SETUP AND PAIRING

The Btootos A90 Pro earbuds feature advanced Bluetooth 5.4 technology for a fast and stable connection with low latency. They support automatic pairing for convenience.

Initial Pairing

1. Ensure your device's Bluetooth is turned on.
2. Open the charging case. The earbuds will automatically power on and enter pairing mode.
3. On your device, search for Bluetooth devices and select "A90 Pro" from the list.
4. Once connected, you will hear a voice prompt indicating successful pairing.

Automatic Reconnection

After initial pairing, the earbuds will automatically connect to the last paired device when removed from the charging case.

MAINTENANCE

IP7 Waterproof Design

The earbuds are designed with an ultra-light Nano coating, achieving an IP7 waterproof rating. This makes them resistant to dust and rain, suitable for various activities including sports.

Cleaning

To maintain optimal performance, regularly clean the earbuds and charging case with a soft, dry cloth. Ensure no moisture enters the charging port or earbud speakers.

TROUBLESHOOTING

If you encounter any issues with your Btootos A90 Pro earbuds, please refer to the following common solutions:

- **No Sound/Connection Issues:** Ensure Bluetooth is enabled on your device and the earbuds are charged. Try re-pairing the earbuds by placing them back in the case, closing it, and then reopening to initiate pairing mode.
- **One Earbud Not Working:** Check if both earbuds are charged. Try resetting the connection by placing both earbuds in the case and then taking them out again.
- **Poor Sound Quality:** Ensure the ear tips are the correct size for a snug fit. Clean any debris from the earbud speakers.
- **Charging Problems:** Verify the USB-C cable is properly connected to both the charging case and a power source. Check the LED display for charge indicators.

For further assistance, please contact customer support.
