CSNRHG 8853

CSNRHG Paris Tour Eiffel Micro Building Blocks Model 8853 Instruction Manual

Brand: CSNRHG | Model: 8853

Introduction

Thank you for choosing the CSNRHG Paris Tour Eiffel Micro Building Blocks Model 8853. This set allows you to construct a detailed replica of the world-renowned Eiffel Tower using 3350 micro building blocks. This instruction manual provides essential information for assembly, safety, maintenance, and troubleshooting to ensure an enjoyable building experience.

Safety Information

WARNING: CHOKING HAZARD - Small parts. This product contains small components that may pose a choking hazard. Not suitable for children under 3 years of age.
Recommended Age: 3 years and up (36 months - 60 years).

Package Contents

Your CSNRHG Paris Tour Eiffel Micro Building Blocks set includes:

- Approximately 3350 micro building blocks
- Detailed assembly instruction booklet
- Spare parts (as indicated in the instruction booklet)

Assembly Instructions

Follow the detailed step-by-step instructions provided in the included booklet. Each step is illustrated to guide you through the construction process. Take your time and ensure each connection is secure for a stable model.

Figure 1: Overview of the CSNRHG Paris Tour Eiffel Micro Building Blocks Model 8853, showing the assembled model and its packaging with approximate dimensions.

