Bushnell Golf 202500

Bushnell Golf Tour Hybrid Onboard & Slope GPS Golf Rangefinder Instruction Manual

1. INTRODUCTION

The Bushnell Golf Tour Hybrid is an advanced golf rangefinder designed to provide precise distance measurements using both laser and GPS technologies. This device integrates slope compensation for both measurement types, enhancing accuracy for club selection. It features PinSeeker with Visual JOLT technology for flag locking confidence and an integrated BITE magnetic mount for convenient attachment to a golf cart. This manual provides essential information for setting up, operating, maintaining, and troubleshooting your Tour Hybrid rangefinder.

2. SETUP

2.1 What's Included

- Bushnell Tour Hybrid Laser Rangefinder

- Premium Carrying Case
- Washable Micro-fiber Cloth
- 2 x CR2-123 Batteries
- PlayBetter Microfiber Towel
- Quick Start Guide

WHAT'S INCLUDED WITH THE TOUR HYBRID

Figure 2: All items included in the Bushnell Tour Hybrid package.

2.2 Battery Installation

The Tour Hybrid requires 1 C battery (included). To install or replace the battery, locate the battery compartment cover, typically found on the side or bottom of the device. Open the cover, insert the CR2-123 battery with the correct polarity, and securely close the compartment.

2.3 Mobile App Integration

For enhanced functionality, download the Bushnell Golf Mobile App. This app allows you to register your Tour Hybrid and access additional features, including GPS-enabled rangefinder values with slope compensated distances.

3. OPERATING INSTRUCTIONS

3.1 Powering On and Basic Measurement

Press the power button (usually located on the top or side) to activate the device. Aim the rangefinder at your target and press the measurement button to get a distance reading. The display will show the line-of-sight distance.

3.2 Dual Distance Domination (Laser & GPS)

The Tour Hybrid provides both laser-precise pin distances and GPS-powered front/center/back yardages directly in the display. These distances are automatically slope-adjusted when the slope feature is enabled.

3.3 Slope-Switch Technology

Easily switch between Slope and non-Slope modes with the push of a button. This feature adjusts both GPS and laser distances instantly, allowing for legal play in tournaments when needed and data-driven insights for practice rounds.

