

Godex RT730i+

Godex RT730i+ Thermal Transfer Desktop Printer User Manual

Model: RT730i+

1. INTRODUCTION

This manual provides detailed instructions for the setup, operation, and maintenance of your Godex RT730i+ Thermal Transfer Desktop Printer. Please read this manual thoroughly before using the printer to ensure proper functionality and to prevent damage.

2. SAFETY INFORMATION

Observe the following safety precautions to prevent injury and damage to the printer:

- Always connect the printer to a grounded power outlet.
- Do not expose the printer to water or excessive humidity.
- Keep the printer away from heat sources and direct sunlight.
- Do not attempt to open or repair the printer yourself. Refer to qualified service personnel.
- Ensure proper ventilation around the printer during operation.

3. PACKAGE CONTENTS

Verify that all items are present in the package:

- Godex RT730i+ Printer
- Power Adapter
- USB Cable
- Godex Software CD/Download Information
- Quick Start Guide (if applicable)

4. PRODUCT OVERVIEW

Familiarize yourself with the main components of your Godex RT730i+ printer.

Figure 4.1: Overall view of the Godex RT730i+ Thermal Transfer Desktop Printer. This image shows the compact design of the printer, highlighting its external casing and general form factor.

Figure 4.2: Front view of the Godex RT730i+ printer, focusing on the control panel. This panel features a clear 2.4-inch color LCD display and intuitive buttons for navigation and operation.

Figure 4.3: Internal view of the Godex RT730i+ printer with the top cover open, revealing the media loading area. This shows the path for labels and the ribbon mechanism for thermal transfer printing.

Figure 4.4: Rear view of the Godex RT730i+ printer, displaying the various connectivity ports including power input, USB, and Ethernet for network integration.

5. SETUP

5.1. Unpacking and Placement

1. Carefully remove the printer from its packaging.
2. Place the printer on a stable, flat surface with adequate space for ventilation and cable connections.
3. Remove all protective tapes and packing materials from the printer.

5.2. Connecting Power

1. Connect the power adapter to the printer's power input port.
2. Plug the power cord into a grounded electrical outlet.
3. Press the power button to turn on the printer.

5.3. Connecting to a Computer

The RT730i+ supports USB and Ethernet connectivity.

USB Connection:

1. Connect one end of the USB cable to the printer's USB port.
2. Connect the other end of the USB cable to an available USB port on your computer.

Ethernet Connection:

1. Connect an Ethernet cable to the printer's Ethernet port.
2. Connect the other end of the Ethernet cable to your network router or switch.
3. Configure network settings on the printer and your computer as required by your network environment.

5.4. Loading Media (Labels and Ribbon)

The RT730i+ is a thermal transfer printer, requiring both labels and a thermal transfer ribbon.

1. Open the printer's top cover.
2. *Loading Labels:* Follow the internal guides to correctly load your label roll onto the media spindle. Ensure the labels feed smoothly through the print mechanism.
3. *Loading Ribbon:* Install the thermal transfer ribbon onto the designated spindles, ensuring it is taut and correctly aligned with the print head.
4. Close the printer's top cover securely.

5.5. Software Installation

Install the Godex printer drivers and software from the provided CD or download them from the official Godex website. This software is essential for designing and printing labels.

1. Insert the Godex Software CD into your computer's CD-ROM drive, or navigate to the downloaded installer file.
2. Follow the on-screen instructions to complete the installation.
3. After installation, restart your computer if prompted.

6. OPERATING INSTRUCTIONS

6.1. Basic Printing Process

1. Ensure the printer is powered on and connected to your computer or network.
2. Open your label design software (e.g., GoLabel) on your computer.
3. Create or open your label design.
4. Select the Godex RT730i+ as your printer in the software's print settings.
5. Adjust print settings such as label size, print speed, and darkness as needed.
6. Initiate the print job from your software.

6.2. Media Calibration

The printer features an automatic media calibration button to ensure accurate label detection and printing.

1. With the printer powered on and media loaded, press and hold the **Automatic Media Calibration Button** (refer to Figure 4.2 for location) for a few seconds.
2. The printer will feed a few labels to detect the label gap or black mark, calibrating itself for the loaded media.
3. The LCD display will indicate when calibration is complete.

6.3. Using the Control Panel

The 2.4-inch color LCD and button controls allow for direct printer configuration and status monitoring.

- **LCD Display:** Provides real-time status, error messages, and menu navigation.
- **Navigation Buttons:** Use the arrow buttons to scroll through menu options.
- **Enter/Confirm Button:** Selects menu items or confirms settings.
- **Cancel/Back Button:** Returns to the previous menu or cancels an operation.

7. MAINTENANCE

Regular maintenance ensures optimal performance and extends the life of your printer.

7.1. Cleaning the Print Head

The print head should be cleaned regularly to maintain print quality.

1. Turn off the printer and disconnect the power cord.
2. Open the top cover.
3. Gently wipe the print head surface with a lint-free cloth moistened with isopropyl alcohol.
4. Allow the print head to dry completely before closing the cover and powering on the printer.

