This diagram provides key dimensions of the assembled chair, useful for understanding component placement and overall size.

3.2 Assembly Instructions

1. **Assemble the Base:** Insert the five casters into the holes at the end of each leg of the star base. Push firmly until they click into place.
2. **Install Gas Lift:** Place the gas lift cylinder into the center hole of the assembled star base. Cover it with the gas lift cover.
3. **Attach Mechanism Plate:** Align the mechanism plate with the screw holes on the underside of the chair seat. Ensure the front of the mechanism faces the front of the seat. Secure with screws using the provided Allen wrench.
4. **Connect Backrest to Seat:** Attach the backrest to the seat using the screws provided. Ensure the armrests are properly aligned with the backrest's attachment points.
5. **Attach Footrest:** Slide the footrest assembly into the designated slots under the seat.
6. **Connect Seat to Base:** Carefully place the assembled seat onto the gas lift cylinder, ensuring it is centered and stable.
7. **Attach Pillows:** Secure the headrest pillow to the top of the backrest and the lumbar massage pillow to the lower back area using their integrated straps.

Once assembled, test all functions to ensure proper operation before regular use.

4. OPERATING INSTRUCTIONS

Your Dowinx Gaming Chair offers several adjustable features for personalized comfort.

4.1 Height Adjustment

To adjust the chair's height, locate the lever on the right side, beneath the seat. Pull the lever upwards while:

- **To raise:** Lift your weight off the seat.
- **To lower:** Remain seated and apply pressure.

Release the lever to lock the height in place.

4.2 Recline Function

The chair features a recline function adjustable between 90° and 135°. Locate the recline lever on the left side of the chair. Pull the lever up and lean back to your desired angle. Release the lever to lock the backrest position. To return to an upright position, pull the lever and lean forward.

Figure 4.1: 135° Stepless Reclining

This image demonstrates the chair's ability to recline up to 135 degrees, allowing users to switch from a concentrated work posture to a relaxed mode.

4.3 Footrest Operation

To extend the footrest, pull it out from underneath the seat. To retract, push it back in until it is fully stored. The footrest is designed to provide additional support when reclining.

4.4 Lumbar Massage Function

The lumbar pillow includes a USB-powered massage function. Connect the USB cable from the lumbar pillow to any standard USB power source (e.g., computer, power bank, wall adapter). The massage function can be activated via a control on the pillow itself.

5. MAINTENANCE AND CARE

Proper care and maintenance will extend the life and appearance of your Dowinx Gaming Chair.

5.1 Cleaning

- **Fabric Surfaces:** For general cleaning, wipe clean with a damp cloth. For tougher stains, use a mild fabric cleaner and follow the product instructions. Test on an inconspicuous area first.
- **Plastic and Metal Parts:** Wipe with a soft, damp cloth. Avoid abrasive cleaners.

5.2 General Care

- Regularly check all screws and bolts to ensure they are tight. Retighten as necessary.
- Avoid exposing the chair to direct sunlight for prolonged periods, as this can cause fading.
- Do not stand on the chair or use it as a step stool.
- Ensure casters are clean and free of debris to allow smooth movement.

6. TROUBLESHOOTING

If you encounter any issues with your Dowinx Gaming Chair, refer to the following common problems and solutions.

- Chair Squeaks:**
Check all bolts and screws for tightness. Apply a small amount of silicone lubricant to moving parts or joints if necessary.
- Chair Does Not Adjust Height:**
Ensure the gas lift lever is fully engaged. If the gas lift cylinder is faulty, it may need replacement. Contact customer support.
- Chair Feels Unstable/Wobbly:**
Verify that all screws connecting the seat, backrest, and mechanism plate are securely tightened. Ensure the gas lift is properly seated in the base.
- Casters Not Rolling Smoothly:**
Check casters for tangled hair or debris. Clean them thoroughly. If damaged, replacement casters may be needed.
- Lumbar Massage Not Working:**
Ensure the USB cable is securely connected to both the pillow and a working power source. Try a different USB port or power source.

If the issue persists after attempting these solutions, please contact Dowinx customer support for further assistance.