3.4 PinSeeker with Visual JOLT

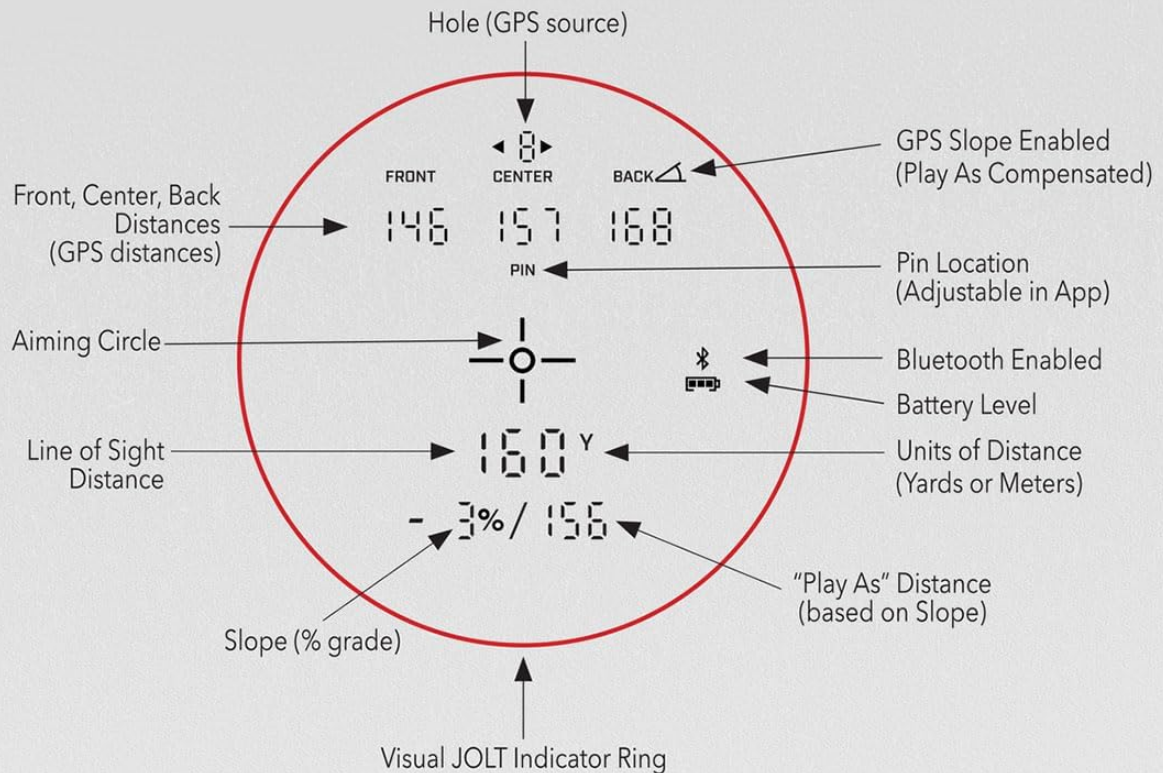

When locking onto the pin, the PinSeeker with Visual JOLT technology provides a quick vibration and a red flash in the display, confirming that you have accurately targeted the flag and not background objects.

3.5 Understanding the Reticle Display

The reticle provides comprehensive information at a glance:

- **Hole (GPS source):** Indicates the current hole number.
- **Front, Center, Back Distances (GPS distances):** Provides key yardages to the green.
- **GPS Slope Enabled (Play As Compensated):** Shows when GPS distances are adjusted for slope.
- **Pin Location (Adjustable in App):** Allows customization of pin position via the mobile app.
- **Aiming Circle:** Helps in targeting.
- **Line of Sight Distance:** Raw laser distance.
- **Bluetooth Enabled:** Indicates connectivity status.
- **Battery Level:** Displays remaining battery life.
- **Units of Distance (Yards or Meters):** Shows the selected unit.
- **Slope (% grade):** Displays the percentage of slope.
- **"Play As" Distance (based on Slope):** The adjusted distance for club selection.
- **Visual JOLT Indicator Ring:** Confirms flag lock.

5. MAINTENANCE

To ensure the longevity and optimal performance of your Bushnell Golf Tour Hybrid, follow these maintenance guidelines:

- **Cleaning Lenses:** Use the provided microfiber cloth to gently wipe the lenses. Avoid using abrasive materials or harsh chemicals.
- **Cleaning Exterior:** Wipe the exterior with a soft, damp cloth. Do not submerge the device in water, despite its water resistance rating.

- **Storage:** Store the rangefinder in its premium carrying case when not in use to protect it from dust, dirt, and physical damage. Keep it in a cool, dry place.
- **Battery Care:** Remove batteries if the device will not be used for an extended period to prevent leakage.

6. TROUBLESHOOTING

If you encounter issues with your Tour Hybrid, try the following steps:

- **No Power:** Ensure batteries are correctly installed and fully charged. Replace with new batteries if necessary.
- **Inaccurate Readings:** Ensure lenses are clean and free from obstructions. Make sure you have a clear line of sight to the target. Check that the correct unit of measurement (yards/meters) is selected.
- **Difficulty Locking on Flag:** Use PinSeeker mode and ensure the flag is isolated from background objects. Steady your hand or use a stable surface if possible.
- **GPS Issues:** Ensure the device has a clear view of the sky for satellite acquisition. Update the device firmware via the mobile app if available.

For further assistance, refer to the full user manual or contact Bushnell Golf customer support.

7. SPECIFICATIONS

- **Brand:** Bushnell Golf
- **Model Number:** 202500
- **Color:** Tour Hybrid
- **Material:** Plastic
- **Sport:** Golf
- **Item Weight:** 8.7 Ounces
- **Product Dimensions:** 1.7"L x 0.63"W x 1.2"H
- **Battery Type:** Disposable Lithium (CR123/CR2, 3V) - 1 C battery required (included)
- **Display Size:** 1.77 Inches
- **UPC:** 760532697610

8. WARRANTY & SUPPORT

The Bushnell Golf Tour Hybrid comes with a **Bushnell 2 Year Manufacturer Warranty**. For warranty claims, technical support, or any product-related inquiries, please contact Bushnell Golf directly.
