

TopLuck X5S

TopLuck X5S Smartwatch User Manual

Model: X5S | Brand: TopLuck

1. INTRODUCTION

This manual provides essential information for the proper setup, operation, and maintenance of your TopLuck X5S Smartwatch. Please read it thoroughly before using the device to ensure optimal performance and safety.

2. PACKAGE CONTENTS

Verify that all items are present in the package:

- TopLuck X5S Smartwatch
- User Manual
- Charging Cable
- Watch Band

3. SETUP

3.1 Initial Charging

Before first use, fully charge the smartwatch. Connect the magnetic charging cable to the charging contacts on the back of the watch and plug the USB end into a compatible power adapter (not included). A full charge takes approximately 2 hours.

3.2 App Installation and Pairing

The TopLuck X5S Smartwatch uses the Zmoofit application for full functionality. Download the Zmoofit app from the App Store (for iPhone) or Google Play Store (for Android).

1. Download and install the Zmoofit app on your smartphone.
2. Ensure Bluetooth is enabled on your smartphone.
3. Open the Zmoofit app and follow the on-screen instructions to create an account or log in.
4. In the app, navigate to the device pairing section and select the X5S Smartwatch from the list of available devices.
5. Confirm the pairing request on both your smartphone and the smartwatch.

4. OPERATING INSTRUCTIONS

4.1 Display and Customization

The X5S features a 1.96-inch high-resolution display. You can customize the watch face from over 200 options available through the Zmoofit app, or create your own using personal photos. The display supports wrist-raise to wake functionality.

4.2 Communication Features

With Bluetooth 5.4 connectivity, the X5S Smartwatch allows for direct calls, message notifications, email alerts, and social media updates directly on your wrist. It also supports music playback control and remote camera shutter functions.

4.3 Fitness Tracking

The X5S supports over 10 sports modes, including running, cycling, swimming, and yoga. High-precision sensors track calories burned, speed, and distance in real-time. The Zmoofit app allows for detailed analysis and comparison of your training data. It also functions as a pedometer.

4.4 Health Monitoring

The smartwatch includes sleep monitoring to analyze sleep quality and suggest optimal rest periods. It also features menstrual cycle tracking for women.

4.5 Other Smart Features

Additional features include a stopwatch, timer, phone finder, and voice assistant integration.

5. CHARGING AND BATTERY LIFE

The X5S is equipped with a 270mAh battery. Under normal usage, it provides 5-7 days of battery life. In power-saving mode, it can last up to 30 days. A 15-minute quick charge can provide enough power for one day of use.

6. DURABILITY AND WATER RESISTANCE

Constructed with an aircraft-grade zinc alloy frame and IP67 PLUS waterproof technology, the X5S is designed for durability. It can withstand sweat, rain, and immersion in water up to 1 meter deep for 30 minutes. Its shock-resistant design ensures reliable operation in various environments, from cold mountains to hot deserts. The breathable band material prevents discomfort during extended wear.

8. TROUBLESHOOTING

8.1 Connectivity Issues

If the smartwatch fails to connect to your smartphone:

- Ensure Bluetooth is enabled on both devices.
- Restart both the smartwatch and your smartphone.
- Check if the Zmoofit app is running in the background.
- Unpair and re-pair the device through the Zmoofit app.

8.2 Notifications Not Appearing

If you are not receiving notifications:

- Verify that notification permissions are granted to the Zmoofit app in your phone's settings.
- Ensure the smartwatch is connected via Bluetooth.
- Check notification settings within the Zmoofit app for specific applications.

8.3 Inaccurate Data Tracking

For issues with activity or health data accuracy:

- Ensure the smartwatch is worn snugly on your wrist.
- Calibrate the device if an option is available in the app.
- Update the Zmoofit app and smartwatch firmware to the latest versions.

9. MAINTENANCE

To ensure the longevity and proper functioning of your TopLuck X5S Smartwatch:

- Clean the watch regularly with a soft, dry cloth.
- Avoid exposing the watch to extreme temperatures or direct sunlight for prolonged periods.
- Do not use harsh chemicals or abrasive materials for cleaning.
- Ensure the charging contacts are clean and dry before charging.

10. WARRANTY AND SUPPORT

The TopLuck X5S Smartwatch comes with a one-year manufacturer's warranty. For warranty claims or technical support, please contact TopLuck customer service through the contact information provided on the product packaging or the official TopLuck website. Please retain your proof of purchase for warranty validation.
