## VTech XL200E

# VTech Marble Rush Ultimate Set Electronic XL200E Instruction Manual

Model: XL200E

## INTRODUCTION

The VTech Marble Rush Ultimate Set Electronic XL200E is a giant marble run construction set designed for children aged 4 and above. This set allows for the creation of spectacular marble courses with electronic sound and light effects. It encourages curiosity, concentration, and logical thinking through interactive play.

## SAFETY INFORMATION

**WARNING: Not suitable for children under 36 months due to small parts which may present a choking hazard.**

Always supervise children during play. Ensure all parts are securely connected before use. Keep batteries out of reach of small children.

## PACKAGE CONTENTS

The VTech Marble Rush Ultimate Set Electronic XL200E includes the following components:

- 127 colorful construction pieces
- 10 MarbleBilles (marbles)
- 1 motorized large wheel
- 1 electronic sound and light module
- Illustrated construction guide
- Sticker sheet
- Batteries: 2 x LR6-AA (for sound/light module) and 3 x LR03-AAA (for motorized wheel) - all included.

## SETUP AND ASSEMBLY

Follow the included illustrated construction guide for step-by-step assembly. The guide offers three difficulty levels (beginner, intermediate, advanced) to help children progressively build more complex circuits. A color-coded guide and sticker sheet are provided to assist in construction and decoration.

### 1. Battery Installation:

Locate the battery compartments on the motorized large wheel and the electronic sound and light module. Insert 2 LR6-AA batteries into the sound/light module and 3 LR03-AAA batteries into the motorized wheel, ensuring correct polarity. All required batteries are included.

### 2. Base Construction:

Begin by connecting the base pieces as indicated in the construction guide. These form the foundation of your marble run.

### 3. Building the Structure:

Assemble the support pillars and track pieces according to your chosen difficulty level. Pay attention to the color codes and illustrations for accurate placement of ramps, turns, and special features like secret traps and the catapult.

### 4. Integrating Electronic Components:

Place the motorized large wheel and the electronic sound and light module into their designated positions within the circuit. Ensure they are securely connected to the track pieces.

### 5. Final Checks:

Before playing, double-check all connections to ensure stability and smooth marble flow. Apply stickers as desired for decoration.

Image: Three distinct marble run configurations (Level 1, Level 2, Level 3) that can be built with the set, demonstrating varying complexity.

## OPERATING INSTRUCTIONS

Once assembled, the Marble Rush Ultimate Set Electronic XL200E offers interactive play with its electronic features:

- **Motorized Large Wheel:**

Place the MarbleBilles into the motorized large wheel. The wheel will lift the marbles to the top of the circuit, initiating their descent through the various tracks. The large wheel stops manually.

Image: The motorized large wheel, shown rotating and lifting marbles to the upper tracks of the circuit.

- **Electronic Sound and Light Module:**

As marbles pass through the electronic sound and light module, it illuminates and plays music, adding an auditory and visual dimension to the play. Use the arrows on the module to select different melodies. The module features volume control and an automatic shut-off function to conserve battery life.

Image: A close-up of the electronic sound and light module, showing a marble passing through and the module illuminating.

- **Special Features:**

Engage with features like the whirlwind, secret traps, and catapult to add variety and challenges to the marble run.

## MAINTENANCE

- **Cleaning:** Wipe the toy with a damp cloth. Do not immerse electronic components in water.
- **Battery Replacement:** Replace batteries when electronic functions diminish. Ensure proper disposal of used batteries.
- **Storage:** Store the set in a dry place away from direct sunlight when not in use.

## TROUBLESHOOTING

- **Marbles not moving smoothly:**

Check all track connections to ensure they are secure and properly aligned. Ensure no debris is obstructing the tracks. Verify that the motorized wheel is functioning correctly and batteries are not depleted.

- **Electronic module not working:**

Check if the batteries are correctly installed and not depleted. Replace batteries if necessary. Ensure the module is properly connected within the circuit.

- **Motorized wheel not turning:**

Verify that the batteries are correctly installed and have sufficient power. Replace batteries if needed. Ensure no parts are obstructing the wheel's movement.

## SPECIFICATIONS

Feature	Detail
Product Dimensions (L x W x H)	73 x 41.7 x 62.5 cm
Product Weight	2.65 kg
Recommended Age	4 - 12 years
Model Number	80-562405
Number of Players	1
Batteries Required	Yes (2 x AA, 3 x AAA)
Batteries Included	Yes
Main Material	Plastic
Color	Multicolor

## COMPATIBILITY

This VTech Marble Rush Ultimate Set Electronic XL200E is compatible with all other construction kits in the Marble Rush range. This allows for endless possibilities to expand and create unique, larger marble circuits by combining multiple sets.

## WARRANTY AND SUPPORT

For warranty information or technical support, please refer to the official VTech website or contact VTech customer service directly. Keep your proof of purchase for any warranty claims.
