JOWLURK K8

JOWLURK K8 Home Projector User Manual

Model: K8 | Brand: JOWLURK

1. Introduction

Thank you for purchasing the JOWLURK K8 Home Projector. This manual provides essential information for setting up, operating, and maintaining your projector. Please read it thoroughly before use to ensure optimal performance and safety.

2. Safety Information

- Do not look directly into the projector lens when the lamp is on.
- Ensure proper ventilation around the projector to prevent overheating.
- Keep the projector away from water or other liquids.
- Use only the provided power adapter.
- Avoid placing the projector on unstable surfaces.
- The K8 projector utilizes eye-friendly diffuse reflection and blue light reduction technology, significantly reducing eye strain compared to direct light sources like TVs. This makes it safe for use by all family members.

3. Product Overview

The JOWLURK K8 is a compact home projector designed for versatile entertainment. It features an integrated 360° rotatable stand, Full HD 1080P native resolution, 27000 lumens brightness, electric focus, automatic keystone correction, Wi-Fi 6, and Bluetooth 5.4 connectivity. It also includes a built-in HiFi speaker.

This image shows the JOWLURK K8 projector in a bedroom, demonstrating its 360-degree rotation capability by projecting an image onto both the wall and the ceiling. The projector is positioned on a bedside table.

4. Setup

1. **Placement**: Position the projector on a stable surface. The integrated 360° rotatable stand allows for flexible projection onto walls or ceilings without needing a separate tripod.
2. **Power Connection**: Connect the power adapter to the projector and plug it into an electrical outlet.
3. **Initial Power On**: Press the power button on the projector or remote control to turn it on.
4. **Image Adjustment**:
    - **Automatic Keystone Correction**: The projector features ±45° vertical keystone correction, which automatically adjusts the image distortion upon setup.
    - **Electric Focus**: Use the remote control to smoothly adjust the focus for a clear and sharp image.
    - **Zoom Function**: The 100%-50% zoom function allows you to adjust the screen size from 40 to 200 inches to fit your viewing space.

A family is shown enjoying a movie projected by the JOWLURK K8. The image illustrates the projector's automatic vertical keystone correction and 100%-50% zoom function, allowing for a perfectly rectangular image and flexible screen sizing from 40 to 200 inches, even with off-angle placement.

5. Operating Instructions

5.1. Connectivity

- **HDMI**: Connect devices like laptops, gaming consoles (Switch, PS5, Xbox), or streaming sticks (Fire TV Stick) via the HDMI port.
- **USB**: Insert USB drives to play media files.
- **3.5mm Audio Port**: Connect external wired speakers or headphones.
- **Wi-Fi 6**: The projector supports the latest Wi-Fi 6 technology (2.4GHz/5GHz) for stable and high-speed wireless data transfer. This enables smooth streaming of movies, online games, and live broadcasts. Easily connect with iOS, Android, and Windows devices for screen mirroring.

- **Bluetooth 5.4**: Pair with wireless speakers or headphones for an enhanced audio experience without cable clutter.

The image illustrates the projector's Wi-Fi 6 capability, showing a smartphone wirelessly mirroring its screen content to the projector. This highlights the stable and high-speed data transfer for seamless streaming and gaming.

This image emphasizes the audio features of the JOWLURK K8 projector, including its built-in HiFi speaker and Bluetooth 5.4 connectivity. It shows the projector paired with wireless headphones and an external Bluetooth speaker, demonstrating options for enhanced audio experience.

5.2. Viewing Experience

- **High Definition**: Enjoy movies, anime, and live content in high definition with native Full HD 1920x1080 resolution and 27000 lumens brightness.
- **Immersive Audio**: The built-in high-fidelity (HiFi) speaker provides powerful and immersive sound, creating a luxurious home theater audio experience.
- **Versatile Use**: Suitable for various settings, including solo viewing in the bedroom, family entertainment in the living room, or outdoor projections.

This collage showcases the versatility of the JOWLURK K8 projector across various settings. It depicts a person watching a movie in bed, a family enjoying content in a living room, and friends watching sports outdoors, highlighting its adaptability for different entertainment needs.

6. Maintenance

- **Cleaning the Lens**: Use a soft, lint-free cloth specifically designed for optical lenses. Do not use abrasive cleaners.
- **Cleaning the Exterior**: Wipe the projector's exterior with a soft, dry cloth. Avoid using harsh chemicals.
- **Ventilation**: Ensure the ventilation openings are clear of dust and obstructions to maintain proper airflow and prevent overheating.
- **Storage**: When not in use for extended periods, store the projector in a cool, dry place, protected from dust.

7. Troubleshooting

Problem	Possible Cause	Solution

Problem	Possible Cause	Solution
No image projected	Power cable disconnected, incorrect input source, device not connected.	Check power connection, select correct input source (HDMI, USB), ensure external device is properly connected and powered on.
Blurred image	Focus not adjusted, projector too close/far from screen.	Use electric focus via remote control to sharpen the image. Adjust projection distance if necessary.
Image distorted (trapezoid shape)	Projector not perpendicular to the screen.	The projector has automatic vertical keystone correction (±45°). Ensure the projector is placed on a flat surface.
No sound	Volume too low, external audio device not connected, Bluetooth not paired.	Increase volume, check 3.5mm audio connection, ensure Bluetooth device is correctly paired.
Wi-Fi connection unstable	Distance from router, interference, router settings.	Ensure projector is within Wi-Fi range. Try connecting to 5GHz band if available. Reduce interference from other devices.

8. Specifications

- **Model**: K8
- **Native Resolution**: 1920 x 1080 (Full HD)
- **Brightness**: 27000 Lumens
- **Projection Size**: 40-200 inches (recommended 0.5-3 meters projection distance)
- **Keystone Correction**: Automatic Vertical ±45°
- **Focus**: Electric Focus
- **Zoom Function**: 100%-50%
- **Connectivity**: Wi-Fi 6 (2.4G/5GHz), Bluetooth 5.4
- **Input Ports**: 1x HDMI, 1x USB, 1x 3.5mm Audio
- **Audio**: Built-in HiFi Speaker
