1. INTRODUCTION

This manual provides instructions for the Bburago Mercedes-AMG W16 2025 Antonelli 1:43 scale diecast model car. This product is an official replica of the single-seater driven by Andrea Kimi Antonelli for the Mercedes-AMG Petronas F1 team in the 2025 season, featuring an iconic silver-black finish. The model is crafted from diecast metal with high-quality workmanship and includes a personalized base and a clear display case for presentation. This model is intended for collectors aged 14 and up.

2. SETUP

2.1 Unboxing

1. Carefully remove the model car and its display case components from the packaging.
2. Inspect all components for any signs of damage during transit. If any damage is found, contact customer support immediately.

2.2 Display Case Assembly

1. Place the model car onto the personalized base. Ensure it is seated securely.
2. Carefully place the clear acrylic display case over the model and base, aligning it properly to protect the model from dust and damage.

3. HANDLING & DISPLAY

3.1 Handling the Model

- Always handle the model by its base or main body. Avoid touching delicate parts such as mirrors, wings, or antennas, as these can be fragile.
- Use clean, dry hands when handling to prevent smudges or transfer of oils.

3.2 Display Recommendations

- Place the display case on a stable, flat surface to prevent accidental falls.
- Avoid direct sunlight exposure, as prolonged exposure can cause fading of colors over time.
- Keep the model away from extreme temperatures or high humidity.

Image 3.2: Rear view of the diecast model, showing exhaust and rear wing details.

4. MAINTENANCE

4.1 Cleaning Instructions

- To clean the model car and display case, gently dust with a soft, dry cloth. Microfiber cloths are recommended to avoid scratching surfaces.
- Avoid using water, harsh cleaning agents, or abrasive materials, as these can damage the paint finish or plastic components.
- For stubborn dust in crevices, a soft brush (like a clean, dry paintbrush) can be used carefully.

5. TROUBLESHOOTING

5.1 Common Issues and Solutions

- **Dust Accumulation:** If dust accumulates inside the display case, carefully remove the case, clean both the model and the inside of the case as per maintenance instructions, and then reassemble.
- **Loose Parts:** Due to the intricate nature of diecast models, small parts may occasionally become loose. If a part detaches, it can often be reattached using a small amount of model-safe adhesive. Exercise caution and refer to specialized modeling resources if unsure.
- **Scratches on Display Case:** Minor scratches on the acrylic display case can sometimes be buffed out with a plastic polish designed for clear plastics. Avoid abrasive cleaners.

6. SPECIFICATIONS

Feature	Detail
Brand	Bburago
Model Name	W16 2025 Antonelli 1:43 Case
Model Number	18-38238
Manufacturer Part Number	18-38238A
Scale	1:43
Colour	Silver-Black
