Jugeman T60

Jugeman T60 Smart Watch User Manual

Model: T60

1. INTRODUCTION

Welcome to the Jugeman T60 Smart Watch user manual. This guide provides essential information for setting up, operating, and maintaining your new smart watch. The Jugeman T60 is designed to enhance your daily life with features such as call management, fitness tracking, and health monitoring, compatible with both Android and iOS devices.

2. PACKAGE CONTENTS

Please check the package contents upon unboxing. If any items are missing or damaged, contact customer support.

- Jugeman T60 Smart Watch (with strap)
- Charging Cable
- User Manual (this document)

3. PRODUCT OVERVIEW

The Jugeman T60 Smart Watch features a 1.91-inch HD display and a durable design. Familiarize yourself with the watch's components.

Figure 3.1: Jugeman T60 Smart Watch Overview. This image displays the Jugeman T60 Smart Watch in deep blue, showcasing its main watch face with the time (10:09), date (June 24, Sunday), battery indicator, and current weather (24°C). Below the time, activity metrics for heart rate, calories burned (265), and steps taken (9680) are visible. To the right, smaller screens illustrate the watch's call functions, including options for contacts, call history, and a dialpad. Another inset shows an active incoming call screen with a phone number and call duration.

Key Components:

- **Touchscreen Display:** 1.91-inch HD screen for navigation and information display.
- **Side Button:** Typically used for power on/off, screen wake/sleep, and returning to the home screen.
- **Sensors:** Located on the back for heart rate, blood oxygen, and other health monitoring.
- **Charging Contacts:** On the back for connecting the magnetic charging cable.

4. SETUP

4.1 Charging the Watch

Before first use, fully charge your Jugeman T60 Smart Watch.

1. Connect the USB end of the charging cable to a power adapter (5V/1A recommended) or a computer's USB port.
2. Attach the magnetic end of the charging cable to the charging contacts on the back of the watch. Ensure proper alignment; the magnets will snap it into place.

3. The watch display will show a charging indicator. Allow approximately 2 hours for a full charge.

4.2 Installing the Companion App

To unlock all features and synchronize data, download the dedicated companion app on your smartphone.

- Scan the QR code provided in the watch's quick start guide or on the watch screen (if available) to download the app.
- Alternatively, search for the app name (usually mentioned in the quick start guide or packaging) in the Apple App Store (for iOS) or Google Play Store (for Android).
- Install the app and grant necessary permissions for full functionality.

4.3 Pairing with Your Smartphone

After installing the app, pair your watch with your smartphone via Bluetooth.

1. Ensure Bluetooth is enabled on your smartphone.
2. Open the companion app on your smartphone.
3. Follow the in-app instructions to add a new device. The app will search for your Jugeman T60.
4. Select "Jugeman T60" (or similar device name) from the list of available devices.
5. Confirm the pairing request on both your watch and smartphone if prompted.
6. Once paired, the watch will synchronize time and data with your phone.

5. OPERATING INSTRUCTIONS

5.1 Basic Navigation

- **Swipe Up:** Access notifications.
- **Swipe Down:** Access quick settings (e.g., brightness, do not disturb, battery saver).
- **Swipe Left/Right:** Navigate through widgets and main functions (e.g., activity data, heart rate, weather, music control).
- **Tap:** Select an item or open an application.
- **Press Side Button:** Return to the home screen or wake/sleep the display.

5.2 Call Functions

The Jugeman T60 allows you to answer and make calls directly from your wrist when connected to your smartphone.

- **Answering Calls:** When an incoming call is received, tap the green phone icon on the watch screen to answer.
- **Making Calls:**
 1. Navigate to the "Call" menu on your watch.
 2. Select from "Contact" (synced from your phone), "Call history," or "Dialpad" to enter a number.
 3. Tap the green call icon to initiate the call.
- **During a Call:** You can typically adjust volume, mute, or transfer the call back to your phone from the watch interface.

5.3 Fitness Tracking

Track your daily activity and exercise with the built-in fitness features.

- **Pedometer:** Automatically counts your steps, distance, and estimates calories burned throughout the day.
- **Sports Modes:** Access various sports modes (e.g., walking, running, cycling) to track specific workouts with detailed metrics.
- **Activity Goals:** Set daily step or calorie goals within the companion app to stay motivated.

5.4 Health Monitoring

Monitor key health metrics directly from your wrist.

- **Heart Rate Monitor:** Measures your heart rate continuously or on demand. View historical data in the app.
- **Sleep Monitor:** Tracks your sleep patterns, including deep sleep, light sleep, and wake times.
- **Blood Oxygen (SpO2):** Measures blood oxygen levels (check app for specific functionality and instructions).

5.5 Notifications

Receive alerts for calls, messages, and app notifications directly on your watch.

- Ensure notification permissions are enabled in both your smartphone settings and the companion app.
- Swipe up on the watch face to view recent notifications.

5.6 Music and Camera Control

Control your smartphone's music playback and camera shutter remotely.

- **Music Control:** Navigate to the music control interface on your watch to play, pause, skip tracks, and adjust volume for music playing on your phone.
- **Camera Remote:** Open the camera function on your watch to remotely trigger your smartphone's camera shutter.

6. MAINTENANCE

6.1 Cleaning

- Wipe the watch screen and body with a soft, lint-free cloth.
- For stubborn stains, slightly dampen the cloth with water. Avoid harsh chemicals.
- Clean the charging contacts regularly to ensure proper charging.

6.2 Water Resistance

The Jugeman T60 Smart Watch is rated IP68 water-resistant. This means it is protected against dust and can withstand immersion in water up to 1.5 meters for up to 30 minutes.

- It is suitable for daily use, such as hand washing, rain, and showering.
- Avoid prolonged immersion, hot water, steam, or high-pressure water jets.
- Do not operate buttons underwater.
- Dry the watch thoroughly after exposure to water.

7. TROUBLESHOOTING

Issue	Possible Solution
Watch does not power on.	Ensure the watch is fully charged. Connect to the charger and wait a few minutes before attempting to power on.
Cannot pair with smartphone.	<ul style="list-style-type: none"> • Ensure Bluetooth is enabled on your phone. • Make sure the watch is sufficiently charged. • Restart both the watch and your smartphone. • Ensure the companion app has location and Bluetooth permissions. • Try unpairing and re-pairing the device.
Notifications are not received.	<ul style="list-style-type: none"> • Check notification settings in the companion app and your phone's system settings. • Ensure the watch is connected via Bluetooth. • Disable "Do Not Disturb" mode on the watch.
Inaccurate health/fitness data.	<ul style="list-style-type: none"> • Ensure the watch is worn snugly on your wrist, not too loose or too tight. • Clean the sensors on the back of the watch. • Ensure your personal information (height, weight, age) is accurate in the companion app.
Short battery life.	<ul style="list-style-type: none"> • Reduce screen brightness. • Limit continuous heart rate monitoring or frequent GPS usage (if applicable). • Turn off unnecessary notifications. • Ensure the watch is fully charged each time.
