SETUP AND INSTALLATION

1. Attaching Your iPad

The KBCASE Keyboard Case features a magnetic floating cantilever design for easy attachment and secure holding of your iPad. Simply align your iPad with the magnetic back panel of the case. The magnets will automatically snap it into place, converting your iPad into a laptop-like setup.

2. Bluetooth Pairing

1. Ensure the keyboard is charged (refer to "Charging and Battery" section).
2. Turn on the keyboard using the ON/OFF switch located near the charging port.
3. On your iPad, go to **Settings > Bluetooth**.
4. Turn on Bluetooth.
5. The keyboard will appear as a discoverable device (e.g., "KBCASE Keyboard"). Tap on it to pair.
6. Once paired, the Bluetooth indicator on the keyboard's digital display will show a stable connection.

Touchpad Usage

The precision multi-touch trackpad supports iPadOS gestures, allowing for smooth and accurate control of your iPad. Common gestures include scrolling, zooming, and switching between apps.

- **Single Finger Tap:** Click/Select
- **Two Fingers Scroll:** Scroll up/down or left/right
- **Pinch to Zoom:** Zoom in/out
- **Swipe with Three Fingers:** Switch between open applications
- **Fn + T:** Enable/Disable Trackpad

CHARGING AND BATTERY

The KBCASE Keyboard Case is equipped with a powerful 750 mAh rechargeable battery, providing extended usage times.

- **Charging Time:** Approximately 2.5 hours for a full charge via USB-C. A USB-C cable is included.
- **Working Time (without backlight):** Up to 150 hours.
- **Working Time (with backlight):** Up to 4 hours.
- **Standby Time:** Up to 180 days.

Connect the provided USB-C cable to the charging port on the side of the keyboard and plug the other end into a USB power adapter (not included).

MAINTENANCE

To ensure the longevity and optimal performance of your KBCASE Keyboard Case, follow these maintenance tips:

- **Cleaning:** Use a soft, lint-free cloth to wipe the keyboard and case. For stubborn spots, slightly dampen the cloth with water or a mild, non-abrasive cleaner. Avoid excessive moisture.
- **Storage:** When not in use for extended periods, store the keyboard case in a cool, dry place.
- **Avoid Liquids:** Keep the keyboard away from liquids to prevent damage to internal components.
- **Handle with Care:** While durable, avoid dropping the case or applying excessive force to the keys or touchpad.

TROUBLESHOOTING

If you encounter any issues with your KBCASE Keyboard Case, please refer to the following common solutions:

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Keyboard not connecting via Bluetooth	Low battery; Bluetooth off on iPad; Keyboard not in pairing mode; Interference.	Charge the keyboard. Ensure iPad Bluetooth is on. Turn keyboard off and on again to re-enter pairing mode. Move closer to iPad. Forget device on iPad and re-pair.
Keys not responding	Not connected; Low battery; Software glitch.	Check Bluetooth connection. Charge the keyboard. Restart iPad and keyboard.
Touchpad not working	Touchpad disabled; Not connected; Software issue.	Press Fn + T to enable/disable touchpad. Ensure Bluetooth is connected. Restart iPad and keyboard.
Backlight not working or dim	Backlight off; Low battery; Brightness set too low.	Press backlight control keys (e.g., Fn + light bulb icon) to turn on/change color. Charge the keyboard. Adjust brightness using Fn + 1/2.
