Bontempi Mini Wireless Speaker (Model 49 0120) Instruction Manual

Model: 49 0120

INTRODUCTION

Thank you for choosing the Bontempi Mini Wireless Speaker. This compact speaker delivers high-quality sound and features a magnetic base for versatile placement, TWS (True Wireless Stereo) functionality for enhanced audio, and integrated flashing lights for an engaging experience. This manual provides essential information for setup, operation, and maintenance to ensure optimal performance.

Safety Information

- Do not expose the speaker to extreme temperatures, direct sunlight, or high humidity.
- Avoid dropping or subjecting the speaker to strong impacts.
- Keep the speaker away from water and other liquids.
- Do not attempt to disassemble or repair the speaker yourself. Contact qualified service personnel.
- Use only the provided USB Type-C cable for charging.

Package Contents

Verify that all items are present in the package:

- Bontempi Mini Wireless Speaker
- USB Type-C Charging Cable

Image: The Bontempi Mini Wireless Speaker, its packaging, and the included USB Type-C charging cable.

Setup

1. Charging the Speaker

1. Connect the small end of the included USB Type-C cable to the charging port on the speaker.
2. Connect the larger end of the USB cable to a USB power adapter (not included) or a computer's USB port.
3. The charging indicator light will illuminate. Once fully charged, the light may change color or turn off.

2. Powering On/Off

- To power on, press and hold the power button (usually marked with a power symbol) for a few seconds until you hear an audible prompt or see an indicator light.
- To power off, press and hold the power button again until the speaker turns off.

3. Bluetooth Pairing

1. Ensure the speaker is powered on and in pairing mode (indicator light will typically flash rapidly).
2. On your smartphone or audio device, enable Bluetooth and search for available devices.
3. Select "Bontempi Speaker" (or similar name) from the list of devices.
4. Once paired, the speaker will indicate a successful connection (e.g., a solid indicator light or an audible prompt).

OPERATING INSTRUCTIONS

Basic Audio Playback

After successful Bluetooth pairing, you can play audio from your connected device. Use your device's controls for volume adjustment, play/pause, and track navigation.

TWS (True Wireless Stereo) Function

To achieve stereo sound, you can connect two Bontempi Mini Wireless Speakers of the same model:

1. Ensure both speakers are powered off.
2. Power on both speakers simultaneously. They will enter pairing mode.
3. Wait for a few seconds; the speakers should automatically connect to each other, indicated by an audible prompt or a change in their indicator lights. One speaker will act as the master (left channel) and the other as the slave (right channel).
4. Now, connect your smartphone or audio device to the master speaker via Bluetooth as described in the "Bluetooth Pairing" section.
5. Audio will now play in stereo through both speakers.

Flashing Lights

The speaker features integrated flashing lights that activate automatically when the speaker is in use, adding a visual element to your audio experience. There is no manual control for these lights; they operate automatically.

Magnetic Base Usage

The speaker is equipped with a magnetic base, allowing it to be securely attached to compatible metallic surfaces. This feature provides flexible placement options.

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to wipe the speaker's surface. Do not use abrasive cleaners or solvents.
- **Storage:** When not in use for extended periods, store the speaker in a cool, dry place, away from direct sunlight and extreme temperatures.
- **Battery Care:** To prolong battery life, avoid fully discharging the speaker frequently. Charge it regularly, even if not in constant use.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Speaker does not power on.	Low battery.	Charge the speaker using the provided USB Type-C cable.
Cannot pair with Bluetooth device.	Speaker not in pairing mode; Bluetooth disabled on device; device too far.	Ensure speaker is in pairing mode. Enable Bluetooth on your device. Move device closer to speaker (within 10 meters).
No sound or low volume.	Volume too low on speaker or device; speaker not connected.	Increase volume on both the speaker and your connected device. Re-establish Bluetooth connection.
TWS pairing fails.	Speakers not powered on simultaneously; too far apart.	Ensure both speakers are off, then power them on at the same time. Keep them close during TWS pairing.

SPECIFICATIONS

Brand	Bontempi
Model Number	49 0120
Connectivity Technology	Bluetooth, USB (for charging)
Audio Output Mode	Stereo (with TWS function)
Mounting Type	Magnetic
Material	Plastic
Speaker Diameter	57 mm
Height	36 mm
Product Dimensions	5.6 x 4 x 4 cm
