GoSports Coast Modern Pool Organizer for Floats and Toys

Model: PF-STORAGE-HDPE-01

Brand: GoSports

1. INTRODUCTION

Thank you for choosing the GoSports Coast Modern Pool Organizer. This manual provides essential information for the assembly, operation, maintenance, and troubleshooting of your new pool storage solution. Please read these instructions carefully before use and retain them for future reference.

The GoSports Coast Modern Pool Organizer is designed to provide 15.5 cubic feet of storage for pool noodles, floats, rafts, towels, and other swimming pool accessories. Its durable, all-weather construction ensures long-lasting use in outdoor environments.

2. SAFETY INFORMATION

- Keep all packaging materials away from children to prevent choking hazards.
- Ensure the organizer is placed on a stable, level surface to prevent tipping.
- Do not overload the organizer beyond its stated capacity.
- Supervise children around the pool area, especially when they are accessing items from the organizer.
- Periodically check all connections and components to ensure they remain secure.

3. PACKAGE CONTENTS

Please verify that all components are present before beginning assembly:

- Organizer Panels (various sizes)
- Locking Wheels (4)
- Bungee Dividers (2)
- Mesh Accessory Bags (2)
- Assembly Instructions

4. SETUP AND ASSEMBLY

The GoSports Coast Modern Pool Organizer is designed for quick and easy assembly, typically taking less than 5 minutes with no tools required. Parts snap together securely.

- 1. Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, flat surface.
- 2. Assemble Side Panels:** Connect the horizontal shelves to the vertical side panels. Ensure each connection clicks firmly into place.
- 3. Attach Wheels:** Screw the four locking wheels into the designated slots on the bottom of the organizer. Ensure they are tightened securely. The wheels allow for easy relocation of the organizer. If mobility is not desired, the wheels can be optionally omitted.
- 4. Install Bungee Dividers:** Attach the two bungee dividers to the interior of the organizer as needed to create separate compartments for larger items.
- 5. Attach Mesh Bags:** Hook the two mesh accessory bags onto the side of the organizer for storing smaller items like goggles or dive rings.

5. OPERATING INSTRUCTIONS

The GoSports Coast Modern Pool Organizer is designed for convenient storage and air drying of your pool items.

- **Loading Items:** Place larger items such as floats, rafts, and towels into the main compartments. Use the bungee dividers to separate items as desired.
- **Small Item Storage:** Utilize the attached mesh bags for smaller accessories like goggles, dive toys, or sunscreen.
- **Air Drying:** The open design of the organizer promotes air circulation, allowing wet items to dry quickly and preventing mildew.
- **Mobility:** If the wheels are attached, unlock them to move the organizer to your desired location. Lock the wheels once positioned to ensure stability.

6. MAINTENANCE

To ensure the longevity and appearance of your GoSports Coast Modern Pool Organizer, follow these simple maintenance guidelines:

- Cleaning:** Wipe down the organizer regularly with a damp cloth and mild soap. Rinse thoroughly with water. Avoid abrasive cleaners or harsh chemicals, as these can damage the HDPE material.
- Weather Resistance:** The organizer is constructed from durable HDPE, designed to withstand sun, chlorine, salt water, and other outdoor elements. While it is weather-resistant, storing it under cover during extreme weather conditions can further extend its lifespan.
- Inspection:** Periodically inspect the organizer for any signs of wear or damage. Ensure all connections remain secure.

7. TROUBLESHOOTING

If you encounter any issues with your pool organizer, refer to the following common solutions:

- Organizer is unstable:** Ensure all snap-together connections are fully engaged. If wheels are attached, verify they are securely tightened and locked when stationary. Place the organizer on a flat, level surface.
- Difficulty moving the organizer:** Check that the locking wheels are in the unlocked position. Ensure the path is clear of obstructions.
- Items not drying properly:** Ensure the organizer is placed in an area with adequate air circulation. Avoid overcrowding the compartments, which can restrict airflow.
