## anyloop ALK1

# anyloop Smart Watch for Kids - Model ALK1

User Instruction Manual

## INTRODUCTION

This manual provides comprehensive instructions for the setup, operation, and maintenance of your anyloop Smart Watch for Kids, Model ALK1. Designed for children aged 4-16, this smartwatch combines health monitoring, activity tracking, and engaging entertainment features to support a healthy and active lifestyle.

## WHAT'S IN THE BOX

Please verify that all items are present in the package:

- 1 x Kids Smart Watch (Model ALK1)
- 1 x Charging Cable
- 1 x User Manual

## SETUP

## 1. Initial Charging

Before first use, fully charge the smartwatch. Connect the provided charging cable to the watch's charging port and a USB power adapter (not included). A full charge typically takes approximately 2 hours. The watch has a battery life of 5-12 days depending on usage.

## 2. App Installation and Pairing

The anyloop Smart Watch operates with the dedicated anyloop APP. This app is compatible with Android devices (5.0+) and iOS devices (9.0+).

1. Download the 'anyloop APP' from your device's app store (Google Play Store for Android, Apple App Store for iOS).
2. Install and open the app on your smartphone.
3. Follow the on-screen instructions within the app to create an account and pair your smartwatch via Bluetooth. Ensure Bluetooth is enabled on your smartphone.

## OPERATING INSTRUCTIONS

---

### General Navigation

The smartwatch features a 1.5-inch ultra HD full touch screen for seamless interactions. Navigate through menus and functions by tapping or swiping the screen. Physical buttons may also be present for specific functions like power or back.

### Health Tracking

The watch provides 24/7 health monitoring features:

- **Heart Rate:** Tracks heart rate in real-time and provides alerts for elevated rates.
- **Blood Oxygen (SpO2):** Supports single-time SpO2 level measurement.
- **Stress Level:** Measures stress levels to help understand mental well-being.

Figure 2: Health Tracking Features (Heart Rate, Blood Oxygen, Sleep Monitor, Stress Level)

## Activity Tracking

Monitor daily physical activity and encourage healthy habits:

- **Pedometer:** Tracks steps taken, distance covered, and calories burned.
- **Sport Modes:** Supports over 20 different sports modes, including running, basketball, swimming, and more.

# All Day Activity Tracking

 **89** BPM

 **2.5** KM

 **5245** STEPS

## Games and Entertainment

The watch includes 8 engaging puzzle games designed to enhance cognitive skills and provide entertainment.

