MAINTENANCE AND CARE

Proper care will extend the life and maintain the performance of your beach towel.

- **Washing:** Machine wash cold with like colors. Do not use bleach or fabric softeners, as these can reduce absorbency.
- **Drying:** Tumble dry on low heat or hang to air dry. Microfiber dries quickly, so avoid excessive heat.
- **Ironing:** Do not iron.
- **Storage:** Ensure the towel is completely dry before folding and storing it in its bag to prevent mildew.

TROUBLESHOOTING

Issue	Possible Cause	Solution
Towel not absorbing effectively	Residue from fabric softener or detergent buildup.	Wash the towel without fabric softener. A deep clean with white vinegar (1/2 cup in wash) can help remove buildup.
Towel feels stiff after washing	Hard water or detergent residue.	Ensure proper rinsing. Consider adding a cup of white vinegar to the rinse cycle occasionally.
Unpleasant odor	Towel stored damp, leading to mildew.	Wash immediately with hot water and a cup of white vinegar. Ensure towel is completely dry before storage.
