

## MINISO MS190

# MINISO MS190 AI Translation Earbuds User Manual

Model: MS190

## 1. INTRODUCTION

The MINISO MS190 AI Translation Earbuds are designed to facilitate real-time, two-way communication across 135 languages. Featuring an open-ear design for comfort and situational awareness, these earbuds integrate advanced AI for seamless translation, music playback, and call management. This manual provides detailed instructions for setup, operation, maintenance, and troubleshooting to ensure optimal performance.

## 2. PACKAGE CONTENTS

Please verify that all items are present in your package:

- MINISO MS190 AI Translation Earbuds (Left and Right)
- Charging Case
- USB Charging Cable
- User Manual (this document)

## 3. SETUP

### 3.1. Charging the Earbuds

Before first use, fully charge the earbuds and charging case. Place the earbuds into the charging case and connect the USB charging cable to the case and a power source. The LED display on the case will indicate the battery level. A full charge typically takes 1-2 hours.

Enjoy up to 60 hours of long-lasting audio experience on a single charge. No need to charge frequently, just enjoy the freedom of music freedom.

Designed for comfort, the open-ear structure lets you enjoy music while staying aware of your surroundings—perfect for all-day wear.

Enjoy the ultra-fast and stable connection of Bluetooth 6.0, allowing seamless switching between music, calls and translation, with unparalleled sound quality.

### 3.2. App Download and Installation

To utilize the full translation features, download the dedicated 'SayMi' app. Scan the QR code provided in the quick start guide or search for 'SayMi' in your device's app store.

Your browser does not support the video tag.

Video: Demonstrates how to download and install the 'SayMi' translation app on a smartphone.

### 3.3. Bluetooth Pairing

Open the charging case to activate the earbuds. On your smartphone, enable Bluetooth and search for 'MS190' in the list of available devices. Select 'MS190' to pair. Once connected, the app will recognize the earbuds.

Your browser does not support the video tag.

Video: Illustrates the process of connecting the earbuds via Bluetooth to a smartphone and within the 'SayMi' app.

## 4. OPERATING INSTRUCTIONS

## 4.1. Wearing the Earbuds

The MS190 earbuds feature an open-ear design, allowing you to remain aware of your surroundings while in use. Gently place each earbud over your ear, ensuring a comfortable and secure fit. The design minimizes pressure for extended wear.

### MS190 Earphone 4 translation modes

**AI Call Mode**  
Engage in efficient and accurate conversations with AI through advanced voice recognition technology.

**Free Talk Mode**  
Enjoy natural, fluent communication with smart sentence segmentation and real-time voice translation.

**Translator Mode**  
Fast and accurate language conversion for seamless business and international communication.

**Earphone + Phone Mode**  
One wears the earphones, the other uses the phone—real-time translation made simple and effective.

Image: A close-up view of the earbud being worn, emphasizing its open-ear design, smart touch area, and LED display.

## 4.2. Touch Controls

The earbuds are equipped with smart touch controls for various functions:

- **Single-click:** Play/Pause music, Answer/End calls.
- **Double-click:** Increase/Decrease volume (left/right earbud).
- **Triple-click:** Next/Previous song (left/right earbud).
- **Long-press (2 seconds):** Activate voice assistant, Reject calls.

Your browser does not support the video tag.

Video: Demonstrates various touch operations on the earbuds for music control and call management.

## 4.3. Translation Modes

The 'SayMi' app offers four distinct translation modes:

1. **AI Dialogue Mode:** Communicate naturally with AI in your own language. The AI provides responses, making it suitable for information retrieval or practicing conversations.
2. **Free Talk Mode:** Ideal for two-way conversations. The headset automatically translates spoken foreign languages, and the mobile app displays text in real-time.
3. **Translation Machine Mode (Headphones + Phone):** One person wears the earbuds, and the other speaks into the phone. Both parties receive real-time translation, with text displayed on the phone.
4. **Photo Translation Mode:** Take a photo of text (e.g., a menu or sign), and the app will automatically recognize and translate it into your desired language.

## 4.4. Switching App Language

To change the language of the 'SayMi' app interface, navigate to the 'Mine' section (usually represented by a profile icon) in the bottom navigation bar. From there, select 'Language settings' and choose your preferred language from the list.

## 5. MAINTENANCE

### 5.1. Cleaning

Regularly clean your earbuds and charging case with a soft, dry, lint-free cloth. Avoid using abrasive materials, solvents, or harsh chemicals. Do not immerse the earbuds or case in water.

### 5.2. Storage

When not in use, store the earbuds in their charging case to protect them from dust and damage. Keep them in a cool, dry place away from direct sunlight and extreme temperatures.

### 5.3. Battery Care

To prolong battery life, avoid fully discharging the earbuds frequently. Charge them regularly, even if not in constant use. Do not expose the battery to excessive heat.

## 6. TROUBLESHOOTING

If you encounter issues with your MINISO MS190 earbuds, please refer to the following common solutions:

- Earbuds not pairing:** Ensure Bluetooth is enabled on your device and the earbuds are charged and out of the case. Try forgetting the device in your phone's Bluetooth settings and re-pairing.
- No sound:** Check the volume levels on both your device and the earbuds. Ensure the earbuds are properly connected and selected as the audio output.
- App not detecting earbuds:** Confirm that the phone has enabled Bluetooth function. Ensure the earbuds are

not connected to any other phone. If issues persist, disconnect from other phones first, then restart the app and search again.

- **Translation inaccuracies:** Ensure a clear speaking environment with minimal background noise. Speak clearly and at a moderate pace. Verify that the correct source and target languages are selected in the app.
- **Short battery life:** Ensure the earbuds are fully charged before use. Reduce volume levels and close unnecessary apps on your connected device to conserve power.

If these steps do not resolve the issue, please contact customer support.

## 7. SPECIFICATIONS

Model Name	MS190
Brand	MINISO
Connectivity Technology	Wireless, Bluetooth
Bluetooth Version	6.0
Translation Languages	135 Languages
