Bell+Howell 6140

CannonX 14" Low Profile Ceiling Fan with Lights and Remote

Model: 6140 | Brand: Bell+Howell

Introduction

Thank you for choosing the CannonX 14" Low Profile Ceiling Fan with Lights. This modern fandelier is designed to provide efficient air circulation and versatile lighting in various indoor spaces, including bedrooms, living rooms, kitchens, and more. Its compact, flush-mount design makes it ideal for rooms with low ceilings. This manual provides detailed instructions for safe installation, operation, and maintenance of your new ceiling fan.

Important Safety Information

Please read all instructions carefully before installation and use. Failure to follow these instructions may result in electric shock, fire, or serious personal injury.

- Always disconnect power at the circuit breaker before installing, cleaning, or servicing the fan.
- Ensure all electrical connections comply with local codes and ordinances. If you are unsure, consult a qualified electrician.
- The fan must be mounted to a structurally sound ceiling outlet box capable of supporting the fan's weight.
- Do not operate the fan if any part is damaged.
- Keep hands, hair, and clothing away from the fan blades during operation.

What's in the Box

Verify that all components are present before beginning installation:

- 1x CannonX Ceiling Fan
- 1x Remote Control
- Quick Start Instructions

Setup and Installation

The CannonX fan is designed for easy installation into most existing light mounting boxes. Follow these steps for a smooth setup:

1. **Prepare the Installation Area:** Ensure power is disconnected at the circuit breaker. Remove any existing light fixtures from the ceiling outlet box.

Image: A person removing an existing light fixture from the ceiling, preparing for the new fan installation.

2. **Mount the Fan:** Connect the fan's wiring to the corresponding wires in the ceiling outlet box (refer to the Quick Start Instructions for detailed wiring diagrams). Secure the CannonX fan base to the ceiling outlet box using the provided screws.

Image: A person securing the CannonX ceiling fan to the ceiling, demonstrating the flush mount design.

3. **Restore Power:** Once the fan is securely mounted and wired, restore power at the circuit breaker.

Operating Instructions

Your CannonX ceiling fan comes with a multi-function remote control for convenient operation.

Remote Control Functions

The remote allows you to control all features of your fan:

- **Power On/Off:** Turn the fan and light on or off.
- **Fan Speed Adjustment:** Choose from 6 adjustable fan speeds to customize airflow.

Image: Visual representation of the 6 fan speeds, suggesting optimal speeds for relaxing, working, and exercising.

- **Light Mode Selection:** Cycle through 3 lighting modes (3500K Warm, 4500K Day, 5500K Cool) to set the desired ambiance.

