Hanherry Striped 4 Doors

Hanherry 55-inch Sideboard Buffet Cabinet User Manual

Model: Striped 4 Doors

INTRODUCTION

Thank you for choosing the Hanherry 55-inch Sideboard Buffet Cabinet. This manual provides essential information for the safe assembly, operation, and maintenance of your new furniture. Please read these instructions carefully before beginning assembly and retain them for future reference.

IMPORTANT SAFETY INFORMATION

- Always follow the assembly instructions carefully.
- Use appropriate safety gear when handling heavy items.
- Secure the cabinet to the wall using the provided anti-tip hardware to prevent tipping. This is crucial for safety, especially in households with children or pets.
- Be cautious of the metal handles during assembly and use to avoid pinch points.
- Do not exceed the maximum weight capacities: Tabletop: 300 lbs, Each Adjustable Shelf: 66 lbs, Each Bottom Shelf: 66 lbs.

PACKAGE CONTENTS

Before assembly, verify that all parts and hardware are present. Refer to the included assembly guide for a detailed

list of components. If any parts are missing or damaged, please contact customer support.

SETUP AND ASSEMBLY

Assembly is required for this product. Clear instructions and labeled parts are provided to facilitate the process. It is recommended to assemble the cabinet with at least two people.

Tools Required (Not Included):

- Phillips head screwdriver
- Hammer (for dowels, if applicable)
- Drill (for wall anchoring, if applicable)

Assembly Steps:

1. **Unpack and Identify Parts:** Carefully unpack all components and lay them out on a clean, soft surface to prevent scratches. Match each part to the corresponding label in the assembly guide.
2. **Assemble the Frame:** Follow the step-by-step diagrams in the assembly guide to construct the main frame of the cabinet. Ensure all connections are secure.
3. **Install Shelves:** The cabinet features adjustable shelves. Insert the shelf pins into the desired height positions before placing the shelves.

4. **Attach Doors:** Secure the doors to the cabinet frame using the provided hinges. Adjust hinges as necessary to ensure proper door alignment.
5. **Install Handles:** Attach the metal handles to the doors.
6. **Secure to Wall:** For safety, especially in homes with children, use the included anti-tip hardware to secure the cabinet to a wall stud.

3-Level Adjustable Flexibility

Removable Shelves

Depending on your storage needs, they can be assembled in one or two layers

Image 3: Illustration of the 3-level adjustable shelves, demonstrating flexibility for various item sizes.

OPERATING INSTRUCTIONS

Adjusting Shelves:

The cabinet features two adjustable shelves, allowing you to customize the storage space. To adjust a shelf, remove any items, lift the shelf, reposition the shelf pins to the desired height, and then place the shelf back onto the pins. Ensure all four pins are securely seated before placing items on the shelf.

Door Operation:

The four doors open outwards. Gently pull the metal handles to open and push to close. Avoid forcing the doors to prevent damage to hinges or the cabinet structure.

Weight Capacity:

Adhere to the specified weight limits to ensure stability and longevity of the cabinet:

- Tabletop: Maximum 300 lbs
- Each Adjustable Shelf: Maximum 66 lbs
- Each Bottom Shelf: Maximum 66 lbs

MAINTENANCE

Cleaning:

The smooth surface of this credenza is designed for easy cleaning. Wipe surfaces with a soft, damp cloth. Avoid using abrasive cleaners, harsh chemicals, or excessive moisture, as these can damage the finish. Dry immediately

with a clean cloth.

General Care:

- Periodically check all screws and fasteners to ensure they remain tight. Retighten if necessary.
- Avoid placing hot items directly on the tabletop; use coasters or protective pads.
- Keep the cabinet away from direct sunlight and extreme temperature changes to prevent warping or fading.

TROUBLESHOOTING

Doors Not Aligning:

If the doors do not align properly after assembly, adjust the hinges. Most hinges allow for minor adjustments in height, depth, and side-to-side movement using a screwdriver. Refer to the hinge manufacturer's instructions or the assembly guide for specific adjustment procedures.

Cabinet Instability:

Ensure the cabinet is placed on a level surface. Verify that all assembly screws are fully tightened. If the cabinet still feels unstable, ensure it is properly anchored to the wall using the anti-tip hardware.

Missing or Damaged Parts:

If you discover any missing or damaged parts during unpacking or assembly, please contact Hanherry customer support immediately for assistance.

SPECIFICATIONS

Feature	Detail
Brand	Hanherry
Model	Striped 4 Doors
