide by 7.5 inches high).

Setup

1. **Unpacking:** Carefully remove the carafe from its packaging. Inspect for any damage.
2. **Initial Cleaning:** Before first use, wash the carafe and lid thoroughly with warm, soapy water. Rinse completely and dry.
3. **Placement:** Ensure the coffee maker's warming plate is clean and free of debris. Place the clean carafe securely on the warming plate of your Mr. Coffee BVMC-IMX41 machine.

Operating Instructions

Using the replacement carafe is similar to using your original carafe.

1. **Filling:** Use the clear measurement markings on the side of the carafe to fill with the desired amount of water for brewing. Do not exceed the 12-cup maximum fill line.
2. **Brewing:** Place the carafe with its lid securely on the coffee maker's warming plate before starting the brewing cycle. The lid is designed to allow coffee to drip through during brewing and helps maintain

temperature.

3. **Pouring:** The ergonomic black handle provides a comfortable grip, and the drip-free spout ensures precise pouring without spills.

Maintenance and Cleaning

Regular cleaning will prolong the life of your carafe and ensure optimal coffee taste.

- **Daily Cleaning:** After each use, empty any remaining coffee. Wash the carafe and lid with warm, soapy water. A soft brush may be used for the interior. Rinse thoroughly.
- **Dishwasher Safe:** The glass carafe is dishwasher safe for convenient cleaning. Place it on the top rack if possible. The lid can also be washed in the dishwasher.
- **Stain Removal:** For stubborn coffee stains, fill the carafe with warm water and a small amount of white vinegar or a specialized coffee pot cleaner. Let it soak for 30 minutes, then scrub and rinse.
- **Care:** Avoid using abrasive cleaners or scouring pads, as these can scratch the glass or plastic components.

Image: The replacement carafe highlighting its key features: BPA-free materials, dishwasher-safe design, durable construction, and ease of use.

Troubleshooting

- **Carafe does not fit:** Double-check your coffee maker's model number against the compatible model (BVMC-IMX41). Ensure the carafe is correctly aligned on the warming plate.
- **Coffee spills during brewing:** Ensure the lid is properly seated on the carafe and the carafe is fully pushed back onto the warming plate, engaging the drip-stop mechanism of the coffee maker.

- **Coffee not staying hot:** Verify that your coffee maker's warming plate is functioning correctly. Ensure the carafe lid is securely in place to retain heat.