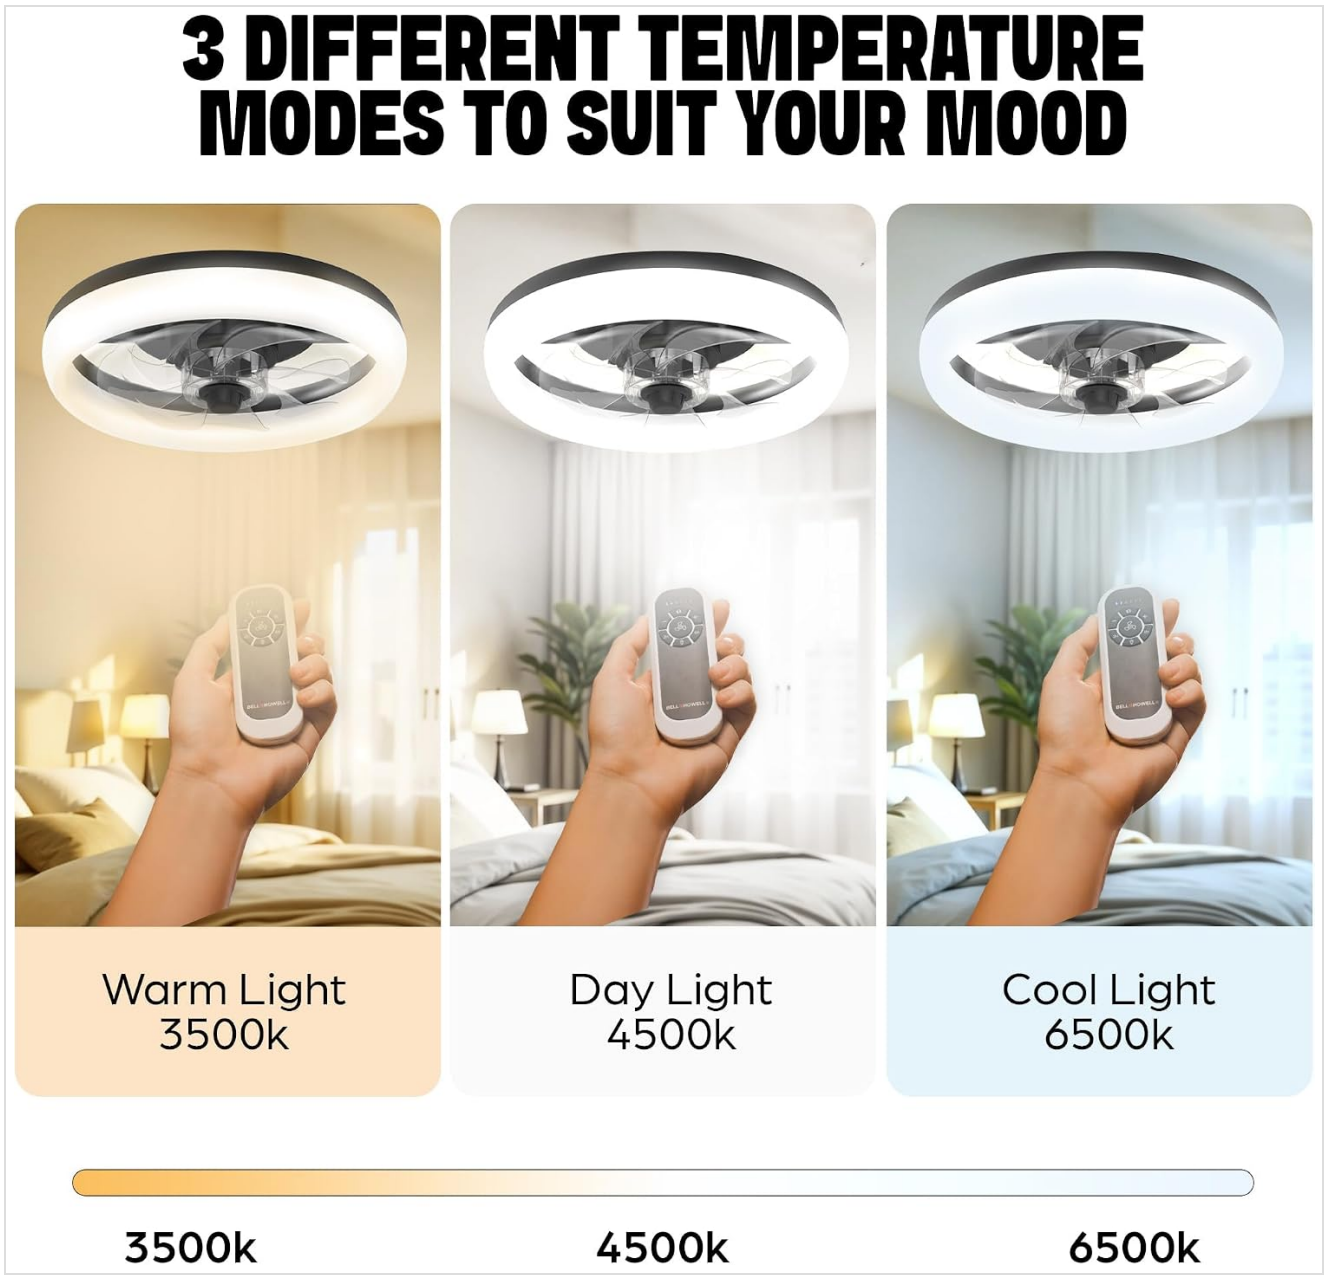

Image: The fan's integrated light displaying its three adjustable color temperatures: Warm (3500K), Day (4500K), and Cool (6500K).

- **Blade Reversibility:** Switch between forward mode for cooling airflow in summer and reverse mode for circulating warm air in winter.

Image: An illustration demonstrating the fan's reversible motor, showing airflow patterns for cooling in summer and warming in winter.

- **Sleep Timer:** Utilize the built-in timer (2-hour or 4-hour options) to automatically turn off the fan and light.

Product Features Overview

The CannonX fan incorporates advanced features for optimal performance:

- **Vortex Technology:** Provides powerful airflow despite its compact size.
- **360° LED Light:** Delivers bright, even illumination throughout the room.

Image: A close-up view highlighting the fan's 360-degree light design, emphasizing its ability to fill the entire room with light.

- **Quiet Performance:** Operates at less than 35 decibels, making it ideal for bedrooms and quiet spaces.

Maintenance

Regular maintenance ensures optimal performance and longevity of your CannonX ceiling fan.

- **Cleaning:** Use a soft, damp cloth to wipe down the fan and light housing. Do not use abrasive cleaners or solvents. Ensure power is off before cleaning.
- **Connections:** Periodically check all electrical connections to ensure they are secure.
- **LED Light:** The integrated LED light source is designed for long-term use and does not require bulb replacement.

Troubleshooting

If you encounter issues with your CannonX ceiling fan, refer to the following common problems and solutions:

Problem	Possible Cause	Solution

Problem	Possible Cause	Solution
Fan does not turn on.	No power to the fan; loose wiring; remote control battery low.	Check circuit breaker. Ensure all wiring connections are secure. Replace remote control batteries.
Light does not turn on.	Loose wiring; light mode not selected.	Check wiring connections. Press the light button on the remote to cycle through modes.
Remote control not responding.	Batteries are dead or incorrectly inserted; remote not paired.	Replace batteries, ensuring correct polarity. Refer to Quick Start Instructions for remote pairing procedure.
Fan makes unusual noise.	Loose mounting screws; obstruction.	Ensure fan is securely mounted to the ceiling box. Check for any objects obstructing the fan blades.

Specifications

Brand	Bell+Howell
Model Name	6410
Item Model Number	6140
Product Dimensions	14"L x 14"W x 3"H
Item Weight	6.03 pounds
Material	Acrylonitrile Butadiene Styrene
Color	Black
Light Color	Warm, Natural, Light (3500K-5500K)
Number of Light Sources	1 (Integrated LED)
Control Method	Remote
Installation Type	Flush Mount
Power Source	Corded Electric
Certification	ETL Certified

Warranty and Support

For warranty information and customer support, please refer to the documentation included with your product or visit the official Bell+Howell website. Keep your purchase receipt for warranty claims.

Ask a question about this manual

Ask about setup, troubleshooting, compatibility, parts, safety, or missing instructions. Manuals+ will review the question and use this page's manual context to help answer it.
