3. SETUP

1. **Prepare Your Tablet:** Ensure your Headwolf W6 tablet is clean and free of dust or debris.
2. **Insert Tablet:** Gently align your tablet with the case. Start by inserting one corner of the tablet into the corresponding corner of the silicone case.
3. **Secure the Tablet:** Carefully work your way around the edges, stretching the soft silicone material over the remaining corners and sides of the tablet until it is fully seated and snug within the case. Ensure all edges are covered and the tablet is securely held.

4. **Check Fit:** Verify that all ports, buttons, and the camera lens are properly aligned with the case's cutouts and are fully accessible.

4. OPERATING INSTRUCTIONS

4.1 Using the Adjustable Stand

1. **Extend the Stand:** Locate the integrated stand on the back of the case. Gently pull the stand outwards from its recessed position until it clicks into place.
2. **Adjust Viewing Angle:** The stand is designed to offer multiple viewing angles. Adjust the angle by positioning the tablet as desired. The PC material bracket can be disassembled and reassembled to achieve different stable positions.
3. **Retract the Stand:** When not in use, push the stand back into its recessed slot until it lies flush with the case's surface.

4.2 Using the Capacitive Pen (if included)

If your product includes a capacitive pen, it can be used for precise navigation, drawing, and writing on your tablet screen. Store the pen in the designated holder on the case, if available, to prevent loss.

5. MAINTENANCE

5.1 Cleaning the Case

The soft silicone material of the case is designed for easy cleaning:

- **General Cleaning:** Use a damp cloth with mild soap and water to wipe down the surface of the case.
- **Stubborn Stains:** For oil or other stubborn stains, the case can be cleaned directly with water. Avoid harsh chemicals or abrasive cleaners, as these may damage the silicone.
- **Drying:** Allow the case to air dry completely before reattaching it to your tablet.

5.2 Storage

When not in use, store the case in a cool, dry place away from direct sunlight and extreme temperatures to preserve its material integrity.

6. TROUBLESHOOTING

- **Case does not fit:**

Ensure you have the correct model case for your tablet. This case is specifically designed for the Headwolf W6 Android 10 inch Tablet. It is not compatible with other tablet models. Double-check your tablet's model number.
- **Stand is difficult to open/close:**

The stand is designed to be snug to provide stable support. Apply gentle, firm pressure to extend or retract it. Avoid excessive force. If the stand feels stiff, ensure no debris is obstructing its mechanism.
- **Tablet feels hot inside the case:**

The case features a honeycomb design for heat dissipation. If your tablet still feels excessively hot, ensure the tablet is not running resource-intensive applications for extended periods. Remove the case periodically to allow for maximum air circulation if needed.
