IMPORTANT SAFETY INFORMATION

- **Maximum Weight Capacity:** Do not exceed the maximum weight recommendation of 290 pounds (131.5 kg).
- **Assembly:** Assembly may be required. Ensure all components are securely fastened before use.
- **Stability:** Avoid sudden movements or excessive leaning when the chair is fully reclined to prevent instability.
- **Children:** Keep children away from moving parts during adjustment.
- **Maintenance:** Follow product care instructions to maintain the chair's condition.

SETUP AND ASSEMBLY

The Dowinx LS-6658 chair requires assembly. Please ensure all parts are present before beginning. Refer to the included assembly guide for detailed, step-by-step instructions. A typical assembly involves:

1. Attaching the casters to the chair base.
2. Inserting the gas lift cylinder into the base.

3. Mounting the seat mechanism to the seat cushion.
4. Attaching the backrest to the seat cushion.
5. Connecting the armrests.
6. Attaching the headrest and lumbar support cushions.

OPERATING INSTRUCTIONS

Your Dowinx LS-6658 chair offers several adjustable features for personalized comfort:

1. Seat Height Adjustment

To adjust the seat height, locate the lever on the right side beneath the seat (often marked "LIFT"). While seated, pull the lever up to lower the seat. To raise the seat, stand up and pull the lever up. Release the lever at the desired height.

2. Backrest Recline

The backrest can be reclined from 90° (upright working position) to 135° (relaxed lounging position). Locate the recline lever on the left side beneath the seat (often marked "RCL"). Pull the lever up and lean back to recline. Release the lever to lock the backrest in place. To return to an upright position, pull the lever and lean forward.

3. Extendable Footrest

For added relaxation, pull the footrest out from beneath the seat. Extend it to your desired length. To retract, push it back under the seat until it is fully stored.

4. Massage Lumbar Support

The lumbar support cushion includes a massage function. Connect the USB cable, typically located at the back of the lumbar cushion, to a compatible USB power source (e.g., computer, power bank, USB wall adapter). The massage function will activate upon connection.

FEATURES

The image displays a grey and black gaming chair with green accents. The backrest is reclined at 135 degrees, and the footrest is extended. Green arrows indicate the recline angle and the extendable footrest. Two inset images show the recline lever and the massage function.

MAINTENANCE AND CARE

Proper maintenance ensures the longevity and appearance of your Dowinx LS-6658 chair.

- **Cleaning Fabric:** The high-performance knitted fabric should be dry cleaned. For minor spills, gently blot with a clean, damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Frame and Base:** Wipe metal and plastic components with a soft, damp cloth.
- **Casters:** Periodically check casters for hair or debris and clean as needed to ensure smooth movement.
- **Fasteners:** Regularly inspect all screws and bolts to ensure they are tight. Retighten if necessary.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fabric fading.

TROUBLESHOOTING

If you encounter issues with your chair, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Chair does not adjust height.	Gas lift cylinder malfunction or lever not engaged.	Ensure the lift lever is fully pulled. If the issue persists, the gas lift may need replacement. Contact customer support.
Backrest does not recline or lock.	Recline mechanism jammed or lever not engaged.	Check for obstructions. Ensure the recline lever is fully engaged or disengaged.
Footrest is difficult to extend/retract.	Mechanism obstructed or dirty.	Inspect the footrest rails for debris. Clean if necessary. Apply a silicone-based lubricant if movement is stiff.
Massage function not working.	USB cable disconnected or power source issue.	Ensure the USB cable is securely connected to a working power source. Try a different USB port or adapter.
Chair wobbles or feels unstable.	Loose fasteners or uneven floor.	Check and tighten all assembly screws and bolts. Ensure the chair is on a flat, even surface.
