DAHONPA gt028

DAHONPA Animal Space Bear Micro Building Blocks Set Instruction Manual

Model: gt028

INTRODUCTION

This manual provides detailed instructions for the assembly, care, and maintenance of your DAHONPA Animal Space Bear Micro Building Blocks Set. This set contains 7220 micro building blocks designed to create a detailed space-themed bear figure. Please read all instructions carefully before beginning assembly.

SAFETY INFORMATION

- **WARNING: CHOKING HAZARD - SMALL PARTS.** Not for children under 3 years.
- Adult supervision is recommended for younger builders.
- Keep all small parts away from infants and pets.

PACKAGE CONTENTS

Your DAHONPA Animal Space Bear Micro Building Blocks Set package should contain the following items:

- 7220 Micro Building Blocks (various colors and shapes)
- Instruction Manual

Please verify all components are present before starting assembly. If any parts are missing, refer to the Troubleshooting section.

SETUP AND ASSEMBLY

The assembly process for the DAHONPA Animal Space Bear Micro Building Blocks Set requires patience and attention to detail due to the large number of small components.

Step 1: Unpacking and Sorting

Carefully unpack all micro building blocks. Due to the quantity of pieces, it is highly recommended to sort the blocks by color, shape, or size before beginning assembly. This will significantly aid in locating specific pieces during construction.

Step 2: Following the Instruction Manual

Refer to the included instruction manual for step-by-step guidance. Each step will illustrate which blocks to use and where to place them. Pay close attention to the diagrams and block counts for each stage.

Product Size

ASSEMBLY GUIDANCE

Understanding Micro Blocks

Micro building blocks are smaller than standard building blocks, requiring more precision during assembly. Ensure each block is firmly pressed into place to create a stable structure.

Patience and Precision

Given the 7220 pieces, assembly is a time-consuming process. Take breaks as needed and work in a well-lit area. Double-check each step to avoid errors that may require disassembling sections.

Multi-angle display

MAINTENANCE AND CARE

To ensure the longevity and appearance of your assembled DAHONPA Animal Space Bear:

- **Cleaning:** Use a soft, dry cloth or a small brush to gently remove dust. Avoid using harsh chemicals or abrasive materials.
- **Storage:** Display the model in a stable location away from direct sunlight and extreme temperatures to prevent material degradation or color fading.
- **Handling:** Handle the assembled model with care to prevent accidental disassembly of micro blocks.

TROUBLESHOOTING

Missing Pieces

If you discover that some parts are missing from your set, please contact DAHONPA customer support. Provide a clear description of the missing parts, and they will assist you in obtaining replacements.

Difficulty Connecting Pieces

Micro blocks require a firm, even pressure to connect properly. If pieces are difficult to connect, ensure they are correctly aligned. Avoid forcing pieces, as this may cause damage.
