oneisall PF08

oneisall Cordless WiFi Automatic Cat Feeder User Manual

Model: PF08 | Brand: oneisall

Introduction

This manual provides detailed instructions for the setup, operation, and maintenance of your oneisall Cordless WiFi Automatic Cat Feeder. Please read this manual thoroughly before using the product to ensure proper function and safety.

What's in the Box

Upon unboxing, verify that all components are present:

- Automatic Pet Feeder Unit
- Charger (USB cable and power adapter)
- Desiccant Bag
- Stainless Steel Bowl and Holder
- User Manual

Setup

1. Powering the Feeder

The feeder can be powered via the included charger or its built-in 5000mAh rechargeable lithium battery, offering up to 100 days of cordless operation. The smart display indicates remaining battery life.

3. Assembling the Feeder

Attach the stainless steel bowl to the feeder unit. Ensure it is securely in place. The feeder's low-profile design with a weighted base and anti-skid pads provides stability.

4. Filling the Food Tank

Open the top lid of the feeder. The food tank has a 5L (20 cups) capacity. This feeder is compatible with dry foods and treats up to 0.7 inches (18mm) in size. It features an advanced anti-clogging system for reliable dispensing. **Note: Not suitable for dog food.**

5. App Connection (WiFi Setup)

Download the oneisall app on your iOS or Android device. Follow the in-app instructions to connect the feeder to your 2.4GHz WiFi network. This enables remote control and monitoring of feeding patterns.

Operating Instructions

1. Setting Feeding Schedule

Through the oneisall app, you can program up to 10 daily meals. Each meal can be set with 1-12 portions. This allows for precise control over your pet's diet, preventing overeating and promoting healthy habits.

2. Manual Feeding

The feeder also supports manual feeding directly from the unit. Refer to the display and controls on the feeder for immediate dispensing.

3. Voice Recording

Record a personal message through the app to play during feeding times. This feature creates a sense of closeness and routine for your pet, even when you are away.

Maintenance

1. Cleaning

Regular cleaning of the food tank and stainless steel bowl is recommended to maintain hygiene. Disassemble the removable parts and wash them with mild soap and water. Ensure all parts are completely dry before reassembly.

2. Desiccant Replacement

The feeder includes a desiccant bag to keep food fresh. It is recommended to replace the desiccant bag every month. Contact customer support or visit the oneisall website for replacement desiccant bags.

Troubleshooting

- **Feeder not dispensing food:** Check for food clogs in the dispenser mechanism. Ensure the food size is within the 0.7-inch limit. Verify the food tank is not empty.
- **App connectivity issues:** Ensure your WiFi network is 2.4GHz. Restart the feeder and your router. Re-attempt the pairing process in the app.
- **Battery not charging/holding charge:** Ensure the charger is properly connected. If using the battery, check the smart display for battery level. If issues persist, contact customer support.
- **Feeder unstable:** Ensure the feeder is placed on a flat, stable surface. The anti-skid pads should be clean and intact.

Specifications

Feature	Detail
Model Name	PF08
Capacity	5L / 20 Cups
Item Weight	3.33 pounds