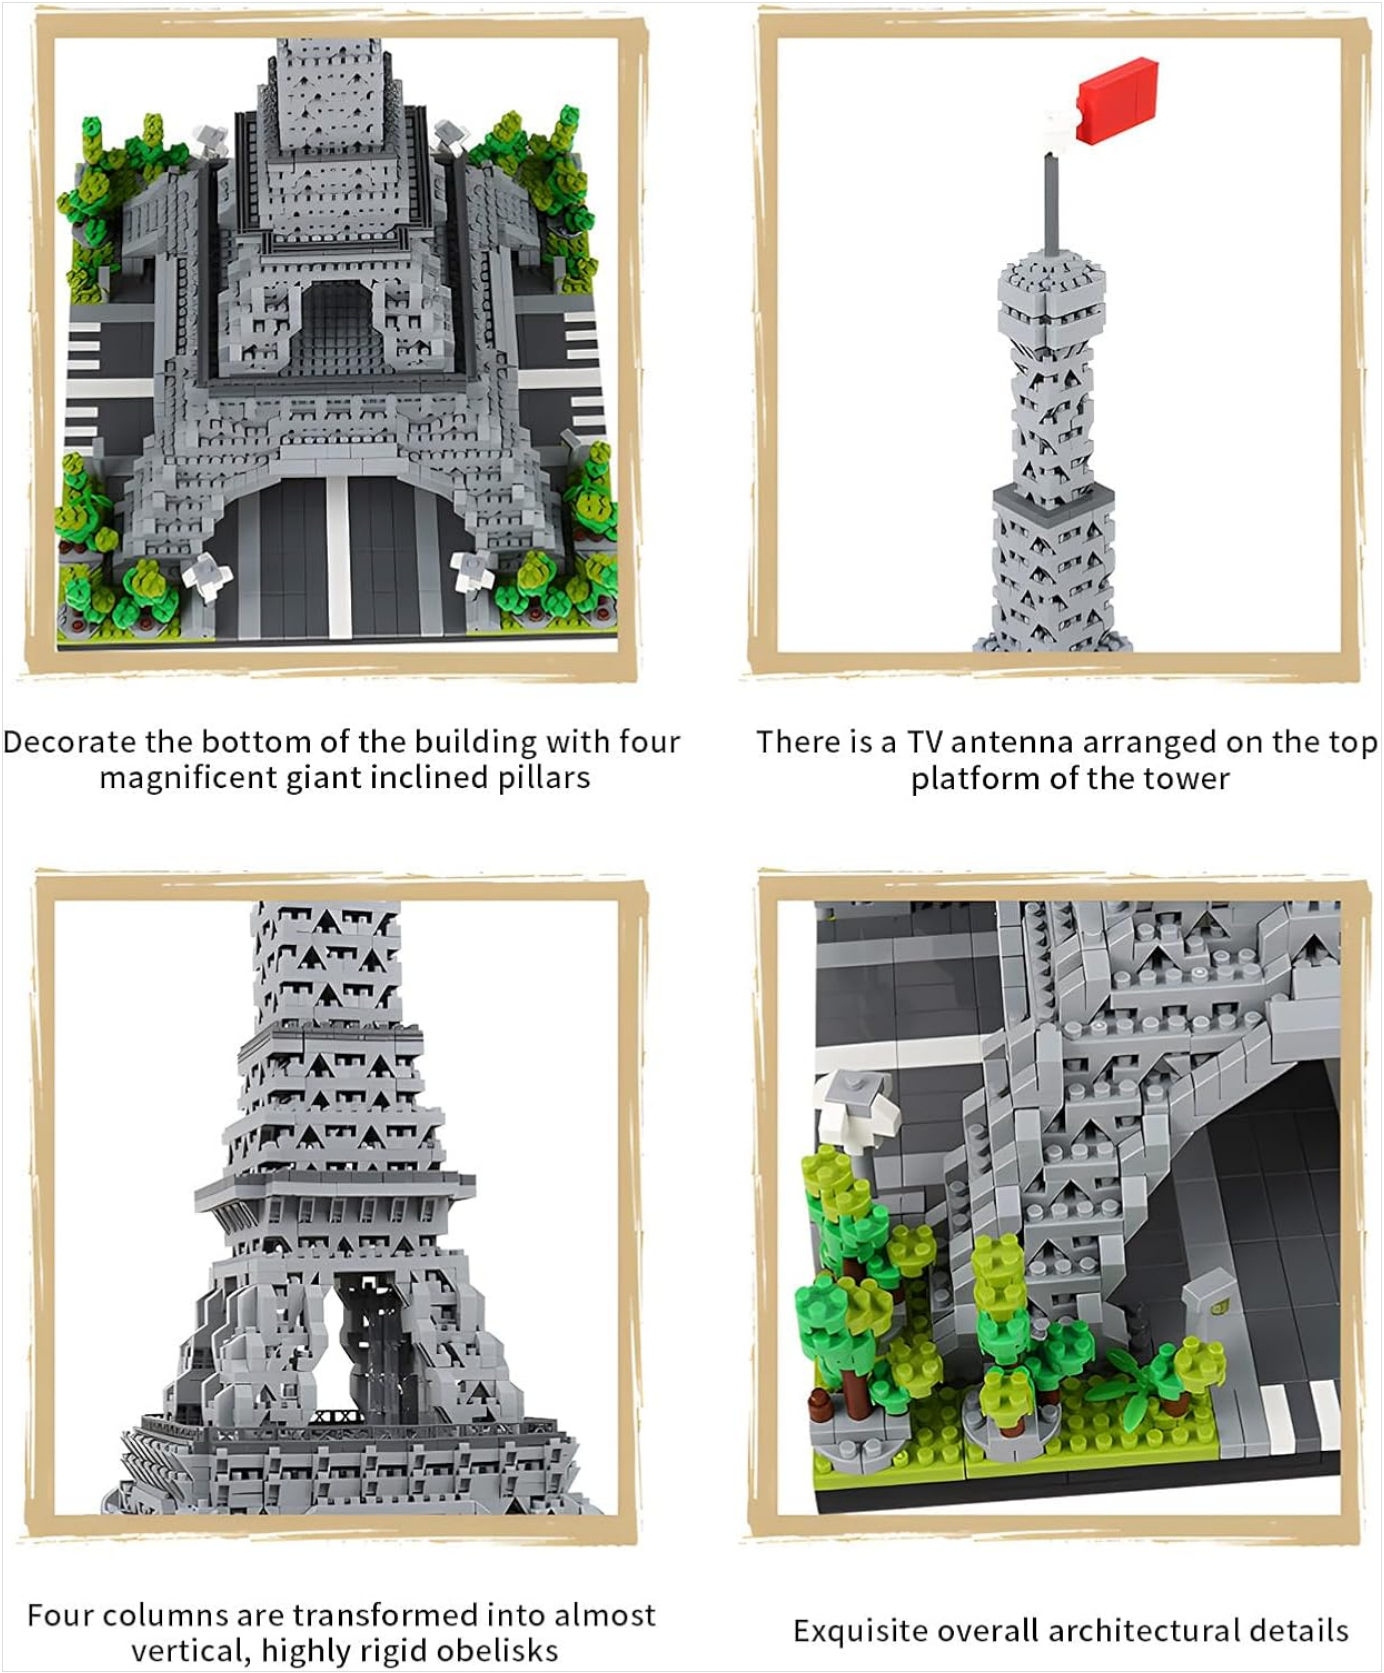

Figure 2: Close-up details of the model, highlighting the four magnificent inclined pillars at the base, the TV antenna on the top platform, and the overall architectural details.

Figure 3: Illustration of the assembly process, showing an adult and child working together on the model, emphasizing the educational and engaging nature of the construction.

General Assembly Tips:

- **Sort Pieces:** Before starting, sort the micro blocks by color and shape to facilitate easier identification during assembly.
- **Follow Steps Sequentially:** Adhere strictly to the numbered steps in the instruction booklet. Do not skip steps.
- **Secure Connections:** Ensure each block is firmly connected to the adjacent blocks. The specially designed buckle connection method helps ensure stability.
- **Patience is Key:** Micro building blocks require precision. If a piece doesn't fit immediately, re-check the instructions and try again gently.
- **Check for Missing Parts:** If you believe you have missing parts, refer to the "Troubleshooting" section or contact customer support.

Operating Instructions

The CSNRHG Paris Tour Eiffel Micro Building Blocks Model 8853 is a static display model and does not require operational instructions. Once assembled, it is ready for display.

Maintenance

To maintain the appearance and integrity of your model:

- **Cleaning:** Gently wipe the model with a dry, soft cloth to remove dust. Avoid using harsh chemicals or abrasive materials.
- **Storage:** If disassembling for storage, keep all pieces in a secure container to prevent loss. The model is designed for easy disassembly.
- **Display:** Place the model on a stable, flat surface away from direct sunlight or extreme temperatures to prevent material degradation.

Troubleshooting

If you encounter any issues during assembly or with the product:

- **Missing Pieces:** Carefully check all packaging materials. If pieces are genuinely missing, please contact customer support with details of the missing parts (refer to the parts list in your instruction booklet).
- **Unstable Connections:** Ensure blocks are pressed firmly together. If a section feels loose, re-examine the assembly steps for that section.
- **Difficulty with Assembly:** Review the instruction booklet carefully. Sometimes a small detail can be overlooked. If you are still stuck, consider watching online assembly guides if available for similar products.
