ROCKBROS 270007001

ROCKBROS Bike Stand Rack User Manual

Model: 270007001

Introduction

This manual provides instructions for the assembly, operation, and maintenance of your ROCKBROS L-shaped carbon steel bike stand. Designed for stable and convenient indoor or garage storage, this stand is compatible with various bike models, including 24-27.5 inch mountain bikes and 700c road bikes.

Image: The ROCKBROS bike stand is designed to adapt to a variety of bicycle models, including both road bikes and mountain bikes, ensuring versatile use.

Setup and Assembly

The ROCKBROS bike stand is designed for straightforward assembly. Please follow these steps carefully:

1. **Check Components:** Verify that all accessories are present in the package. Refer to the parts list if available.
2. **Align Holes:** Position the stand components, aligning the pre-drilled holes for proper fit.
3. **Secure with Screws:** Use the provided Allen key (hexagon socket tool) to tighten the screws firmly. Ensure all connections are secure.
4. **Final Check:** Once all screws are tightened, confirm the stand is stable and ready for use.

Operating Instructions

The ROCKBROS bike stand features an insertion-type parking design for quick and convenient use.

- **Parking Your Bike:** Simply roll your bicycle's wheel into the stand's slot. The L-shaped design and trapezoidal base ensure stable parking, keeping your bike upright.

- **Removing Your Bike:** Gently pull your bicycle's wheel out of the stand.
- **Multi-Bike Compatibility:** This stand is suitable for various bike models, including 24-27.5 inch mountain bikes and 700c road bikes, allowing for neat and orderly multi-bike parking.

Maintenance

To ensure the longevity and optimal performance of your ROCKBROS bike stand, follow these simple maintenance guidelines:

- **Cleaning:** The stand is washable. Use a damp cloth to wipe down the carbon steel surface. Avoid abrasive cleaners that could damage the plastic-spraying layer.
- **Corrosion Protection:** The stand features a double-layer protection with a carbon steel metal layer for strength and a plastic-spraying layer for corrosion resistance. Regularly inspect for any signs of wear or damage to this protective layer.
- **Fastener Check:** Periodically check all screws and connections to ensure they remain tight. Re-tighten if

necessary to maintain stability.

Troubleshooting

If you encounter any issues with your bike stand, consider the following:

- **Stand Instability:** Ensure all assembly screws are securely tightened. Verify the stand is placed on a flat, stable surface.
- **Bike Not Fitting:** Confirm your bike's wheel size (24-27.5 inch mountain bikes or 700c road bikes) is compatible with the stand.
- **Damage or Wear:** If any part of the stand appears damaged or excessively worn, discontinue use and consider replacing the affected component or the entire stand.

Specifications

Brand	ROCKBROS
Model Number	270007001
Material	Carbon Steel (2.29MM thickened)
Product Dimensions	14"D x 14"W x 25"H (approx. 36cm x 36cm x 64.5cm)
Item Weight	7.5 Pounds (approx. 3.42 kg)
Special Features	Heat Resistant, Lightweight, Portable, Rust Resistant, Washable
Compatibility	24-27.5 inch Mountain Bikes, 700c Road Bikes
Assembly Required	Yes
Mounting Type	Floor Mount
