1. INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your Toolsempire 2-Tier Raised Garden Bed with Trellis, Model GT4340CF. This elevated planter box is designed to provide a convenient and efficient way to grow various plants, including climbing varieties, vegetables, fruits, and flowers, in your backyard, garden, or patio.

2. SAFETY INFORMATION

- Read all instructions carefully before assembly and use.
- Keep children and pets away from the assembly area. Small parts can be a choking hazard.
- Ensure all connections are tight and secure before filling the planter boxes with soil.
- Do not overload the planter boxes beyond the recommended weight capacity (110 lbs per tier).
- Place the garden bed on a flat, stable surface to prevent tipping.
- Wear appropriate safety gear, such as gloves, during assembly to prevent splinters.

3. PARTS LIST

Before beginning assembly, verify that all components are present and undamaged. Refer to the detailed parts list

included in your product packaging. If any parts are missing or damaged, contact customer support immediately. Typical components include:

- Wooden panels for planter boxes
- Trellis sections
- Support legs
- Hardware (screws, bolts, nuts)
- Hemp rope
- Assembly tools (often an Allen wrench is included)

4. SETUP & ASSEMBLY

Follow these general steps for assembling your raised garden bed. Refer to the specific diagrams and instructions provided in your product packaging for detailed guidance.

1. **Prepare the Area:** Choose a flat, level surface for assembly and final placement. Ensure adequate space for working.
2. **Assemble Planter Boxes:** Connect the wooden panels to form the two planter boxes. Ensure drainage holes are correctly positioned at the bottom.
3. **Attach Support Legs:** Securely fasten the support legs to the base of the planter boxes using the provided hardware.
4. **Install Trellis:** Attach the trellis sections to the upper planter box or designated support points. Ensure the trellis is stable and upright.
5. **Secure Connections:** Double-check all screws and connections to ensure they are tight and the structure is stable. Use the provided hemp rope to further secure the trellis frame if necessary, cutting it to 14-inch sections as indicated.

5. OPERATING INSTRUCTIONS

Once assembled, your raised garden bed is ready for planting.

- **Filling the Planter Boxes:** Fill the two planter boxes with appropriate potting soil or growing medium. Ensure not to exceed the top edge of the boxes.
- **Planting:** Plant your desired climbing plants, vegetables, fruits, or flowers. The two tiers allow for diverse planting arrangements.
- **Trellis Use:** Guide climbing plants up the integrated trellis as they grow. This provides support and maximizes

vertical growing space.

- **Drainage:** The planter boxes are equipped with drainage holes and gaps between the plates to prevent waterlogging. Ensure these remain clear for efficient water drainage.

Premium Wood Material

The surface is treated with water-based painting for excellent durability

6. MAINTENANCE

Proper maintenance will extend the lifespan of your raised garden bed.

- **Cleaning:** Periodically clean the wooden surfaces with a damp cloth to remove dirt and debris. Avoid harsh chemicals.
- **Wood Protection:** The fir wood is treated with a water-based coating for durability. To maintain its appearance and extend its life, consider reapplying a suitable outdoor wood sealant or stain annually, especially if exposed to harsh weather conditions.
- **Drainage Check:** Regularly inspect the drainage holes to ensure they are not blocked by soil or roots. Clear any obstructions to maintain proper water flow.
- **Hardware Check:** Periodically check all screws and connections for tightness. Tighten any loose hardware to ensure structural stability.

Sufficient Planting Area

With 2 planting box and 1 trellis for various kinds of plants

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Instability after assembly	Loose connections or uneven placement surface.	Ensure all screws are tightened. Place the garden bed on a firm, level surface.
Poor drainage / Water pooling	Drainage holes are blocked or insufficient.	Check and clear drainage holes. Ensure gaps between bottom planks are not obstructed.
Difficulty with assembly alignment	Parts not correctly oriented or minor manufacturing variations.	Review the assembly diagrams carefully. Loosen connections slightly to adjust alignment, then retighten. Do not force parts.

Problem	Possible Cause	Solution
Wood discoloration or deterioration	Prolonged exposure to harsh weather without additional protection.	Apply an outdoor wood sealant or stain as part of regular maintenance.

8. SPECIFICATIONS

Model Number	GT4340CF
Brand	Toolsempire
Color	Rustic Brown
Material	Fir Wood
Product Dimensions (L x W x H)	35"D x 26"W x 50"H
Interior Planter Box Size (L x W x H)	33" x 10" x 6.5"
Item Weight	24.5 Pounds
Number of Tiers	2
Special Features	Drainage Holes, Integrated Trellis, Portable
Max Weight Capacity (per tier)	110 lbs
