MILOUZ R1

MILOUZ Remote Scrolling Ring R1 Instruction Manual

Model: R1 | Brand: MILOUZ

PRODUCT OVERVIEW

The MILOUZ Remote Scrolling Ring is a versatile Bluetooth device designed to enhance your digital interaction across various platforms. It allows for hands-free control of scrolling, page-turning, and camera functions on compatible smartphones and tablets.

Key Features

- **Bluetooth Scrolling Ring for TikTok:** Effortlessly swipe up/down, adjust volume +/-, pause/play, or like videos and live streams completely hands-free. (Note: Not applicable to music apps)
- **Remote Page Turner for Reading Apps:** Enjoy a smooth reading experience with remote page-turning for iOS and Android e-book apps. Simply press the remote ring to flip to the previous or next page without touching your screen. (Note: Not compatible with Kindle devices)
- **Snap, Record & Focus-Remotely:** Capture the perfect shot, hands-free. Use the Bluetooth ring to remotely snap photos, video recordings, and turn on auto-focus for clearer photos. Ideal for selfies, vlogging, and creative photography.
- **Weeks of Power, Minutes to Charge:** The MILOUZ ring comes with a sleek portable charging case. Fully charges in just 1.5 hours and powers daily use for weeks.
- **Featherlight Comfort & Adjustable Ring Size:** Crafted from premium, lightweight materials and designed for all-day wear. The adjustable size ring fits all finger sizes comfortably, preventing slipping or breakage.
- **Auto Continuous Likes:** The scroll ring can enable automatic likes in live broadcast rooms, allowing you to send thousands of likes without manual interaction.

PACKAGE CONTENTS

- Bluetooth Ring
- Charging Case
- Type-C Charging Cable
- Manual

SETUP AND INITIAL PAIRING

Charging the Device

The MILOUZ Remote Scrolling Ring comes with a portable charging case. To charge the ring, simply place it inside the case. The case itself is charged via the included Type-C charging cable. A full charge takes approximately 1.5 hours and provides weeks of daily use.

Powering On

Remove the ring from the charging case to automatically power it on. Red and blue indicator lights will flash alternately, signifying that the device is ready for Bluetooth pairing.

Bluetooth Pairing (General)

Ensure Bluetooth is enabled on your smartphone or tablet. Search for 'R1' in the list of available Bluetooth devices and select it to connect.

iOS Specific Setup

For iOS devices, additional settings are required for full functionality:

- Ensure your iOS version is 14.8 or higher.
- Enable AssistiveTouch: Navigate to **Settings > Accessibility > Touch > AssistiveTouch** and toggle it ON.
- Adjust Tracking Sensitivity: Within the AssistiveTouch settings, locate and adjust the 'Tracking Sensitivity' to approximately 20%.
- Verify 'Perform Touch Gestures' is enabled in AssistiveTouch settings.

Your browser does not support the video tag.

OPERATING INSTRUCTIONS

Basic Controls

Vertical Scrolling Reading

Press and hold the up/down keys to scroll slowly up or down

Horizontal Flipping Reading

Click the left/right keys to turn pages left or right
One-Step Solution

Left/Right Page Turning Settings

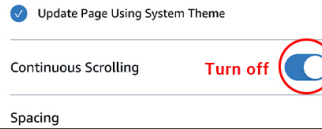

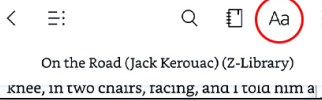

Image: A detailed diagram illustrating the functions of each button on the MILOUZ Remote Scrolling Ring.

- **Central Joystick (Up/Down):** Scroll up/down in applications, such as TikTok feeds or e-book pages.
- **Central Joystick (Left/Right):** Navigate left/right in certain applications. Long press to adjust volume (Left for Volume -, Right for Volume +).
- **OK Button (Single Click):** Play/Pause video, or cancel continuous like.
- **OK Button (Double Click):** Perform a single 'like' action.
- **OK Button (Long Press for 5s):** Activate continuous 'like' function.
- **Camera Button (Single Click):** Take a photo.
- **Camera Button (Long Press):** Start or stop video recording.

TikTok and Short Video Control

With the MILOUZ Remote Scrolling Ring, you can control your TikTok and other short video applications hands-free. Use the joystick to scroll through videos, the OK button to play/pause or like, and the left/right long press for volume adjustments.

TROUBLESHOOTING

Common Issues and Solutions

- **Q: Why does the remote ring not work on my iPhone or iPad?**
A1: Ensure your iOS version is 14.8 or higher.
A2: Verify that AssistiveTouch is enabled. If it's not, turn it on. If it's already enabled, try turning it off and then on again.
- **Q: After enabling AssistiveTouch, my iOS device still can't scroll videos. What can I do?**
A1: Restart both the remote ring and your iPhone/iPad.
A2: Turn off AssistiveTouch and then turn it back on.
A3: Ensure "Perform Touch Gestures" is enabled.
A4: Adjust the "Tracking Sensitivity" in the AssistiveTouch page of Settings to about 20%.
