› FunXplore Wooden Kids Sandbox with Lid and Canopy, Model PD-1023A Instruction Manual

FunXplore PD-1023A

FunXplore Wooden Kids Sandbox with Lid and Canopy

MODEL: PD-1023A

Instruction Manual

1. Introduction

This manual provides detailed instructions for the assembly, operation, and maintenance of your FunXplore Wooden Kids Sandbox with Lid and Canopy, Model PD-1023A. Please read all instructions carefully before assembly and use to ensure safe and correct operation of the product.

The FunXplore sandbox is designed for outdoor play, featuring a durable wooden construction, a protective canopy, and integrated foldable benches that also serve as a lid. It is suitable for children aged 3 years and up.

2. Safety Information

- **Adult Supervision Required:** Always ensure children are supervised by an adult while playing in or around the sandbox.
- **Age Recommendation:** This product is recommended for children aged 3 years and up.
- **Splinter-Free Design:** The sandbox is constructed from smooth fir wood to minimize the risk of splinters. Regularly inspect all wooden surfaces for any damage or rough areas.
- **Rounded Edges:** All edges are designed with safety in mind to protect hands and feet.
- **Weight Limit:** The foldable benches are reinforced with metal hinges and can support up to 250 lbs. Do not exceed this weight limit.
- **Secure Placement:** Place the sandbox on a flat, level surface to prevent tipping.
- **Canopy Safety:** Ensure the canopy is securely fastened and adjusted. Do not allow children to hang from the canopy frame.
- **Sand Quality:** Use only play sand specifically designed for children's sandboxes.

3. Package Contents

Verify that all components are present before beginning assembly. If any parts are missing or damaged, please contact customer support.

- Wooden Sandbox Panels (Sides, Front, Back)
- Foldable Bench Components (Seats, Backrests, Hinges)
- Canopy Frame (Poles, Crossbars)
- Double-Layer PVC Canopy Fabric
- Adjustable Canopy Knob
- Bottom Liner (Sand Screen)
- Hardware Pack (Screws, Bolts, Nuts, Washers, Tools if included)
- Instruction Manual

4. Setup and Assembly

Assembly requires two adults and approximately 1-2 hours. Ensure you have adequate space and the necessary tools (screwdriver, wrench) before starting.

1. **Prepare the Area:** Choose a flat, level outdoor surface for the sandbox. Clear any debris or obstacles.
2. **Assemble the Base Frame:** Connect the wooden side panels using the provided screws and bolts. Ensure all connections are secure but do not overtighten initially.
3. **Install the Bottom Liner:** Place the included bottom liner (sand screen) inside the assembled base frame. This liner prevents sand from escaping and weeds from growing, while allowing for proper drainage and airflow.
4. **Attach Bench Supports and Benches:** Secure the bench support brackets to the sandbox frame. Then, attach the foldable bench seats and backrests using the reinforced metal hinges. Ensure the benches can fold smoothly.
5. **Assemble the Canopy Frame:** Connect the canopy poles and crossbars according to the diagrams in the manual.
6. **Attach the Canopy Fabric:** Secure the double-layer PVC canopy fabric to the assembled canopy frame. Ensure it is taut and evenly distributed.
7. **Mount the Canopy Assembly:** Attach the complete canopy assembly to the designated mounting points on the sandbox frame. Use the adjustable knob to secure the canopy in place.
8. **Final Tightening and Inspection:** Once all components are assembled, carefully tighten all screws and bolts. Inspect the entire sandbox for stability, ensuring all parts are correctly aligned and secure.

5. Operating Instructions

- **Using the Benches:** The sandbox features two foldable benches. To use them as seating, simply fold them down from their upright position. To convert them into a lid, fold them upwards and secure them over the sandbox opening.
- **Adjusting the Canopy:** The canopy provides UV protection and can be adjusted for optimal shade. Use the adjustable knob on the canopy pole to change its height and tilt. The canopy also supports 360-degree rotation to follow the sun's movement throughout the day.
- **Filling with Sand:** Fill the sandbox with an appropriate amount of play sand. Do not overfill to prevent sand from spilling out during play.

6. Maintenance

- **Cleaning:** Regularly clean the wooden surfaces with a damp cloth. Avoid harsh chemicals that could damage the wood or be harmful to children.
- **Canopy Care:** The double-layer PVC canopy is waterproof and anti-tear. Clean it with mild soap and water. Ensure it is dry before folding or storing to prevent mildew.
- **Sand Management:** Periodically rake the sand to remove debris and aerate it. Replace sand as needed to maintain hygiene and play quality.
- **Wood Protection:** To prolong the life of the wooden components, consider applying a child-safe wood sealant annually, especially if the sandbox is exposed to harsh weather conditions.
- **Hardware Check:** Periodically check all screws, bolts, and hinges to ensure they remain tight and secure. Tighten if necessary.
- **Storage:** When not in use, especially during inclement weather or off-season, fold the benches to cover the sandbox and consider covering the entire unit with a protective tarp.

7. Troubleshooting

- **Benches not folding smoothly:** Check hinges for debris or damage. Ensure all screws are properly tightened but not overtightened, which could restrict movement.
- **Canopy unstable or difficult to adjust:** Verify that the adjustable knob is securely tightened. Inspect the canopy poles and crossbars for proper assembly and alignment.
- **Sand accumulating water:** Ensure the bottom liner is correctly installed and not obstructed. The liner is designed to allow drainage while retaining sand. Check if the sandbox is on a level surface to prevent water pooling.
- **Wood appears damaged:** If minor surface damage occurs, it can often be sanded smooth. For significant damage, contact customer support for advice.

8. Specifications

Product Dimensions	47 x 47 x 50 inches (L x W x H)
Item Model Number	PD1023AA
Manufacturer Recommended Age	3 years and up
Material	Fir Wood, PVC Canopy
Brand	FunXplore