7.2. Cleaning the Platen Roller

The platen roller helps feed the media and should also be kept clean.

1. Turn off the printer and disconnect the power cord.
2. Open the top cover.
3. Rotate the platen roller manually and wipe its surface with a lint-free cloth moistened with isopropyl alcohol.
4. Allow it to dry completely before use.

7.3. Replacing Consumables

Replace labels and thermal transfer ribbons as they run out. Refer to section 5.4 for loading instructions.

8. TROUBLESHOOTING

This section addresses common issues you might encounter with your Godex RT730i+ printer.

8.1. No Power

- Ensure the power cord is securely connected to both the printer and the electrical outlet.
- Verify the power outlet is functional.
- Check the power adapter for any visible damage.

8.2. Poor Print Quality

- Clean the print head (refer to section 7.1).
- Ensure the thermal transfer ribbon is correctly loaded and not wrinkled.
- Adjust print darkness settings in your software or via the printer's control panel.
- Verify that the correct media type is selected in your software.

8.3. Labels Not Feeding Correctly

- Ensure labels are loaded correctly and aligned with the guides (refer to section 5.4).
- Perform a media calibration (refer to section 6.2).
- Check for any obstructions in the media path.

8.4. Printer Not Responding

- Check USB or Ethernet cable connections.
- Restart the printer and your computer.
- Verify that the correct printer driver is installed and selected in your software.
- Check the printer's LCD display for error messages.

9. SPECIFICATIONS

Detailed technical specifications for the Godex RT730i+ Thermal Transfer Desktop Printer.

	GoDEX EZ-1000 Plus Series Barcode Printer User Manual Comprehensive user manual for the GoDEX EZ-1000 Plus Series barcode printers, including models EZ-1100 Plus, EZ-1200 Plus, and EZ-1300 Plus. This guide covers safety, installation of ribbons and labels, driver setup, optional accessories like label dispensers and cutters, memory expansion, control panel functions, self-test procedures, print mode switching, sensor activation, maintenance, and troubleshooting common issues. Optimize your GoDEX printer's performance with this detailed guide.
	GoDEX ZX400/400i Series: Compact and Robust Industrial Thermal Transfer Printers Explore the GoDEX ZX400/400i series of cost-effective, space-saving industrial thermal transfer printers, featuring high performance, robust design, and advanced specifications for various printing needs, including models ZX420, ZX420i, ZX430, and ZX430i.
	Godex EZ-1100 Plus Thermal Barcode Printer Specifications Explore the detailed specifications of the Godex EZ-1100 Plus desktop thermal barcode printer, including print method, resolution, speed, media options, interfaces, and available accessories.
	Godex GE300/GE330 Series Label Printer User Manual This user manual provides comprehensive instructions for the Godex GE300 and GE330 series label printers, covering installation, operation, maintenance, networking, and troubleshooting.
	Godex ZX400(i)+ Series Thermal Label Printer User Manual Comprehensive guide for Godex ZX400(i)+ Series thermal label printers, covering setup, operation, accessories, maintenance, and troubleshooting.

GoDEX

RT7001 Pro series

All The Best Feature Upgrades Under One Roof!

The RT7001 Pro series revolutionizes printing with its advanced PDF printing and wireless capabilities via USB WiFi or Bluetooth dongle. Designed for modern efficiency and flexibility, it provides a comprehensive solution for all of your printing demands. Its dongle support ensures a tidy workspace, while its advanced features enhance your printing experience, making the principle of barcode printing technology.

PDF Printing

Directly print PDF files without needing a driver, making them compatible with various operating platforms such as Windows/Unix/Android/iOS/MAC.

IEEE 802.1X Protocol

Supports 802.1X network authentication, providing a more secure network authentication process for users who are using LAN transmission.

Wireless Connectivity

Can be paired with a USB WiFi or Bluetooth dongle to enable wireless connectivity (for supported Dongles info, refer to user manual).

Barcode Made Easy

Desktop Printers

RT700i+ series

Power and Versatility in a compact printer

Extensive interface options, the latest technology and a user friendly interface combine to unlock the full potential of the RT700i+

Leading the industry with 128 pin in a standard format. The printed barcode allows extensive integration with external devices like bar code, scanner, and is ideal for extensive inventory and distribution operations.

Fast and easy to use for easy loading and smooth handling.

Innovative "C" button makes label calibration simple and fast.

Barcode Made **easy**

Desktop Printers
RT700i / RT730i

Powerful Barcode Printer
for most demanding jobs

Full functions, powerful features, user friendly interface
and high extensibility make the RT700i perfect
for retail and industrial applications

Godex RT700i and RT730i are
designed for easy
and reliable operation

Optional USB 2.0 Serial
and USB host ports
standard features adding
flexibility and power

Business label roll holder
for easy loading and
smooth feeding

Innovative "C" button
means label collection
made easier
