5.2 Wireless CarPlay / Android Auto / Mirror Link

Connect your iPhone or Android phone wirelessly to access mobile applications directly on the car stereo's screen. This allows for hands-free calls, messaging, music playback, and navigation using voice commands or touch controls. Mirror Link functionality enables displaying your smartphone's screen content (apps, music, videos) on the device via WiFi connection.

- **Wireless CarPlay:** For iPhone users, access iOS features seamlessly.
- **Wireless Android Auto:** For Android users, integrate your phone's functions.
- **Mirror Link:** Display your smartphone screen on the car stereo. For iOS, use WiFi connection. For Android, use WiFi or USB connection.

7. MAINTENANCE

To ensure the longevity and optimal performance of your SIXWIN car stereo, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to clean the screen and exterior. Avoid abrasive cleaners or solvents.
- **Software Updates:** Periodically check for available software updates to ensure the system runs efficiently and securely.
- **Environmental Conditions:** Avoid exposing the device to extreme temperatures, direct sunlight for prolonged periods, or excessive moisture.
- **Cable Connections:** Ensure all cables are securely connected to prevent intermittent issues.

8. TROUBLESHOOTING

If you encounter any issues with your SIXWIN car stereo, refer to the following common troubleshooting steps:

- **No Power:** Check all power connections and fuses. Ensure the vehicle's ignition is on.
- **No Sound:** Verify speaker connections, volume settings, and audio source selection.
- **Touchscreen Unresponsive:** Try restarting the device. If the issue persists, a factory reset might be necessary (note: this will erase user data).
- **Bluetooth Connection Issues:** Ensure Bluetooth is enabled on both the car stereo and your mobile device. Delete previous pairings and try reconnecting.
- **GPS Signal Loss:** Ensure the GPS antenna is properly installed and has a clear view of the sky.
- **CarPlay/Android Auto Not Connecting:** Check your phone's settings and ensure the app is updated. For wireless connections, verify WiFi is active.

For more complex issues or if troubleshooting steps do not resolve the problem, please contact customer support.

9. SUPPORT

For technical assistance, warranty information, or further inquiries, please contact our customer support team.