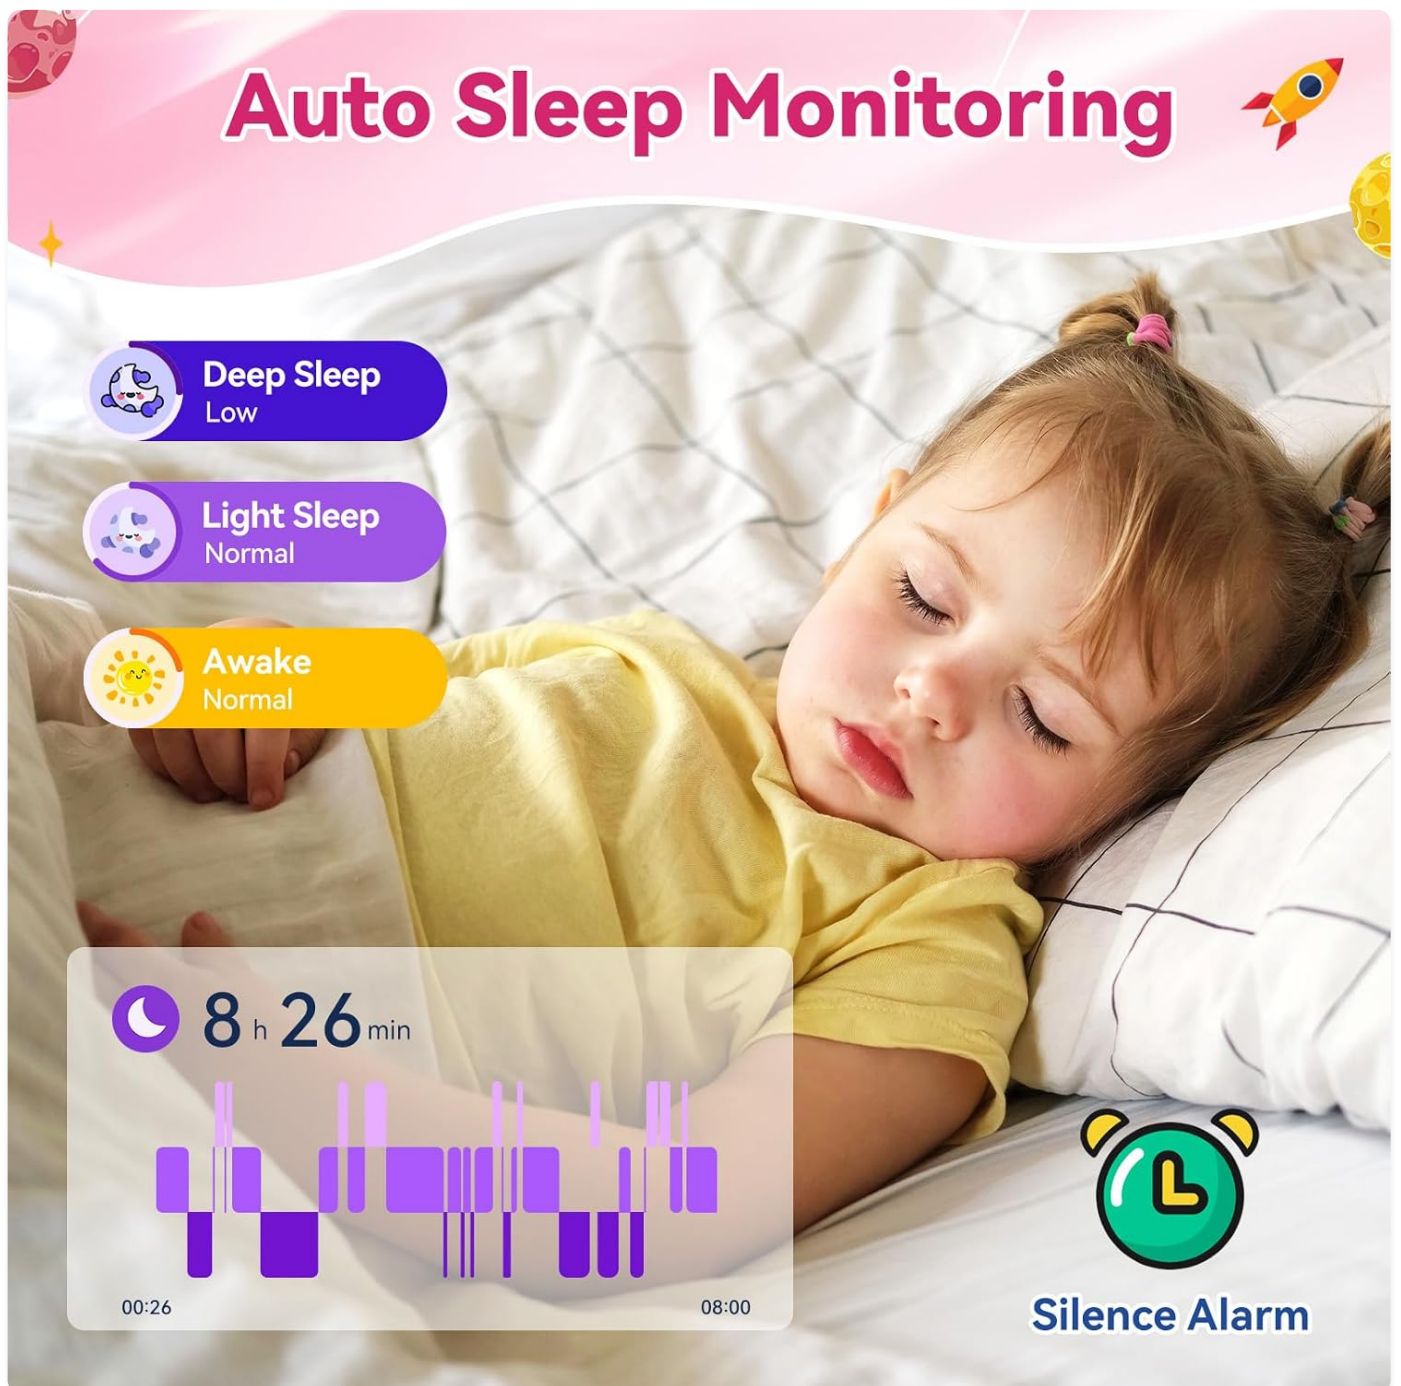

Figure 5: Educational Games on the Smartwatch

## Notifications and Reminders

Stay connected and organized with various reminders and notifications:

- **Smart Notifications:** Receive alerts for incoming calls and messages.
- **Drinking Water Reminder:** Prompts the user to drink water at set intervals.
- **Sedentary Reminder:** Encourages movement after periods of inactivity.

## Camera Controls

Control your smartphone's camera remotely from the smartwatch to capture photos.

## Customizable Watch Faces

Choose from over 200 customizable watch faces to personalize the device's appearance. Supports album customization for unique dials.

## BATTERY AND CHARGING

The smartwatch is equipped with a rechargeable Lithium Polymer battery with a capacity of 430 Milliamp Hours. It provides an average usage of 5-12 days on a single charge, depending on feature usage. A full recharge takes approximately 2 hours using the provided charging cable.

## MAINTENANCE

To ensure the longevity and optimal performance of your anyloop Smart Watch, follow these maintenance guidelines:

- **Cleaning:** Regularly wipe the watch screen and strap with a soft, damp cloth. Avoid using harsh chemicals or abrasive materials.
- **Storage:** Store the watch in a cool, dry place away from direct sunlight and extreme temperatures when not in use.
- **Charging:** Use only the provided charging cable. Do not attempt to force the charging cable into the port.

- **Avoid Impacts:** While durable, avoid dropping the watch or subjecting it to severe impacts to prevent damage.

## TROUBLESHOOTING

If you encounter issues with your anyloop Smart Watch, please refer to the following common troubleshooting steps:

- **Watch Not Turning On:** Ensure the watch is fully charged. Connect it to the charger for at least 15 minutes before attempting to power it on again.
- **Cannot Pair with App:** Verify that Bluetooth is enabled on your smartphone and the watch. Ensure the anyloop APP is updated to the latest version. Try restarting both the watch and your smartphone.
- **Inaccurate Readings (Heart Rate/Steps):** Ensure the watch is worn snugly on the wrist, but not too tight. Clean the sensor on the back of the watch.
- **Screen Unresponsive:** Try restarting the watch. If the issue persists after a restart, ensure the screen is clean and dry.
- **Short Battery Life:** Reduce the frequency of heart rate monitoring, turn off unnecessary notifications, or decrease screen brightness. Ensure the watch is fully charged each time.

If these steps do not resolve the issue, please contact customer support.
