Govee H60B0

Govee Uplighter Floor Lamp User Manual

Model: H60B0

1. INTRODUCTION

The Govee Uplighter Floor Lamp (Model H60B0) is a versatile smart lighting solution designed to enhance your living space with dynamic and functional illumination. Featuring Tri-Zone Independent Lighting, it allows you to switch between upper ambient ripples, middle RGBIC light, and focused task lighting. The lamp also offers DIY dynamic ripple lighting, circadian rhythm support, and seamless integration with smart home ecosystems like Matter, Alexa, and Google Assistant.

2. WHAT'S IN THE BOX

Carefully unpack all components and ensure everything listed below is present and in good condition.

- Floor Lamp x 1
- Lamp Base x 1
- Lamp Pole x 4
- Power Adapter x 1
- User Manual x 1
- Service Card x 1

DreamView

Create immersive themed light shows by syncing multiple devices.

3. SETUP

Follow these steps to assemble your Govee Uplighter Floor Lamp:

1. Connect the four lamp pole sections together by twisting them clockwise until secure. Ensure the electrical connectors inside each section align properly.
2. Attach the assembled lamp pole to the lamp base, twisting clockwise until firmly secured.
3. Attach the lamp head to the top of the assembled lamp pole, twisting clockwise until firmly secured.
4. Connect the power adapter to the lamp's power input port, typically located near the base.
5. Plug the power adapter into a standard wall outlet.

Matter Connection Preparation:

Before connecting your Govee Uplighter Floor Lamp to Matter, ensure you have the following:

- Matter-compatible Govee products.
- A phone or tablet connected to a 2.4GHz Wi-Fi network.
- A Matter-certified hub or controller such as Apple, Google, Alexa, or Samsung.
- An IPv6 network.

Image: Checklist for Matter connection setup.

Note on Hub Requirement:

Yes, a Matter hub or a Matter controller is required for providing an ecosystem that can be paired with Matter-certified devices.

What's in the Box

1. Lamp Base x 1
2. Lamp x 1
3. Lamp Pole x 4
4. Power Adapter x 1
5. User Manual x 1
6. Service Card x 1

4. OPERATING INSTRUCTIONS

The Govee Uplighter Floor Lamp offers various lighting modes and smart control options.

4.1 Smart App Control

Control your lamp using the Govee Home App. The app allows for precise adjustments, scene selection, and advanced features.

Your browser does not support the video tag.

Video: Demonstrates smart app control of the Govee Uplighter Floor Lamp, showing how to set the mood and adjust lighting from the Govee Home App.

- Download the Govee Home App from your device's app store.
- Register or log in to your Govee account.
- Add the H60B0 lamp by following the in-app instructions.
- Once connected, you can access various controls including brightness, color, scene modes, and more.

4.2 Tri-Zone Independent Lighting

The lamp features three independent lighting zones: upper ambient ripples, middle RGBIC light, and lower focused task lighting. These can be combined for various effects.

Tri-Zone Independent Illumination

*Note: The app version must be 7.0.1 or above to support the firmware updates needed to activate the upper and lower sections illumination combo.

Image: Visual representation of the lamp's three independent lighting zones and their possible combinations.

- **Upper Section:** Projects dynamic water ripple effects onto the ceiling, covering approximately 215 sq ft.
- **Middle Section:** Provides vibrant RGBIC light for ambient room illumination.
- **Lower Section:** Offers 1000lm focused task lighting.
- **Combinations:** Mix and match zones for movie nights, work, or parties. **Note:** The app version must be 7.0.1 or above to support firmware updates needed to activate upper and lower section illumination combos.

4.4 Circadian Rhythm & Health-Centric Lighting

Mimic natural light with adjustable color temperatures (2,700K Warm to 6,500K Cool) using the "Auto Run" feature to support your daily rhythm.

Healthy Smart Lighting

*Note: The app version must be 7.0.1 or above to support the firmware updates needed to activate the upper and lower sections illumination combo.

1000lm Warm-to-Cool White Light

Image: Examples of the lamp's warm to cool white light settings.

4.5 Smart Home Integration

The lamp is Matter compatible and can be controlled via Alexa, Google Assistant, or the Govee Home App. Create DIY light shows, music-reactive beats, or immersive DreamView scenes.

(Ensure your Wi-Fi router is 2.4GHz capable for optimal smart home connectivity.)

5. MAINTENANCE

To ensure the longevity and optimal performance of your Govee Uplighter Floor Lamp, follow these maintenance guidelines:

- **Cleaning:** Gently wipe the lamp with a soft, dry cloth. Avoid using abrasive cleaners or solvents that may damage the finish or electronic components.
- **Heat Dissipation:** The lamp is designed with anti-scald safety features, including holes on the top and bottom of the lamp head to form air convection and dissipate heat. Ensure these vents are not obstructed.
- **Material Care:** The lamp is built with rust-proof aluminum for durability. Avoid exposing it to excessive moisture or harsh environments.
- **Motor Noise:** The lamp features whisper-quiet motors (<25dB). If you notice unusual noise, contact customer support.

6. TROUBLESHOOTING

If you encounter issues with your Govee Uplighter Floor Lamp, refer to the following common problems and solutions:

- **Lamp does not turn on:**
 - Ensure the power adapter is securely plugged into both the lamp and a working wall outlet.
 - Check if the outlet is receiving power.
 - Verify that the lamp pole sections are correctly assembled and connected.
- **App connection issues:**
 - Ensure your phone/tablet is connected to a 2.4GHz Wi-Fi network.
 - Restart the Govee Home App and try reconnecting.
 - Reset the lamp (refer to the Quick Start Guide for specific reset instructions).
 - Ensure your Matter-certified hub is properly set up and connected to the network.
- **Ripple effect not working or distorted:**
 - Check for any obstructions on the lamp head.
 - Ensure the lamp head is properly seated and not loose.
 - Update the Govee Home App to version 7.0.1 or above to ensure full functionality, especially for combined lighting effects.
- **Inconsistent lighting or color display:**

- Ensure the lamp's firmware is up to date via the Govee Home App.
- Perform a factory reset if issues persist.

7. SPECIFICATIONS

Feature	Detail
Product Dimensions	12"D x 12"W x 68"H (Lamp Pole Height: 5'7")
Item Weight	9.1 Pounds
Lamp Type	Floor Lamp/Uplighter Floor Lamp
Shade Color	RGBICW+W
Shade Material	Acrylonitrile Butadiene Styrene
Switch Type	APP+Voice Control
Style	Modern
Brand	Govee
Light Source Type	LED
Material	Acrylonitrile Butadiene Styrene, Aluminum, Polycarbonate, Polyvinyl Chloride
Power Source	Corded Electric
Controller Type	Amazon Alexa, Google Assistant, Remote Control, Voice Control
Number of Light Sources	3
Connectivity Technology	Bluetooth, Wi-Fi
Wattage	24 watts
Brightness	1000 Lumen
Color Temperature	2,700K (Warm) to 6,500K (Cool)
Model Number	H60B0
UPC	810172720756

*Note: The app version must be 7.0.1 or above to support the firmware updates needed to activate the upper and lower sections illumination combo.
